Democrats!

Democrats we have a word for you Their remains but a few days to work in, and in those few days their is much to be accomplished. You have a solemn duty to perform. That duty is not to McClellan, nor to Pendleton. nor - to your State or county nominees,-il is not to the platform of the Democratic party solely-it is to our common coun- TIONARY AND THE USUAL MIGEtry, struggling for life. Your best energies are domanded in this time of peril to our institutions. Those institutions were carefully maintained and preserved for seventy years under the rule of Democratic and Whig administrations They were in no peril until Abraham Linceln was elected President of the United States. Then came war, devast: tion and tyranny, and the nation is now crying aloud to stay the hand of the vile destroyer. Remember you owe your country these services. What is needed of from power the present corrupt, vile, incompetent and negro-worshipping. administration. Defeat Lincoln and his ruinous war policy, and once more we will have Peace, Union and Liberty, as bequeathed to us by our fathers. If the Union is restored it must be by peaceful mean. While there is war there can be and sent to him. no peace neither can there be Union -By prompt and determined action for your part, aided as you will be by your brothren in the noble cause throughout the land, Lincolnism, niggerism and abolitionism can and will be consigned to political disgrace and the Constitution and Union saved to us and our children. If Lincoln is not defeated, woe to our unhappy land. Disunion, war, desola tion, and a grinding Despotism will be our terrible doom. To be forewarned, is to be forearined.

If you would prevent a repetition of he bloody deeds of the pust if you would save your government from utter destruction, if you would restore peace, and Union to our bleeding country, and preserve the liberties bequeath ed you by your patriotic sires, YOU MUST AROUSE AND TO WORK.-EVERY DEMOCRATIC VOTER MUST BE GOT TO THE POLLS ON TUESDAY NEXT. That is when the great battle is to be fought-the day that decides the destinies of the American people. Be up and a doing then; Democrats, you are the protectors of your country, and your country's honor, let it not be turnished by another lease of power to infidel Abolitionism. Centre county is good for one thousand Domocratic majority. Let it be made fifteen hundied It will be if every voter is got to the polis.

Mr. Alexander and the Charges of the

The desperation to which the opponents of the Democracy and our Republie are driven in the present political contest, is fully illustrated in the last issue of the shoddy organ of this county.-They have no argument to advance in favor of their candidate or the principle of their party. They do not attempt by any argument to convince the people that their principles are right, and that ours are wrong. They do not endeavor to prove themselves worthy of confice in the administration of public affairs as honest men would, but resort to the vilest vitu peration and abuse of their political opponents. Almost five columns of their naper was taken up with low and vulgar attacks upon the private and public gharacter of Mr. Alexander our Candidate for Assembly, and not one word in favor of the principles of their party can be found in the whole paper, and while they are compelled to citizen is unquestionable and without spot, they insidiously endeavor to tarnish his public record as a Representative of the people by a resort to the the most flagrant falsehoods. They accuse him of having drawn, by his own warrant \$355 as pay for services at the extra session of Legislature, which he did not earn. Let us see how this is. Mr. Alexander was not present at the extra session, on account of severe illness which confined him to his room at the time. As the law stood at the adjourn ment of the regular session of the Legislature on the 5th of May last, should an extra session be called the members would be entitled to THREE DOL-LARS PER DAY for the time they were in session. It must remembered in both branches of the last Legislature, and that there was and is still an Abol ition Governor. If therefore there has been any change in the laws regulating Democratic party and the hold responsible. There was a change made by the passage of a new law ALLOWING TO EACH AND EVERY MEMBER, THE SUM OF THREE HUNDRED DOLLARS, INChU-DING TWO DOLLARS FOR STA-AGE. This law was passed by an Abolition Legislature and signed by an Abolition Governor. Instead of members having the power to draw their own warrants on the State Treasurer, as s falsely alleged by the Press, the speak-

tation. Instead therefore, of Mr. Alexander having drawn his own warrant for three hundred and fifty five dollars IT WAS DRAWN BY AN ABOLI-TION SPEAKER, ATTESTED BY you is to mass your strength and remove AN ABOLITION CLERK, on an Abolition State Treasurer. It was not specified in the warrant how much was for pay, how much for mileage nor how much for Stationary. The account was made up by an Abolition clerk of the House without Mr. Alexander's knowledge or consent, and the warrant drawn Mr. Alexander never saw the law until long after it was passed and signed by Gov. Curtin, which paid him, as well as all other members, whether present or absent, the sum of three bundred dollars. If he had been present at the time he would have voted against the passage of such a law, as did all the

Democratic members, yet notwithstand-

ing the law would have passed by an ab

olition majority. What, then, would Mr. Alexander's presence in his seat

have effected in preventing the passage

er of each House, by the clerks draw the

warrants which are cashed upon presen-

of this law; just nothing at all, for when the abolitionists takes it into their heads to rob the State they generally succeed, especially when they have a majority. Every Abolitionist drewhis pay whether present or not, (and it would have been better had they all been absent.). They drew pay for services that it would have been better they had never rendered. Every Abolition member drew pay for a whole session, including the extra pay voted themselves, amounting to over one thousand dollars. And what was the service rendered? Would it not have been better had they all been absent. Mr. Alexander's services were worth more to the people of the State than the services of the whole fifty-two Abolition members, and why should he not receive as much pay as any one of them? The truth of the matter is, the Republicans dare not arraign him before the people for one single vote cast during the whole session. They can not point to one single act in which he neglected his duty; they

. Why They Oppose Mira.

The shoddy organ up town seems to be terribly exercised because Mr. Alexander, our candidate for Assembly, was once a poor boy and was compelled to earn an honest living by the sweat of his brow. It speaks disrespectfully of himbecause he once worked on a farm and in an ore bank, and for this reason alone, considers him disqualified from holding office. Mr. Alexander, unaided by wealth, has fought his own way to his present position in society, and knows and understands the feelings and wants of poor men, and, as a representative, will guard their interests. He was not, like his competitor, Henry Foster, born with a silver spoon in his mouth, but of honest parents, whose only crime in these days of shoddy, is, they were not rich. Workingmen of Centre county, can you support a party which, through its organ, proclaims a man unfit to hold office because he is poor and once worked upon a farm and in an ore bank? Can you admit that Mr. Alexander's record as a support this shoddy aristocracy which composes the mass of the abolition party and who look upon labor as dishonorable Can you support a party that tells you that because of poverty you are unfit to hold office? Can you longer vote with a party whose leaders having become glutted with wealth during the progress of this war proclaim themselves the aristocracy or the land, and because they are rich and you poor, that you are unworthy of confidence? Such, laboring men of Centre county, is the abolition party, and if you continue them in power they will soon have laws requiring a property qualification to entitle you to vote. Give them another lease of power and they will next tell you that because you labor for a living you are not fit to vote Assist them to office again and that there was an Abolition MAJORITY they will repay you by making you serfs. If you would strengthen the hands of those who will not recognize you, because you labor for a living; vote for the kid-gloved aristocracy-for the party the pay of members, the bolition, not the | that says a man should not be elected to an office because he worked on a form and in an ore bank. The Democratic party has always been the friend of the laboring classes. The greater part of its mem bers are working men; and to it; the honest masses must look for protection. Its representatives are not made up of the aristocracy that attempts to crush the poorman to the earth. They are not bloated with "greenbacks" or apers of European customs, Let the laboring men remember this when they go to the polls on

Tuesday next and cast their votes for the Democratic candidates. Vote for Wright,

We cannot urge to strongly upon the voters of this Congressional District the importance of getting out a full vote for our noble candidate THEODORE WRIGHT. We have been misrepresented long enough by miserable abolition fanaties, who took care of their pockets and left the interests of the people to take care of themselves. Stephen F. Wilson KNOWS NOT THE WISHES OR WANTS OF THE VOTERS OF CENTRECOUNTY. He is the representative of a mere faction of men in Tioga county who have kicked the Republican organization overboard, and swear that th y will control the district "in spite of hell itself." Their manners, their customs and their interests are directly the opposite of those of the people of this part of the district, and we have no right to expect that their candidate will stand by us in preference to the people of his own section. We might as well be represented by a citizen of the State of Maine, as by a fullfledged Tioga county politician; he knows or cares for nothing but his own preferment, or the particular interests of a few particular men in his particular neighborhood. The people of Centre. Clinton and Lycoming counties will not be represented in Congress if Stephen F. Wilson succeeds in being elected. He admits that he is the candidate of Tioga county alone, and that the counties on this side of the mountain need expect nothing from him if successful. Will the honest voters, those who have the interests of their own section at heart, vote for such a candidate? He has made himself sectional by his actions and words, and let the voters of this section remember him as they should on Tuesday next. Mr. Wright, the Democratic nominee, is a man from our midst, acquainfed with the necessities and wants of our people, and, if elected, will represent them, as well as the people of the

upper counties. To the Polls !

Remember, Democrats of Centre that the GENERAL ELECTION will take place on Tuesday next, the 11th day of October. Democrats! Be up and doing. See that you secure your vote and then see that your neighbor votes. IFYOUR NEIGHBOR has not the facility to go, lend him the facilities to get there, AND, WHEN THERE, see that all is right. Examine your tickets carefully, and see that every man is correct, and that you vote the right ticket ENTIRE. REMEM-BER that the election is an important one. See to it that every man does his duty. Should IT BE A RAINY DAY, provide the means for getting the voters out, and do everything that is becoming good Democrats. Let us give a big rally -a long pull, a strong pull, and a pull altogether, and all will be well.

TO THE POLLS! - Don't forget when you go to the polls on Tuesday next that Stephen F. Wilson, the independent candidate for

The Abolition Candidate for Senate.

On the out-side of to-days -paper we publish an article from the Juniata Regster, headed 'Who are the Republican candidates for Senator N which will give our readers a pretty fair idea, of the onesty of Kirke Haines, one of their candidates-as to the other Louis W. Hall a short history of his political career may not be amiss.

During the last summer, there was a bitter contest waged in the Republican party of Blair county, between Hall and Calvin as to which should secure the Congressional conferees of that county. Hall, two years previously, had been the candidate of his party for Senate, against Wm. A. Wallace of Clearfield, the Democratic candidate. At the same election S. S. Blair and Archibald McCallister were the opposing candidates of their respective parties for Congress. Hall being an adept at politital trickery, it is charged, succeeded in making a bargain with some of McAllister's friends for an exchange of votes-and carried out the arrangement so well as to reduce Blair's majority in the county to some two hundred and eighty votes, whilst Hall's majority was over seventeen hundred-defeating Blair, and electing Me-Callister. For this result-Mr Blair's friends hold Hall responsible, and during the last summers contest for Con gressional conferees, the "Register" the Republican organ in that county - published some serious charges against Hall a part of which we copy, that the people of this district may see the character given him by one of his own party organs. "In the issue of that paper of April 27th 1864 the editor Mr. Dean holds the following language:

"As between Mr. Calvin and Mr. Hall, we think the former the ablest, the strongest and best Candidate. A large portion of the Union party, are unalterably opposed to Mr. Hall, because they do not believe him to possess that untegrity, so much to be desired in a public officer, as the ground of this belief they point to the fact that HE ENTERED THE STATE SENATE IN 1860 IN MODERATE CIRCUMSTANCES AND IN MODERATE VIRCUMSTANCES AND RETHRED FROM IT IN 1862 A RICH MAN, worth from forty to sizty thousand applicate while his entire salary for the term amounted to only \$2,100 and to prove this they point to the Public Records, as bearing them out by the most incontestable evidence, as well as to other facts not necessary to name. They further say that he had not been true to the Union party in which he seeks a nomination and as evidence of this facts refer to the bargain made between him and McCallister's friends in the election of 1862."

In the same paper of May 11th 1864, in reply to the "Altoona Tribune" Mr

"We said Mr. Hall, whilst Senator, re-"We said Mr. Hall, whilst. Senator, received money other than his salary for service, and here is the proof. Mr. Hall retained, for service in the passage of the Bill No 428 approved May 21st 1864 the fee of \$820. This bill was for payment of a wood claim to Jesse Herbert of this place where the money was received. Mr. Hall demanded for his, services \$500 which was refused. Mr. Hall locked the room door, pulled off his cont and declared he would have it. Mr. Herbert still refused, but finnave it. Mr. Herbert still refused, but finally compromised at \$820. As to the other bill, passed and approved the same session. t was no 16, and was for the payment to Mr. James Condon of this place damages occasioned by the destruction of a boat and earge on canal. For services in securing the passage of this bill, Mr. Hall retained \$500

Such voters of the 21st Senatorial district, is the kind of men, the swindling. thieving, infidel abolition party of today would have you support,-mea whom the honest portion of their own party will not, dare not trust. Men who have been proved guilty of defrauding their neighbors and of serving themselves, at the expense of the people.-Can you voters of Centre county cast your suffrage for such candidates? Re member, that their own personal friends have not attempted to repute the charges made against them, although, they were made public, as long ago as th first of July. If they were not true, would they not have been denied !--Think of these things when you go to the polls on Tuesday next, and then decide whether you will ; be represented by men who have been proven dishonest, and who dare not be trusted by the people?

Don't Scratch your 'Ticket.

When you go to the polls on Tuesday next, read over your ticket carefully, and be certain that every name and every letter is correct. The County will be flooded with fraudulent tickets, by the Abolitionists who have given up all at the polls, excepting through fraud.-Be on your guard then, see that your upon it. Every man on it is worthy the position for which he has been chosen and if you but scratch one name off, you aid in the election of a political opponent.

- A few weeks since Simon Cameron, chairman of the Shoddy State Committee, issued an address, in which he characterized the laboring classes as the "chaff and stubble," the "notorious crimes of society," and last week the Central Press, the organ of the same party in this county, calls them ignorant foreigners, who cannot read nor understand the doctrines they adhere to. This is the light in which poor men, those who labor, are looked upon by the shoddy aristocracy who control the abolition party. It is money that makes the man with them, Money is their God and he that is not rich, is not fit, in their estimation, to associate with them. Let the laboring men of the county remember this on Tuesday next.

- Remember that the abblition congressional conference refusce to nominate Stephen F. Wilson, because he had no votes for the shoddy candidates ! 4, character or qualifications, and could not Becare of big stories run his own party vote in his own county. the day of election!
