**LOCAL AND OTHER MATTERS.**  
Gone under—the Summer of 1863, and the abolition party of 'entire county.'

Our obliging friend Henry P. Harris has just received a fresh arrival of furniture of all kinds. Give him a call and you'll not be disappointed.

THE CONTINENTAL MONTHLY is again on hand, persons wishing an administration monthly should subscribe for it once. We respect its honesty, but despise its principles.

Recollect that to-morrow is the day of sale for Myers' extensive library. Bargains are sure to be had as "him" is bound to sell, and persons in need of books, bibles, almanacs, or harness, had better be on hand.

HARRIS MONTHLY for November has been laid upon our table, it is so widely known and universally read that words of ours can add nothing to its justly merited patronage or well earned reputation. Every one should have it.

We have received the November number of Petersons' Ladies' Magazine, it is decidedly the best two dollar monthly in existence. In fact it contains as much reading and as many and as costly engravings as the 33 books. Petersons is a splendid favorite with our ladies.

We learn through private sources that Mrs. Lincoln or rather the "governments" wife, is coming to Bellefonte on a visit to a particular friend in this place. We will not say that the report is altogether correct, but we imagine if she does come it will be to purchase her fall and winter dresses of the extensive establishment of Messrs. Hofer & Brothers or from the cheap stores of Mr. Sussman.

In another column it will be seen that Professor D. M. Wolf, a graduate of Franklin and Marshall college, will soon commence his second session in the Beltsburg Academy. The Professor's great fervor in teaching and we would predict that his success in many respects will, in after years, refer to that time as most profitably spent. The citizens of Beltsburg feeling a deep interest in the success of their institution do all in their power to make students comfortable. The place is noted for its morality and intelligence.

Parents will do well to patronize this Institution. Send to the scholars.

The new Water Works on our farm have not proved as efficient as we expected, and our citizens have been put to a good deal of inconvenience in order to obtain water during the time they have been in operation, or rather during the time they have not been in operation. There appears to be a deficiency or want of power both in the pump and wheel, a contingency which should have been provided against before the water was taken from the old reservoir. As it is, a great many complaints are made about the scarcity of water, the hydrants being frequently dry for a day or two at a time without notice being given of the intention to remove it. We think the Town Council or whoever manages this matter are highly censurable for their neglect to inform the citizens when to expect water and when not to expect it, and we hope they will be a little more obliging hereafter. We apprehend there will be considerable difficulty with our water works this winter.

**ELECTION FRUITS.**—We begin to discover the secret of some of the unprecedented Abolition majorities at late elections. The case of the First Ward in the city of Pittsburg, where the vote for Curtin was largely in excess of all former years, proves conclusively that the ballot boxes have been tampered with. A meeting of the Democratic voters of that ward was held early last week at which a list was taken of those residents who testified, under oath, that they voted for Woodward for Governor on the second day of October. The result of this vote proved that 150 men voted for Woodward in that ward, whereas but 78 votes were returned for him by the elector officers.

An adjourned meeting was held by the Democracy of the same ward on Saturday evening, at which seven additional persons came forward and took a solemn oath that they voted for Woodward. This number, added to the list previously taken, swells the aggregate to 157—79 more men who aver they voted for Woodward in that ward than the elector officers returned for that gentleman. The chairman of the meeting pledged that the list would be increased to at least 160.

A committee was appointed whose duty it should be to investigate the election returns from every election district, and report every case of fraud that fell under their observation.

**STERNBERG HALL.**  
BY PUMP SUCKERS, & CO.  
The times, they say, are a mighty hard, And men can't find a dollar To spend on wine or coat or vest, Or even on a collar.

Republicans please Democrats, For this mighty battle, And Democrats Republicans— So each one blames the other To vent his spite.

Some say that Lincoln's best... To save the "rightly out," While others say, "try hard To vent his spite."

And as it goes—and politics, Makes it friends fight each other, And kindler better feelings, which They say is vain to cherish.

Now, this is all a dilly thing, For all men should be brothers, and should live in peace and kindness. If you're a "pup" and I'm a "Dum," That need not cause a trouble. No man can call each other names, Nor beat each other double.

For where's the use in you and I, To go to pull'n' tiggers, Just for a noisy quarrel, Or to quarrel with our neighbors.

Just one at all—and as I say, I've made a mighty blunder, For politics is just a thing To be put up and put down.

So let us stop it—and we'll try To pull one together, And lay for Sternberg hall our clothes For this cold winter weather.

He's got a large and handsome stock, He's brought here from the city, And that is what I want to say, I've loved to see you daily.

So sell in full—Sternberg a man (The honest truth revealing), Who tries to make his "pils," Or to quarrel with our neighbors.

A Sternberg & Co., Reynolds Armory, next door above the "Central Bure," have just received a splendid lot of 1st and 2nd quality, which they offer for sale at an astonishingly low price. A. STERNBERG, & Co. Oct. 16, '63—4t

**AN END AND IMPORTANT WORK.**  
THE FOUR ACTS OF DESPOTISM,  
BY A. D. MAHONEY, OF IOWA,  
Author of the "Prisoner of State."

This work contains full and official copies of the Four Great Acts of Despotism by which the constitution and government of Washington was subverted, and the irresponsible Lincoln dynasty installed in its place.

1. THE TAX BILL, by which all the property and resources of the people are mortgaged to the present administration.

2. THE CONSCRIPTION BILL, by which all the bodies of poor men not worth \$300 are placed in the hands of the Administration.

3. THE FINANCE BILL, which destroys State Banks and places the entire currency of the country in the hands of the Secretary of the Treasury.

4. THE INDEBTED ACT, (disingenuous) which promises to indemnify the President for all the wrongs he has committed in the past or may commit in the future.

These four acts are each preceded by a careful analysis, by Mr. Mahoney, and their unjust, oppressive, unconstitutional and odious features pointed out. As a book for reference, it will be invaluable to the farmer, the mechanic, the politician, the laborer—in fact, to every person, for these monstrous acts reach from the loftiest man to the humblest cabin in the land.

These four acts are not published together in any other form. They will make a large octavo pamphlet of nearly 200 pages, in good sized type and will be sold at the low price of FIVE CENTS in paper, and SEVEN CENTS (7c) in mass binding.

Send on the orders at once. All orders will be filled according to the date of receipt. First one first served. The cash must accompany the orders.
