MEDICINAL.

" DR. WISHART'S PINE TREE

TAR CORDIAL.

IS THE VITAL PRINCIPLE OF THE PINE TREE

Obtained by a peculiar process in the distilla-tion of the tar, by which its highest medical pro-perties are retained.

Have you a Cough? Have you a sore Throat? Have you any of the promonitory symtoms of that most fatal disease, Consumption?

Those who should be warned by these symptons generally think lightly of them until it is too late. From this fact, perhaps more than any other, arises the sad prevalence and fatility of disease which sweeps to the grave at least "one sixth" of death's victims,

Consumption has destroyed more of the human family than any other disease, and the best physicians for many years have despaired of a cure, or a remedy that would heal the lungs, but for more than two hundred years the whole medical world has been impressed that there was a mysterious power and efficiency in the Pine Tree Tar to heal the lungs, therefore they have recommended the use of Tar Water, which in many cases had a good effect; but how to combine the medical properties so as to heal the lungs, has ever been a mystery until it was discovered by Dr. L. Q. C. WISHART, of Philadelphia, Pa., the proprietor of "Wishart's Pine Tree Tar Cordial."

You now ask, "Is there a cure?"

Consumption has been and can be cured by the use of my Tan Condial, even in apparently hopeloss cases, "This masertion I make with the ability to present the most complete evidence of the truth. Space will not admit of my giving the contents of the many thousands of testamonials to its value, which I have been and am receiving from men and women of unquestionable worth and reputation. I have had a number of these certificates printed incircular form which I will send you free on application. Whether you now determine to try the medicine or not, send for the circular. After years of study and experiment, I offer this medicine, believing it to be the best remedy for all pulmonary and bronchall discusses. If you can not be benefitted by the use of the Tar Cordial, I believe you are beyond all carribly aid. Yet if there are belier curats agents, I carnestly advise their use. The best rounedies, the best care, are needed by those afflicted with this disease. Because I believe this to be the best, I ask you to try it.

Many, not only of the people, but physicians of every school and practice, are duly asking me,!"What is the principle or cause of your success in the treatment of Pulmonary Consumption?" My answer is this;

The Invigoration of the digestive organs, the strengthening of the debilitated system, the purification and enrichment must expol from the system their continuous method of the system theorements of the powerful alternative (changing from disease to health) properties of the Tar Cordial, its healing, and renovabing principle is also acting upon the irritated surfaces of the lungs and threat, penetrating to each diseased part relieving pain, subduing infamation, and regioring a healthful tendency.—Let this two-fold power, the bealing and the strengthening, continue to act in conjunction with Nature, a constant recuparative tendency, and the patient is saved, if he has not too long delayed a resort to the means of cure. The Impinoration of the digestive organs, the

I ask all to read the following certificates.— They are from then and women of unquestiona-ble worth and reputation.

Dn. Wishart—Dear Sir.—I had a very dreadful cough and sore throat for one year, and in was prostrated on my bed with but little hope of recovering. My disease baffed the power of all medicines, and in a short time I must have gone to my grave, but thank God, my daughter-in-law windir het read until she went to your store, No. 10, N.
