Although not disposed to favor or recommend Patent Medicines in general, through distust of their ingredients and effects. I yet know of no sufficient reasons why a man may not testify to the benefits he believes to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to 'Hoof. land's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudied against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend Robert Shoemaker, Esq., for the removal of this prejudice by proper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three bottles of these bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodity and mental vigor which I had not felt for six months before, and had almost despared of regaining I therefore thank God and my friend for directing me to the use of them.
