THINGS ABOUT TOWN & COUNTRY.

ANSWERS TO CORRESPONDENTS.

Sch——. Your communication, if communicating of important matter. They are not interesting to the public are beneficial to the public.

Shocking.—The accidental destruction of Howard Hall, with its contents, by fire, on Saturday night, is said to have been a heavy loss.

Clarendon.—Is dead to-day. Vallandigham still resides in Canada, but his name is a terror of strength to his friends, and the people still rally around him with indescribable joy.

Vouchers.—Yes, Col. W. H. Blair has been appointed Provost Marshal of this District in the place of Capt. White, arrested. This is his reward for turning traitor to his principles and his party.

Jeff.—To be sure our town looks rather badly in the neighborhood of the burnt district, but then by next summer we will have new buildings in that locality. One good thing may result from the fire, and that is a large number of men may be profitably employed in rebuilding this summer, who might otherwise be out of work. It's an ill wind that blows nobody good.

☞ Increasing fast—The debt of the General Government.

☞ Increasing faster—members of the Democratic party, and the subscription list of the WATCHMAN.

☞ Our town has been quite throng during the past week, notwithstanding the miserable condition of the roads.

—Our Court has been occupied all week with the trial of George Champion for the murder of John Koch—the case has not yet been decided.

☞ The Banking Establishment of W. P. Reynolds & Co. has been removed to the room formerly occupied by Mr. Livingston as a Book Store, on the North-East corner of the Diamond.

☞ In good order again—the pavements about the burnt buildings, the old walls have been pushed over and the bricks nearly all piled up, so that the places do not present an desolate a picture as they did this time last week.

☞ We understand that Prof. Berlew intends holding a Musical Convention at Pleasant Gap, commencing on Tuesday next, and ending on Friday evening, with a Grand Concert. We hope the lovers of Music all over the country will attend.

☞ Mr. Livingston, the gentlemanly proprietor of the "Bellefonte Book Store," has received an entire new stock, and opened it up at the "Gilliland Store Room" on Allegheny St., just one door below the Law Office of M'Allister & Beaver.

☞ Our friend Sternberg who was compelled to "take up his store and travel," is about opening up anew at Mrs. Grafius' Store Room, directly opposite the *Watchman Office*, on Allegheny St., where he intends selling clothing cheaper than ever.

Godey's Lady Book for Feb. has come to hand with its beautiful engravings and choice articles. Like pure wine it grows better by age, each number exceeding the other in "beauty and benefit." Send for it. Terms $3 per Annum, L. A. Godey Phila.

☞ Peterson for Febuary reached us just as we go to press. In time, old friend, just one day behind your competitors, but in everything else, up and ahead of them. We couldn't do without Peterson for anything. Only $2.00 per annum. C. J. Peterson, Philadelphia.

☞ The *Home Magazine*, by T. S. Arthur & Virginia F Townsend for Feb, has been laid upon our table. The reputation of these charming writers, is so wide that words of commendation from us are superfluous. The Feb, number cannot be beat.

Only $2,00 per year. T. S. Arthur Phila.

☞ The FARMER and GARDNER, a valuable monthly Magazine for Farmers has been sent to us by the editor. We can recommend it as a first class publication and would bespeak for it a large circulation in "old Centre." $1,00 per annum. Address W. S. Young & Co. Phila'd.

☞ The *Gardner's Monthly* and *Horticultural Advertiser* a splendid publication of the kind is now upon our table. It is a neat, well gotten up Magazine, and is filled with excellent articles for Horticulturalists and others. Published by W. G. P. Brinckloe, Phila. at $1,50 per annum.

☞ Capitalists who hold improved real estate are now in the front ranks of the the prosperous. There never was a time, probably, when houses were in greater demand in this town than at the present, moment. Houses and stores bring remarkably high prices, and it is a matter of great difficulty to obtain a dwelling house at any price.

☞ Counterfeit money is now so plenty that in almost every payment in small change, there is apt to be some bogus specimen among it. There seems to be a large quantity of counterfeit postage currency in circulation, and when the paper becomes defaced it requires the most expert judges to detect it.

☞ The demand for skillful and accomplished accountants is perpetual, and constantly increasing with the increase of production and trade. Young men wishing to prepare themselves for commercial pursuits will find no Institution in this country possessing facilities equal to those afforded by the Iron City College, of Pittsburg, Pa. Students are graduated every week, and the attendance is augmented by every mail from every State in the Union. Send for circular.

Abolition Treachery.—The Democratic County Convention.—According to previous notice given, an adjourned meeting of the Democratic County Committee, of Centre County, assembled in the Arbitration Room in the Court House, on Tuesday evening, the 26th. inst., for the purpose of appointing a Representative Delegate to the Democratic State Convention, and Senatorial Conferees, to meet the Conferees of the other Counties of this Senatorial District in convention at Lock Haven. The Chairman, Col. R. Keller, called the Convention to order.

The names of the following gentlemen were proposed as Representative Delegates: R. D. Cummings, S. T. Shugert, and Fred'k Kurtz; with the first ballot resulting as follows:

Orvis,	28
Keller,	18
Morrison,	18
Hunter,	5
Hall,	2

Messrs. Allison, Orvis and Keller were declared duly elected.

On motion, the Senatorial Conferees were instructed to vote for Maj. Wm. F. Reynolds for Senatorial Delegate.

The following Standing Committee was then appointed:

Bellefonte—Maj. Reynolds, Chairman.
Penn.—A. Alexander.
Gregg—John Goodheart.

Union—C. Hoover.
Snowshoe—W. Holt.
Burnside—J. H. Holt.
Houston—J. Campbell.
Haines—Jno. Hosterman.
Milesburg—R. Reid.
Unionville—G. Taylor.

On Motion: *Resolved*, that the Centre County Democracy hereby declare their unanimous preference in favor of Gen. Geo. B. M'Clellan, for President in 1864. Carried unanimously, whereupon the Convention adjourned *sine die*.

D. H. Yeager,
Fred'k Kurtz, } Sec.

The Conscription Bill.—The Conscription bill passed the Senate on Monday, the 18th inst., by a vote of 30 ayes to 10 nays, and will be sent to the House of concurrence. It corrects some of the faults in, and its objects is to render more efficient the aporation, of the present law. The only persons specially exempted from the draft are the Vice President of the United States, the judges of the United States Courts the heads of the several executive department and the governors of States, and by implication such persons as are physically or mentally unfit for service, according to the prescribed army regulations. The two classes for enrollment and draft are merged in one, which is made to include persons between ages of twenty and forty-five years, credits to be given to cities, towns and wards, so as to equalize as far as possible, the draft throughout each district. The commutation is increased to $4001; those who pay it to be exempted from the present draft, but liable to be called upon in the next. In other words they are in the condition of a reserved class. Drafted men if they prefer, can be transferred to the navy, such transfer being credit to their respective localities. Alterations are made in the details of the old act for conducting the draft, and attorneys or agents are restricted to the fee of five dollars for preparing the necessary exemption papers.

☞ We call the attention of the citizens of Penns and Brush vallies, to the annual statement of our *home* insurance Company, which appears in to-day's paper. We are pleased to find the affairs of the company in so healthy and prosperous a condition.—Every property holder knows the danger he is constantly in on account of fires, against which he cannot sufficiently guard ourselves, to be considered safe from its unforseen ravages. Hence the importance of Insurance, and the double importance and advantage of a safe and reliable insurance company. Such a company is emphatically the one to which we have reference here. It is conducted upon the plan of mutual insurance, and consequently is far less expensive than most other companies, which, in nine cases out of ten, are conducted upon the *money making plan*, and unreliable. *This is our own home institution*, and every property holder within its bounds, should become a member. In the matter of insurance no moment is to be lost; if your property is not insured, go to the agent at once if your policy is run out have it renewed, by all means, and without one moments delay. How often do we hear of cases where policies ran out at 12 o'clock, noon, and in a short time, often in a few hours after, the very same property was in ashes, a total loss to the owners. So says the *Berichter*, and so say we.

☞ In another column of to-day's paper will be found the advertisement of Gen. M'Clellan, who since his fire has been doing business in the Armory Buildings over Burnside's Store, where he has been giving fits to every one that wished them, in any kind of cloth from the finest, down.

Give him a call and you need not go to any one else can be accommodated.

Leap Year.—The year 1864, upon which we have just entered, is the bissextile or leap year, so called because it leaps over a day more than the common year. This leap is caused by the addition, every fourth year, to the ordinary year, of 365 days of the annual excess of five hours, 48 minutes and 57 seconds, which makes 366 days, and keeps our account with the sun about correct. Leap year is a time when the ladies are expected to take the initiatory in courting matters, 'popping the questing,' &c. thus reversing the ordinary way of doing that sort of business. It is said that more bachelors commit matrimony this year than in he other three, and we presume this to be in consequence of the ladies taking pity on the bashful old fellows and generously extending to them their hands and hearts.

☞ We have recived the January number of that excellent Democratic mouthly, the Old Guard. It is the only magazine published in the country that grapples boldly and fearlessly with Abolitionism—the destroyer of the Union of our Fathers and for this simple reason every Democrat and lover of his country should support it. The January number has a steel plate engraving of Mayor Gunther of N. Y. and is filled with articles which every American should read. It costs but $1,50 per year. Address Van Evrie Horton & Co N. Y.

☞ We take pleasure in calling the public attention to the Advertisement of the Jewelry Establishment of G. W. Patton in to-day's paper. Having purchased Mr. Stein's stock, and added to it largely, he is prepared to accommodate persons needingany thing in his line at prices exceedingly low. Mr. Patton is a first class workman, and one that cant be beat.

WANTED!!!
STAVES, SHINGLES, POPLAR, LOCUST, ETC.

The undersigned is about extending his lumber business to fill a vacant gap in the trade of Philadelphia, by making a *speciality* of the *cooper-stock trade*, and now desires to make arrangements to secure supplies. By giving this branch of trade particular attention, he hopes to make more early returns to consignments, and establish for the manufacturers a more valuable communication with purchasers than is possible by those who trade mainly in more heavy lumbers.

Manufacturers and others who can furnish (particularly *continuous* supplies) either by contract, purchase, or on commission, *Staves, Heading, Hoop-poles*, &c., should address
