Bellefonte Watchman

[illegible] paid, in advance [illegible] at the end of six months, or $2,00 when not paid before the expiration of the year.

ANSWERS TO CORRESPONDENTS.

Thought.—We have no doubt but that if you came to Bellefonte, you could get up a dancing class of the kind you write about. Our opinion is that you would do worse than try, for there are many here who want such an opportunity to amuse themselves.

Commendant.—To your proposition we will have to return an emphatic refusal.

Henry W.—Advertise what you have to dispose of in the papers in your vicinity. If that fails we give up.

Jarvy.—You are wrong. Washington Market, in New York City, is the most extensive retail market in any of the cities on the Atlantic seaboard, and more business is transacted in it than in all the other markets in New York combined.

Leonard.—John C. Breckinridge was indicted for "treason" on November 6th, 1861, and Tybee Island was captured by the Federals on November 24th, of the same year.

Adriana.—The "Tall Son of York" was none other than William T. Porter, who has, perhaps with no exception, decided more arguments and disputes on the subjects of horse racing and chess problems than any man of his day. In connection with George Wilkes he started that publication, but for some reason which was never fully explained, retired soon after, although his name appeared in the head of the paper. He is now dead about six years.

THINGS ABOUT TOWN AND COUNTY.

The President has signed the bill to tax spirits $2 per gallon.

Western Virginia oil wells are worth twenty millions of dollars.

Thanks.—The Devil says his thanks are due to all those who so liberally patronized him on Saturday last.

At Work.—The County auditors are attending to their official duties, the present week. Their report will be of interest to the tax-payers.

Recollect that to-day at 2 o'clock the election of officers of the Bald Eagle Oil, Slate and Coal Company takes place. See Advertisement.

About a dozen black eyes, some broken noses, a parcel of sore heads and any amount of drunks, was about the only evidence we saw of the Holidays.

Another.—A company, with a capital of $100,000, has been formed in Perry County, for the purpose of boring for oil, in the vicinity of Philipsburg, this county.

Teachers' Institute.—The Teachers "Institute," which held its annual meeting at Howard, last week was well attended. We have not received a report of the proceedings, and consequently cannot give them to our readers.

The Draft.—In another part of the Watchman will be found an important circular from the board of Enrolment, of this district. To it we would call the attention of all persons interested.

The tide of travel to the oil regions of Pennsylvania is swelling all the time. The cars going in that direction are crowded to their utmost capacity, and at Titusville the hotel accommodations, although largely increased recently, are still inadequate.

Fire.—Through the imperfection of one of the flues a fire broke out in the Catholic Church, at this place, on Saturday before Christmas, which threatened for a time the destruction of the building. Through the exertions of some of our citizens it was extinguished however before any serious damage was done.

Coughs.—The administration of medicinal preparations in the form of a *lozenge*, is of all modes the most eligible and convenient, more especially as regards a Cough Remedy. "Brown's Bronchial Troches" or Cough Lozenges allay irritation, which induces coughing, giving instant relief in Bronchitis, Hoarseness, Influenza, and Consumptive and Asthmatic complaints.

The business man who puts his sign in the newspapers does a much wiser thing than a man who fastens it over the door, and who would think of neglecting that? Where one person reads a sign in the street five thousand read it in the newspapers. No matter how well a business is known, he can always pick up new customers if he will take the pains to advertise; for by neglecting the means of securing trade he loses the best of his profits.

We call the attention of those who have any sales to advertise, or bills to print, to the fact that we can do such business better and to more advantage to the advertiser than any other establishment in the county. Our prices are just the same as other printing offices, which can be seen by examining the schedule of prices in another column. We [illegible] will remember us. If you live at a distance, send your orders by mail, and we can send the bills by mail, which costs only a few cents.

Now that we are sure to have another draft, it is the duty of every resident to see that his Township, Borough or County is not assessed unjustly by the local enrollment. Every man known to be physically unfit for military service or any alien, should be erased from the list, and every able bodied man put on, which would reduce the number enrolled, and thereby lessen the quota. The Government has decided, owing to the [illegible] not to make a new enrollment, and believing that this is a matter that should interest and concern the citizens, [illegible] to make the corrections. The people of this country are moving in the matter, but thus far this place has done nothing towards it. Remember the enrollment list is found able [illegible] will be [illegible] in [illegible].

New Publications.

The Old Guard for January.—This popular Democratic Magazine comes to us this month enlarged to double its size. The opening article is entitled "The Resolutions of 1798 as a Basis of Reunion," and is a valuable historical paper, exhaustive of the subject. Dr. English's new story, "The Page and the Printer," opens with decided interest. The article on "The civilization of the Tropics" is a most important one, and will be widely noticed for its original views upon the adoption of the negro race to human advancement. There are several pieces of good poetry in the present number, with a number of miscellaneous articles for general reading. The Editor's table is, as usual, in the best vein of the editor, sarcastic and trenchant. The Old Guard promises to supply a want long needed—a live magazine, sustaining genuine, old fashioned Democracy. Send for a specimen copy. Price 20 cents, or $2 per year. A person sending a club of seven will receive an extra copy. Address Van Evrie, Horton & Co., Publishers, No. 162 Nassau Street, New York.

MARRIED.

On the 22nd inst., by the Rev. W. R. Goh, Mr. Samuel Slack to Miss Kate Wagner, all of Patton Township.

DIED.

November 1st, 1861, at City Point, Virginia, James Ford, member of Company D, 4th N. Y. H. A.

Thus has another brave boy been offered as a sacrifice in the terrible struggle through which our country is now passing. He was shot through the breast, while on Picket duty and lived but a few days afterwards. His remains were brought home and interred in the Catholic Grave yard in this place, where kind friends will water his grave with tears, and loving hearts keep watch over the spot that contains one that was ever dear and ever tionate.

L. LYONS' PURE OHIO

CATAWBA BRANDY,

AND

SPARKLING CATAWBA WINES.

Equal in quality and Cheaper in Price than the Brandies and Wines of the Old World.

For Summer Complaint, Cholera Infantum, Bowel Complaint, Cramp, Colic and Diarrhœa.

A sure cure is guaranteed, or the money will be refunded.

In support of the above statements, are presented the Certificates of Dr. Jas. R. Chilton, Chemist, New York; Dr. Hiram Cox, Chemical Inspector, Ohio; Dr. James R. Nichols, Chemist, Boston; Dr. M. E. Jones Chemical Inspector, Circleville, Ohio; Prof. C. T. Jackson, Chemist, Boston; Dr. Chas. Upham Shepard, Charleston, S. C., and J. V. Z. Blaney, and G. A. Mariner Consulting Chemist, Chicago, all of whom have analysed the Catawba Brandy, and commend it in the highest terms for medicinal use.

Analysis of the Massachusetts State Assayer, 25, 1856.

When evaporated through clean linen it left no oil or offensive matter. In every respect it is a pure spirituous liquor. The oil which gives to this Brandy its flavor and aroma, is wholly unlike fusil, or grain oil. Its odor partakes of both the fruit and oil of grapes. With acids it produces ethers of a high fragrance. The substitution of this Brandy for Cognac Brandy will do away with the manufacture of *factitious* spirits, sold under this name, both at home and abroad.

Respectfully,

A. A. HAYES, M. D. Assayer to State Mass., 16 Boyleston St

By the same, in 1844.

I have analysed "L. LYONS' PURE CATAWBA BRANDY," with reference to its composition and character, being the same as that produced in past years. A sample taken from ten casks afforded the same results with regard to purity; a slightly increased amount of the principle on which its flavor depends was determined by comparison with its former samples.

The indications of analysis show that this Brandy is produced by the same process as most of the imported Brandy.

Respectfully,

A. A. HAYES, M. D. State Assayer.

IMPORTANT

TO THE

INVALIDS!!

IRON IN THE BLOOD!

It is well known to the medical profession that Iron is the vital principle or life element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the lungs, will stupify the brain, will obstruct the liver, and will send the disease producing elements to all parts of the system, and every one will suffer in whatever organ may be predisposed to disease.

The great value of

IRON AS A MEDICINE

Is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This point, says Dr. Hayes, Massachusetts State Chemist, has been attained in the Peruvian Syrup, by combination in a way before unknown.

THE PERUVIAN SYRUP

Is a protected solution of the Proxotide of Iron. A new discovery in medicine that strikes at the root of disease by supplying the blood with its vital principles of Life Element—Blood.

THE PERUVIAN SYRUP

Cures Dyspepsia, Liver Complaint Dropsy, Fever and Ague, Loss of Energy, Low Spirits.

THE PERUVIAN SYRUP

Infuses strength, vigor, and new life into the system, and builds up an "Iron Constitution."

THE PERUVIAN SYRUP

Cures Nervous Affections, Female Complaints, and diseases of the Kidneys and Bladder.

THE PERUVIAN SYRUP

Is a specific for all diseases originating in a bad state of the blood, or accompanied by Debility or a Low State of the System.

Pamphlets containing certificates of cures, and recommendations from some of the most eminent Physicians, Clergymen and others, will be sent free to any address.

DYSPEPSIA! DYSPEPSIA!

I, Elizabeth Branson, of Brandywine, Del., formerly of Old Chester, Del., do certify that for one year and a half I suffered everything but death from that awful disease called Dyspepsia. My whole system was prostrated with weakness and nervous debility; I could not digest my food; if I ate even a cracker or the smallest amount of food, it would return just as I swallowed it; I became so costive that I would not have a passage in less than from four and five nights; under this immense suffering, my mind seemed entirely to give way. I had dreadful horror and evil forebodings. I thought everybody hated me and I hated everybody; I could not bear my husband or my own children, everything appeared to be horror stricken to me; I had no ambition to do anything; I lost all love of family and home; I would ramble and wander from place to place, but could not be contented; I felt that I was doomed to hell, and that there was no hereafter for me, and was often tempted to commit suicide, so near was my whole nervous system destroyed, and also my mind from that awful complaint. Dyspepsia, that my friends thought best to have me placed in Dr. Kirkbride's Hospital, West Philadelphia; I remained there nine weeks, and thought I was a little better, but in a few days my dreadful complaint was raging as bad as ever. Hearing of the wonderful cures performed by Dr. Wishart's Great American Dyspepsia Pills and his treatment for Dyspepsia, my husband called on Dr. Wishart and stated my case to him. He said he had no doubt he could cure me. So in three days after I called and placed myself under the Doctor's treatment and in two weeks I began to digest my food, and that awful disease was fast giving way, and I continued to recover for about three months, and at the present time I enjoy perfect health of body and mind, and I most sincerely return my thanks to a merciful God and Dr. Wishart, and to his Great American Dyspepsia Pills and Pine Tree Tar Cordial that saved me from an Insane Asylum and premature grave. All persons suffering with Dyspepsia are at liberty to call on me or write, as I am willing to do all the good I can for suffering humanity. Elizabeth Branson.

DYSPEPSIA! DYSPEPSIA!

Dr. Wishart:—I have been a constant sufferer with Dyspepsia for the last eighteen years, during which time I cannot say that I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed it would be a great relief to die. I had at all times an unpleasant feeling in my head, but latterly my sufferings is much increased that I became almost unfit for business of any kind; my mind was continually filled with gloomy thoughts and forebodings, and if I attempted to change their current reading, at once a sensation of icy-coldness smoothing with a dead weight, as it were, rested upon my brain; also, a feeling of sickness would occur at my stomach, and great pain in my eyes, accompanied with which was the continual fear of losing my reason. I also experienced great lassitude, debility and nervousness, which made it difficult to walk by day or sleep by night. I became averse to society and disposed only to seclusion, and having tried the skill of a number of eminent physicians of various schools, finally came to the conclusion that, for this disease at my present age (46 years) there was no cure in existence. But, through the interference of Divine Providence, to whom I devoutly offer my thanks, I at last found a sovereign remedy in your Dyspepsia Pills and Tar Cordial, which seems to have effectually removed almost the last trace of my long list of ailments and bad feelings, and in their place health, pleasure and contentment are my every day companions.

DYSPEPSIA! DYSPEPSIA!

I, Moses Tobin, of Cheltenham, Montgomery county, Pa., have suffered for more than one year, everything but death itself from that awful disease called Dyspepsia. I employed in that time two of the most eminent physicians in Philadelphia. They did all they could for me with medicines and cupping, but still I was no better. I then went to the Pennsylvania University, in order to place myself in of the best medical talents of the country, but their skill proved to be no way good and otherwise I wished for death to relieve me of my sufferings, but seeing Dr. Wishart's advertisement in the Philadelphia Bulletin I determined to try once more, with little faith. I called on Dr. Wishart and told him if I could have died I would not have troubled him, and then related my sufferings to him. The Doctor said that he had a case in two years, so I put myself under his treatment, and although I had been for months vomiting nearly everything I ate, my stomach swollen with wind, and filled with pain beyond description, I bought a box of his Dyspepsia Pills. I used them as directed, and in ten days I could eat as hearty a meal as any person in the Cottage Pennsylvania, and in thirty days was a well man. I invite any person suffering as I was to call and see me, and I will relate my sufferings and the great cure I received. I would say to Dyspeptics, everywhere, that Dr. Wishart is, I believe, the only person on earth that can cure Dyspepsia with any degree of certainty. Moses Tobin.
