A RCANA WATCH.

AN ELEGANT NOVELTY IN WATCHES.

The cases of this Watch are an entirely new invention, composed of six differentimetris combined, rolled tegether and planished, producing an exact mutation of 18 cart gold called Arcang, which will always keep its color. They are as beautiful and durable as solid gold, and are afforded at one-cight the cost. The case is beautifully designed, with panel and shield for name, with Patent Pash Pin and engayed in the exact style of the relebrated Gold Hunting Levers, and are really handsome and desirable, and so exact an intuition of gold as to defy detection. The movement is manufactured by the well known St. Jimer Watch Company of Europe, and are superbly finished, having engraved palets, fancy carved bridges, adjusting regulator, with gold balanced, and the improved ruby jewelled action with imedial and sit eton hands, and is warranted a good time keeper. These watches are of three-different size, the smallest being for ladies, and all are Huoting Cases. A case of six will be sent by mad or express for \$125 00. A single one sent in an elegant morpoco case for \$25; will readily, all for three times their cost. We are the sole agents fur this Watch in the United States, and one are genuine which do not bear our trade mark.

TESTIMONIAN.

The following opinion of Dr. White, as to the high esteem in which he holds the Dental Cream, must be sufficient evidence of its value; to quote other testimonials in detail is needless, conlenting ourselves, by simply giving the names and addresses of persons who speak of its excellency for the toeth.

PRILABELPHIA, April 15, 1864.

Having carefulle examined A. Hawley's 'Solidified Dental Cream," I hereby cheerfully recommend it to the public generally. It is an excellent preparation for cleaning and preserving the toeth, and can be used by all persons with the utmost confidence, as its properties are perfectly harmfess. DYSPEPSIA! DYSPEPSIA!

I, Samuel D. Haven, bave been a great sulferer with Chronic Dyspepsia and Lighametring of the Kidneys for three years. I employed three or lour of the most eminent physicians of Philadelphia, also of Burlington, New Jersey. They did all they could for me, but all to no purpose. I was constantly filled with awful pain and distrees, and with gonstantbelching of wirld and sour acid. My tongue was covered with a white coating of mucus until it cracked life living furrows and was dreadfully sore. Oh I oftentimes wished for death to relieve me on my sufferings, for I had lost, all hope of ever being well again. I made it asubject of prayer to Cod that he would direct me. I was told to read an advertisement of Dr. Wishart's in the Philadelphia Ledger, of a great cure made upon Mr. John Babrook, of 1028 Olive street, Philadelphia, by the Great American Dystepsia Pills. I wont to the Doctor's Office and placed myself under his treatment and fold him if he failed to cure me it would be the list effort I would make. It, has been six weeks since I commenced uzing his medicine and Lam now a well man, free from all pain and datress and can eat three hearty meals a day with somfort and feel perfectly well.
