Brown's Bronchial Troches are recommended for public speakers and others for the relief of Colds and to clear the voice. Their efficacy is strongly attested by Congressmen, Clergymen, Millitary men and athers who use them. As there are imitations, be sure to ourant the genuine.

A mani by name of Freeze, of Sno Shoe Township, cut his foot entirely off with an age, on Thursday last to escane the draft. It was a foolish act, but shows to what extremes, poor men will resort before antering the army. It is said that he is no likely to recover from the wound.

Peterson's Magazine for September is on our table, freighted, as usual, with ine steel engravings, an abundance of fashion plates and patterns, and literary contrimost popular authors o the day. A few of the wealthy loyalists from the upper end of the county, have sent an agent south to buy or steal niggers as substitutes for their sons. We hope he will'not get a single, solitary one, and that these newardly war howlers will have to represent themselves in the army, as this glorious(?) sidministration makes the poor man do.

If our readers want to take a good laugh, if they want to see practical aboliaionism, call at our office and look at Bromley & Co's Caricature No. 2, entitled "Miscegenation, or the Melenium of Abolittionism. It is the best thing of the kind we have ever seen, and worth four times the price asked for it it is heavy on the nigger worshipers.

Many of our merchants are east pur chasing their Fall stocks. We understand they find things going up so that people of responsibilities in the shape of "many numerous" families would do well to call at some of our first class stores such as Hoffer Bros, or Sussman's or Burnside's, and lay in their goods before greenbacks get so low, that hone will do them reverence.

An American citizen of African decent lately seting as porter at the Cummings House, was lodged in jail the other day on the charge of robbing one of the boarders of that Hotel of \$115. The frequent incursions of the Confederate forces along the line of the Pennsylvania railroad, have made husiness men of all kinds rather cautious, and indeed a great many are selling out, and setting up "bis" in a more "congenial latitude." Hotests saus.—The cry for armistice and peace is going up from all parts of the country; The eyes of the whole nation, and indeed, of the civilized world, are turn ed to the Chicago Convention, as the haven of safety wherein the ship of State, after four years of storm and tempest, will find safe anchorage, and ship a new and more faithful crew than the one that has run her away from the uniet waters of peace to be tossed upon the angry surges of civil war We say to all Democrats, to all lovers of their country, he of good cheer; a mighty revolution is going on in the minds of men. Reason, so long dethroned by passion and folly, is beginning to assert her supremacy again, and to instil into the hearts of her devotees better feelings, more christian thoughts and purer hopes than those that have made each man's breast a tenement fit

IRON IN THE BLOOD! It is well known to the medical profession that Iron is the vital principle or life element of the blood. THE MILLENNIUM OF ABOLITIONISM:

THIS PICTURE, the same size as "The Grave of the Union" is a capital hit upon the new plank, in the Republican platform. It represents society as it is two he in the era of "Equality and Fraternity." Summer is introducing a strapping "culored lady" to the President. A young wrman (white) is being kissed by a big buck nigger, while a lady lecturer, sappused to be the "Inspired Maid," sits upon the knee of a sable brother urging him to cometo her lectures, while Orceley, in the very height of estatic enjoyment, is eating too cream with a female African of monstrous physique, declaring that society had at last reashed absolute perfection. In the back ground is a carriage, negroes inside, with white drivers and footmen; a white servant girl drawing a nigger baby, and a newly arrived therman surreying the whole scene oxclaims, "Mine Got, vot a guntry! vot a beeples!"

No description can to justice to the hits contained in this picture. It holds "the mirror up nature." The artist has achieved a great success in depicting the practical workings of "Miscegnation," the logical result of the "Equality"

campaign document.

A DIALOGUE. John .- Helio! Billy, how are you this morn-

ing!
Billy.—Fine thank you, how are times, with you?

J.—Just tollerable; money's plenty, or rather the paper that is called money now-a-days is plenty, but everything is so intolerably high,— goods of all kinds and everything excepting grain or what things we farmers have to sell, that a bunch of greenbacks go but a little ways in supplying ones wants. But how is it Billy, that you always go so neatly drassed, with clothes of such good quality and such excellent

clothes of such good quality and such excellent ft, when I know that you denot expand one half as much in the year for clothing as I do, and yet I look like a ragamuffin, most of the time?

B.—Well John I cant' exactly tell, I'll admit know you get a great many cloths, but perhaps purchases - agme place where the merchant is not acquainted with the business, and has nothnot acquainted with the business, and has nothing on hand but some "slop shop" stuff, stuck on to him by the sharpers in the city. Now if you will take my advice and go to Sternbergs, when you wanty our next suit, you will know why it is that my clothes fit neatly and are al-

ways of a good quality.

J.—But wow is it that he can sell elething neapor than other merchants

B.—Because he makes it his exclusive business, has been brought to it from boyhood and is connected with one of the largest clothing es-tablishments in the city, where he gets whatever J .- How long have you bought clothes from

him?

B.—Ever since he came to Bellefonte, and B.—Ever since he came to beneforte, and me tell you John, my clothes do not cost me any more now,—everything high as it is, than they did before priess wentup and I bought from me who knew nothing of the business but to put big prices on poor goods.

J.—Well I'll try nim, for I, have gwt sick of paying exhorbitant prices for such things as I is have been wearing the last two or three years. If he makes it his business entirely, of course he knows what is good, and I suppose as he has settled down for good, he would offer nothing but the best articles, for fear of spoiling his reputation and injuring his husiness.

B.—Ulve bim a call when you go, to Bellefonte, you will find him just opposite the "Iron Front" in Mrs. Graffiue's Bure Room, one of the most obliging, clever fellows you are seen. (He will furnish you anything from a paper collar to the finest, kind of a coat, at princes, which for cheapness is perfectly astonishing, and give you a good cigar to smoke into the hurgain. So good morning John, mind what I've told goog, when you want a suit of clothes.
