THE FIGURE-POST TO PUBLIC BUSINESS, etc.
New, York, Dick & Pitsgerald, 12mo: pp.
877; price \$1 50.

In the compass of this volume there is condensed all that is practical in over fifty volumes of treatises upon public business, and a vast deal that is to be found nowhere else. Written in a clear style, plain in its direction, exhausting the principles of the subject, its directions exhausting the prinsiples of the subject, its close study will enable any one of fair understanding to comprehend and master all the details that are necessary in every well-conducted public meeting or arganized society. The patmery action, the preparing of a constitution, its form, the duties and powers of officers, the reports of committees, the rules of debate, the principles of public speaking, and all the incidental matters connected with these, are exhaustively, treated. The book is in every respect superior to anything of the kind ever before given to the public.

J.—Just tellerable; money's plenty, or rather the paper that is called money now-a-days is plenty, but everything is so intolorably high,—goods of all kinds and everything excepting grain or what things we farmers have to sell, that a bunch of greenbacks go but a little ways in supplying ones wants. But how is it Billy, that you always go so neatly dressed, with clothes of such good quality and such exception fit, when I know that you do not expend one half as much in the year for clothing as I do, and yet I look like a ragamumin, most of the time?

B.—Well John J. cant' exactly tell, I'll admit that you look pretty rough sometimes, and I know you get a great many cloths, but perhaps you go to the wrong establishment to make your purchases, some place where the merchant is where t purchases—some place where the merchant is not acquainted with the business, and has nothing on hand but some "slop shop" stuff, attack on to him by the sharpers in the city. Now if you will take my advice and go to Sterabergs, when you want your next suit, you will know why it is that my clothes fit neatly and are always of a good quality.

JOHN S. LONEBERGER,

JOHN S. LONE Brandywine, Del., formerly of Old Chaster,

> Dr. Wishart:—I have been a constant sector with Dyspepsia for the last eighteen years, during which time I cannot say that I ever enjoyed a perfectly well day. There were times when the symptoms were more aggressated than at others, and then it seamed it would be a great relief to die. I had at all times an unpleasant feeling in my head, but latterly my sufferings so much increased that I became almost unfit for business of any kind; my mind was continually filled with gloomy thoughts and forebodings, and if I attempted to change their current by reading, at once a sensation of icy coldness in connection with a dead weight, ar it were, rested upon my brain; also, a feeling of sickness would oscur at my stomach, and great pain to my eyes, accompained with which was the continual fear of losing my reason. I also experienced great lassitude, debility and nervousness, which made it difficult to walk by day or sleep by night. I became averse to scotely and disposed only to seclusion, and having tried the skill of a number of eminent physicians of various schools, finally came to the conclusion that, for this disease at my precent age (44 years) there was no cure in existence. But, through the interference of Divine Providence, to whom I devoutly offer my thanks, I ht last found a sovereign remedy in your Dyspepsia Pilis and Tar Cordial, which scems to have effectually removed almost the last trace of my long list of ailments and bad feelings, and in their place health, pleasure and contentenced are my every day companions.

DYSPEPSIA! DYSPEPSIA!

I, Moses Tobin, of Cheltenham, Montgomery county, Pa.. have suffered for more than one year, overything but death itself from that awful disease called Dyspepsis. I employed in that time five of the most eminent physicians in Philadelphia. They did all they could for me with medicines and cupping, but still I was ne better. I then went to the Pennsylvania University, in order to place myself in of the best medical talents of the country, but their medicines falled to do me any good and oftentimes I wished for death to relieve me of my sufferings, but seeing Dr. Wishart's advertisement in the Philadelphia Bulletin I fetermined to try oness more, with little faith. I called on Dr. Wishart and told him if I could have died I would not have troubled him, and then related my sufferings to him. The Doctor said that if he fail ed to cure mo of Dyspepsia, it would be the fawt case in two years, so I put myself under lite treatment, and although I had been for months wonifting nearly overything I ate, my stomesh swellen with wind, and filled with pain beyond description, I bought a box of his Dyspepsia Pills. I used them as directed, and in tent days was a well man. I invite any person sufferings as I was to call and see me, and d will relate my sufferings and the great cure I received. I would say to Dyspeplica, varywhere, that Dr. Wishart is, I believe, the only person on earth that can cure Dyspepsia with any degree of cartesinty.

DYSPEPSIA!

I, Samuel D. Haven, have been a greet serfforer with Chronic Dyspepsia and Inflamation
of the Kidneys for three years. I employed
three or four of the most gainent physicians of
Philadolphia, also of Barlington, New Jersey.
They did all they could for me, but all to no
purpose. I was constantly filled with awfal
pain and distress, and with constant belching of
wind and sour acid. My tangue was covered
with a white coating of muons until it gracked
in large furrows and was deadfully fore. Oh.
I oftentimes wished for death to relieve me of
my unfineings, for I had lost all hope of over
being rell again. I made it a subject of prayer
to God that he would direct me to some physician or medicine that would cure me. I was
told to read an adverticement of Dr. Wishart's
in the Philadolphia, by the Great American
Dynposia Pilla. I went to the Dostor's Office
and placed myself under his treatment and
told him if he falled to cure in the treatment and
