DYSPERSIA! DYSPERSIA!

I, Elizabeth Branson, of Brandywine, Del., formerly of Old Chester, Del., do certify that, for one year and a half I suffered everything but death from that awful disease called Dyspepsia. My whole system was prostrated with weakness and nervous debility; I could not digest my food; If I ate even a cracker or the smallest amount of food, it would return just as I swallowed it; I became so costirew, els that I would not have a passage in less than from four and often eight days; under this immense suffering, my mind seemed ontiroly to give way. I had dreadful horror and evil fore bodings. I thought everybody hated me, and I hated everybody; I could not be arm yh unband or my own children, everything appeared to be before stricken to me; I had no ambition to do anything; I lost all love of family and home; I would ramble and wander from place to place, but could not be contented; I felt that I was doomed to hell, and that there was no heaven for me, and was often tempted to commit suicide, so near was my whole nervous system destroyed, and also my mind from that awful complaint, Dyspepsia, that my frends thought best to have me placed in Dr. Kirkbride's Hospital, West Philadelphia, I remained there sums weeks, and thought I was a little better, but in a few days my dreadful complaint was raging as but a sever. Hearing of the wonderful cures performed by Dr. Wishart's Great American Dyspepsia Pills and his treatment for Dyspepsian, my husband called on Dr. Wishart and stated my case to him. He said he had no doubt he could-cure me. So in three days after I called and placed myself under the Doctor's freatment and in two weeks I began to digest my food, and felt that my disease was fast giving way, and I continued to recover for about three months, and at the procent time I enjoy perfest health of body and mind, and I mont sincerely return my thanks to a mercifu God and Dr. Wishart and stated my ergen and list procent and premature grave. All persons suffering with Dyspepsia are at liberty to

Philadelphia.

DVSPEPSIA! DVSPEPSIA!

Dr. Wishart :— I have been a constant sufferer with Dyspepsis for the last eighteen years, during which time I cannot say that I ever enjoyed a perfectly well day. There were times when the symptoms were more aggravated than at others, and then it seemed it would be a great relief to die. I had at all times an unpleasant feeling in my head, but latterly my sufferings so much increased that I became almogt unfit for husiness of any kind; my mind was continually filled with gloomy thoughts and forebodings and if I attempted to change their current reading, at once a sensation of icy coldness connection with a dead weight, as it were, rested upon my brain; also, a "feeling of sickness would occur at my stomach, and great pain isomy eyes, accompained with which was the continual lear of losing my reason. I also experienced great lassitude, deblitty and nervous incres, which made it difficult to walk by day or aleep by night. I became averig to society and dispersed to the tending the service of the society and dispersed to the tending the service to society and dispersed to the tending the service to society and dispersed to the tending the service to society and dispersed to the tending the service to society and dispersed the service to society and dispersed to the service to society and service to society and dispersed to the service to society and dispersed to the service to society and service services. reneed great lassitude, continy and nervous news, which made it difficult to walk by day or sleep by night. I became averse to society and disposed only to seclusion, and having tried the skill of a number of eminent physicians of various schools, finally came to the conclusion that, for this disease at my present age (42 years) there was no cure in existence. But, through the interference of Divine Providence, to whom I devoutly offer my thanks, I at last found a sovereign remedy in your Dyspepsia Pills and Tar Cordial, which seems to harve of fectually removed almost the last trace of my long list of aliments and bad feelings, and in their place health, pleasure and contentment are my every day complanions.

DYSPEPSIA! DYSPEPSIA!

I, Mores Tobin, of Cheltenham, Montgomery county, Pa., have suffered for more than one year, everything but death itself from that aw if ful disease called Dyspepsia. I employed in that time five of the most eminent physicians in Philadelphia. They did all they could for me with medicines and cupping, but still I was no better. I then went to the Pennsylvania University, in order to place myself in of the best medical talents of the country, but their medicines failed to do me any good and oftentimes I wished for death to rolive me of my sufferings but seeing Dr. Wishart's advertisement in the Philadelphia Balletin I determined to try once more, with little faith. I called an Dr. Wishart and told him if I could have died I would not have troubled him, and then related my sufferings to him. The Doctor said that if he failed to cure me of Dyspepsia, it would be the fifth case in two years, so I put myself under his treatment, and although I had been for mont good to cure me of Dyspepsia, it would be the fifth case in two years, so I put myself under his treatment, and although I had been for mont good to cure me of Dyspepsia, it would be the fifth case in two years, so I put myself under his treatment, and although I had been for mont good to contain the state of Ronneylvania, and in thirty days was a well man. I lavite any person suffering as I west to call and see me, and I will relate my sufferings and the great cars I received. I would say to Dyspepsia with any degree of certainty.

DYSPEPSIA! DYSPEPSIA!

I, Samuel D. Haven, have been a great sufferer with Chronic Dyspepsia and Inflamation of the Kidneys for three years. Fe employed three or lour of the most eminent physicians of Philadelphia, also of Burlington, New Jersey: Thoy did all they could for me, but all to no purpose. I was constantly filled with awful paid and digtress, and with constant belofting of wind and four acid. My tongue was covered with a white coating of mircus until it cracked in large furrows and was dreadfully sope. Oh! I oftentimes wished for death to relieve me only sufferings, for I had lost all hope of ever being well again. I made it a subject of prayer to Cod that he would direct me to some physician or medicine hat would cuse ms. I was told to read an advertisement of Dr. Wishart's in the Philadelphia Ledgar, of a great cure made upon Mr. John Babcock, of 5028 Olive street, Philadelphia, by the Greab American Dyspepsia Pills. I went to the Doctor's Office and placed myself under his treatment and told him if he failed to ours me, it would be the last Miffort I would make. It has been six weeks since I commesced uring his medicine and I am now a well man, free from allpains and distress and can set three hearty meals a, day with comfort and their periotity well.
