ANSWERS TO CORRESPONDENTS.

BARNER. There is but little prospect of a fall in the price of things. Greenbacks are coming down every day.

LEAGUER. -- We are not "squelched" out, nor do we intend to be. The WATCHMAN will live in spite of your efforts to cruth it out. Jers B .- We believe taking everything into consideration, that the Democratic party is better off to to-day than had it succeeded We shall give our reasons in full here

JESSE. The report is imporrect, but two Proves Marshals have been shot in Clearfield, one a short distance from Clearfield town and the other near the Cliaton County line. One was shot by a half nigger, the other by a full fledged Abelitionists.

THINGS AROUT TOWN AND COUNTY

Messes Orvis & Alexander have removed there law office, to Reynold's new building, one door below Garman's Hotel,

GETTING HEAVY.—During the past year we have noticed that the Snow Shoe coal has boon gradually growing heavier. It takes, but little over a three bushel bag full now! to make a half a ton.

Do not fail to read the advertisemen in to days paper headed "Army Ague Drops. Where ever they have been introduced the are recomended highly. Have you a friend in the army! buy a bottle and send it; t him, it may be the means of saving his life

PERPARING FOR WINTER .- The good peo ple of our town are gathering in their winter fuel wood and coal and are preparing the sourkrout and storing away their potatoes turnips and aples. We notice wagons us loading country produce every day.

BROWN'S BRONCHIAL TROCKES .- Are widely known as an established remedy for Coughe, Colds, Bronchitis, Hoarseness, and other troubles of the threat and Lungs. Their good reputation and extensive use has brought out imitations, and similar prepa-/ rations represented to be the same, which are generally injurious. Obtain Brown's Bronchal Troches

"GRAND." - Some of the little boys, and quite a number of the lager ones about town, gathered up their pans, bells, boxes &c and had quite a-time "Serenading" a newly married couple in the uper end of town on Wednesday night last- The noise they made was rather hideous, it equaled a New England "hornin," or the howling of a lot of Abolition preachers at a nigger meet

CONTRAIRANDS .-- We have been told, that within the past three weeks no loss than six contrabands have been brought to this place and that arrangements are now being made to have a lot more of them imported. Whather Bellefonto is to be made an Oberlin, or a post for "trading in niggers" we do not know. One thing is certain, there is enough of them here at present, if the intercat and facilings of most of our citizens are regarded.

HITCH YOUR HORSES, -- Quite a number of individuals have a habit of leaving there horses stand unhitched along the streets while they run about to attend their business. This is unsafe, not alone for the person that owns the team, but for others. if it were only those careless enough to al low there horses to stand unhitched that would suffer in consequence of a run off, then, it would matter little for a few lesson would teach them to be more careful.

LOOK OUT Bors !- A. practice among the boys of this town is that of tearing down and mutilating handbills. A business man goes ble of having bills printed, and before the paste is dry, some mischievous young rascals will have half of them torn down. This thing has been carried to such an extent as to he unbearable, and it has been determined to make an example of those guilty of it- Perhaps those who make a practice of tenring down handhills are not aware that it is a penal offence punishable by a heavy fine and imprison. ment, but it is nevertheless, and we think that if one or two examples are made, it will effectually put a stop to the practice.

TAKE CARE .- The following advice may be of service to some of those for whom it is intended. We give it for what it is worth: Young men keep your eyes open when you are after the women, If you bite a naked hook you are green. Is a protty form of dress so attractive, or a pretty face even? Flounces, boys, are of no sort of consequence. A pretty face will grow old. Paint will wash off. The awaet smiles-of the first will give way to the soowls of the isading French Restaurants here. If she blushes when found at her domestic duties, be sure she is one of the dighrag-aristooracy, little breeding and a good deal less sense. If you mary a girl whe knows nothing but how to commit woman slaughter on the plane, you have the poorest plees of music ever got up. Find one whose mind is right, and than pitch in. Boys, don't be hanging around like a sheef thief, as though you were ashamed to be seen in daytime, but walk up like a chicken to a ddugh pile, and sak for the article like a man; then go to the Minister authorized to tie the knot, and set up in the world for yourself. But remember you can't keep hangs worth anything without first subscribing and paying in advance for the Watchman.

MARRIED.

Nov 15th, 1864 at the Residence of the Brides Father, by the Rev. W. W. Hicks Capt. Ro-land Cheseman to Miss, Lidle Hilliblah all off

With the above notice we received an legant cake, and wish our fair friend Miss Lide, and the husband of her choice, all the happiness in the world. May the matrinonial enterprise in which they have embarked, prove a failure in no respect, and may their journey to gether be one of beare joy, happiness and prosperity .- Our, devil adds his compliments, with that elevated, and all hamls offer congratulations.

On Tuesday evening the 1st, in Half moon of Dyptheris. Harrold Stanfield, infant son of Jac Summerfield and Emma Tate Gray, aged 7 menths and 21 days.

On the 28th ait of Croup Charles J. Barnhart, only child of J. B. and Margery Barnhart, aged 2 years, 8 months and 29 days.

Never was there a more perfect, type of angelic purity on earth, than was exhibited in the life and disposition of this little boy. We believe that Godnever gave existance to a more contented happy or joyous little creature. The merry ring of his gleeful exhaberance, was seldom siont in his wakeful moments, and words cannot give expression to the sad and Painful reflection which his death has caused in that hitherto happy home. But little Charlie has entered un that life which is not incident to the evils of this world, and the corsolation of his parents is, that the music of his little voice is now joined to the happy throng of angels and the jorg of Henyen.

Dr. Wishart's Office, No. 18 North Second St. Philadelphia.

Dr. Wishart:—I have been a constant sufferer with Dyspepsis for the lest eighteen years, during which time I cannot say that I ever enjoyed a perfectly well day. There were times when the symptoms were more signravated than at others, and then it seemed, it would be a great relief to die. I had at all times an unpleasant feeding in my head, but latterly my sufferings as much increased that I became almost unit for business of any kind; my mind was coatinually filled wish gloomy thoughts and forebodings; and if I attempted to change their current by reading, at once weensatter of ity colloness in connection with adead weight, as it were, rested upon my brain; also, a feeling of sighness would occur at my situate, and great pain to my eyes, accompained with which was the centimal fear of losing my reason. I also experienced great. Lassitude, debility and increases, which made it difficult to waik by day or sleep by night. I became averse to society and disposed only to seclusion, and having tried (fie skill of a number of emircht physicians of various schools, feasily came to the conclusion that, for this disease as my present age (45) years) there were no care in existence. But, through the interference of Dvina Providence, to whom I divoutly offer my thanks, [at last found a sovereign remedy in 'your Dyspepsis Fills and Tar Cordial, which seems to have edicatually removed almost the last trace of my long list of aliments and bad feelings, and in their place health, pleasure and contentment are my every day companions.
