ladies carrying a smarl switch cane is being adopted among the bon ton to a certain extent.
If not graceful, it is undoubtedly convenient for the ladies to have some article to hold to their lips in the abscuce of parasols, faus, or other articles that are in the habit of coming in contact with them. What can be imagined more tasteful than the delicate swaggo of a protty girl with her jaunty flat and cane. It only wants a oigarette and a small silver mounted pecket dask to complete the picture.

We would call the attention of our readers to the advertisement in an other column of A 'Farm for sale'. The property being situated; within one mile of the line of Reflecente & Snow Shoe Rail Road, with excellent timber upon it and a saw mill close by renders it doubly valuable to those having farms needing fencing, or buildings. As timber is exceedingly high at present, and likely to receive, it is an excellent opportunity for those having money to invest. Righty acres of the land is wall timbered. Remember the day of sale.

We obtained has used a three cant pleos, which is supposed to contain a small particle of silver in its composition. Those who wish to feast their eyes with a relic of the good thrase of Frank Pierres and James-Buchinan, can do so by application at Ulficotics. The fellows now in power have squandered the mational currency of the Democratic Presidents, the pational honor, the pational character, national prosperity, and every thing that was awrity of price in the good old days, and hence, a selle of the times gone by were if a three cent piece, is a rarity that dan be seen and felt, as well as appropriated. The chills will not return if these Bitters are used. No person in a fever and ague District should be without them.

From the Rev. J. Nanton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge Although not disposed to favor or recomend Patent Medicines in general, through d trust of their ingredients and effects; I know of no sufficient relations why a mir in not testify to the benefits he believes himself have received from any simple preparations, the hope that he may thus contribute to the best of others.

the hope that he may thus contribute to the benefit of others.

I do this more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alreadollo mixture. I am indebted to my friend Babert Shoomaker, Esq. for the removal of this prejudice by proper tests, and for encouragement to try them when suffering from great and long deality.

The use of three battless of these Bitters, at the beginning of the present year, was followed by evident rolled, and restoration to a degree of hoddy and mental vigor which I had not felt for aim months before, and had almost deepaired fregaining. I therefore thank God and my friend for directing me to the use of them.

We call the attention of all having, relations or friends in the army to the fact that HOUE. LAND'S German Bitters will cyre inhe-tenths of the diseases induced by exposures sidd privations incident to camp life. In the lists, published almost daily in the newepapers, on the arrival of the sick, it will be induced that a very large proportion are suffering from debility. Resty case of that kind can be readily cured by Hoofsands German Bitters. We had no hostation in stating that, if these litters were freely used among our seldiers, hundreds of livesimight be saved that otherwise would be lost.

The proprietors are daily receiving thanking letters from sufferers in the array and hospitals who have been response to health by the use of these Bitters, sent to them by their friends.
