A little girl, we have not been able to learn her name, was bitten by a rattlesnake while gathering berries in the ridges back of Milesburg, on Saturday last. Every thing that could be, was done to save the abild's life, but she expired in a few bours afterwards.

It was an immense job for the " pat riots" of this County to raise one company of men for the emergency, it took preaching and praying, and after all nothing but the promise of a dollar a day, extra, would bring them to the scratch. The war fever has go to a very low obbein these parts.

Gardner & Hemmings' great Americon Circus will give one of its entertaining exhibitions in this place on next Wednesday. Since visiting us last summer it has been greatly enlarged and improved, and considered one of the best cirsuses in the Country. The celebrated Arabs are with it, and are well worth seeing.

The Harrisburg Telegraph publishes the death of Col. Curtin of the 45th P. V. The Colonel is at home, alive and doing well.—Central Press.

There is nothing strange in that. Since the war first commenced every number of the "Harrisburg Telegraph" has contained statements concerning the army equally false as the above, yet "loyalty" requires its readers to believe every one of its statements without hesitation. Col. Curtin of the 45th P. V. must be dead, and whoever disputes the Telegraph on this point is a copperhead.

DYSPEPSIA! DYSPEPSIA!

Dr. Wishart :—I have been a constant sufferer with Dyspepsia for the last sighteen years, during which time I cannot say that I evar enjoyed a perfectly well day. These were dimes when the symptoms were more aggravated them at others, and then it seemed it would be a great relief to die. I had at all timer an unpleasant feeling in my head, but latterly my sufferings so much increased that I became almost unfit for business of any kind; my mind was continusly filled with gloomy thoughts and forebodings, and if I attempted to change their current by reading, at once a sensation of ley coldness in connection with a dead weight, as it were, rested upon my brain; also, a feeling of sistness would occur at my atomack, and great pain to my eyes, accompained with which was the continual fear of losing my reason. I also esperienced great lessitude, debility and mervousness, which made it difficult to walk by day or sleep by night. I became averse to society and disposed only to seclusion, and having tried the skill of a number of eminent physicians of various schools, finally came to the conclusion that, for this disease at my present age (45 years) there was no came in emistance. But, through the interfarence of Divino Providence, to whom I devoutly offer my thanks, I at less found a sovereign remedy in your Dyspepsia. Pills and Tar Cordial, which seems to, have effectually removed almost the last trace of my long list of allments and bad feelings; and in their place health, pleasure and contentment are my every day companions.

I employed in that time five of the most eminent physicians in Philadelphia. They did all they could for me with medicince and cupping, but still I was no better. I then wont to the Pennsylvania University, in order to place myself in of the best medical trients of the country, but their medicintes failed to do me say good and oftentimes I wished for death to relieve me of my sufferings but sceing Dr. Wishart's advertisement in the Philadelphia Bulletini I determined to try once incre, with little faith: I called on Dr. Wisehart and told him if I could have died I would not have truebled him, and then related my sufferings to him. The Dotter said that if he fait called on thave truebled him, and then related my sufferings to him.
