MALA special draft for Spring township took place some time during the past week. Quite a number of able-bodied men who wors not looking for anything of the kind, received invitations to Abraham's ball. We hope the "loyal" portion of them will proceed instanter to the field of action. They are to report in this place on Tuesday next.

HAYNARING .--- The "heated term" has commenced in enrnest, and our friends are now busily engaged in haymaking. The hay crop through the county is generally good. Agricultural people will be compelled to labor unusually hard during hay and grain harvest this season, owing to the scarcity of laborers. However, they are better supblied with labor-saving machines than ever before, and will be able with early and late work to secure their crops in good time .---Work ! work ! will be the farmers' watchword for the next four weeks.
