ANSWERS TO CORRESPONDENTS.

S. S.-Very likely. Abolitionism is capable of doing anything no difference how low or contemptible.

Juney.-Yes sir, we do every kind of lob printhig, and will execute it for you in a manner that cannot be excelled.

TROUT FIRMING .- The season for trou

having caught fire from the explosion of a SAD ACCIDENT .- A little child of Mr. William Kerlin, while playing in the Phœnix Mills, on Monday last, fell through s

trap door into the race, and, before assist-

ance could be rendered, was drowned.

-The crops throughout the county look splendid, and bid fair to eventuate in a most abundant harvest. The fruit also looks well, and year 1865 promises to be one of great plenty.

-Mr. JAMES MYERS still continues to bring up fresh shad, which can be had at his saloon at the end of the bridge. The shad season will soon be over, and those who have not yet enjoyed this great luxury should be on the look-out for the next lot.

THE NEW THREE CENT PIECE. -The new three cent piece is out, and resembles very much the nickel cent now in use, and will be confounded with that coin unless care is taken. It has the characters III on one side, like the silver three cent piece, and a head similar to that on the other, with the words "United States of America, 1865."

THE CIRCUS.-Gardner & Hemmings's circus as in town on Monday last. The day was a fine one, but, notwithstanding the good weather, there was not a very large turn-out. The canvass was tolerably well filled, but we have often seen circuses much more crowded. The performance was a poor affair, and the clown, whose name was Wilcox, was a miserable make-believe. Day Gardner did not make his appearance at all. On the whole, it was not worth attending, and our circus friends will excuse us for saying that which they themselves know to

THE LUNGS .- The cold and changeable weather tells terribly on those who have weak and diseased lungs. Many are suffering at this time with affections of the throat and lungs. Bronchitis is becoming a very common affliction. Those who are predisposed to golds, coughs, bronchitis, &c., should avoid the night air. There are many prepartions recommended for these diseases but there is not a doubt but that Dr. Strickland's Mellifluous Cough Bulsam is the best remedy. We have known it to effect cures in the worst cases of coughs, colds, bron-. phitis, asthma, and primary cases of consumption. For sale at the drug stores .-april 19 1865.

BROKERHOFF's new building is beginning to loom up quite encouragingly from among the bricks and mortar. When completed. it will be, judging from present appearances, a very handsome edifice, and will add immensely to the appearance of that portion of the town, so long a mass of ruin. We believe the brick-work of the concern is under the supervision of Mr. Morris Coudrick, of this place, while the carpenter-work is in the hands of Mr. Lose, of Milheim. With the completion of Brokerhoff's Row angain, the town will begin to look natural, and business, which has so long been dead in that locality, will once more become brisk and lively.

MATRIMONTAL.

Ladies and Gentlémen: I fyou wish to marry you can do so, by addressing me. I will send to so, by addressing and lively.

SAFETY OF RAILROAD TRAVELERS.—Both branches of our State Legislature have passed an act declaring, that if any employees of a railroad company shall violate any rule of such company, and injury or loss of life shall thereby result, the offender shall be immediately arrested by the prosecuting attorney of the city or county where the accident happened, and if found guilty, shall be convicted of misdemeanor and punished, at the discretion of the Court, with imprisonment in the State penitentiary for five years, and fine of (\$5,000) five thousand dollars. In addition to this criminal prosecution, the offender and the railroad company shall be alike liable for civil

damages. Under this soi, every employee of a railroad company, no matter how humble his position, through whom an accident occurs, by fallure to "obey any rule," or by "ne gleet of any precaution," can and will be immediately arrested, and prosecuted with the utmost vigor of the law. Heretofore, the only punishment that could be inflicted was dismissal, but hereafter the leading officers of a number of railroads, will unite with the traveling public in punishing any careless or negligent agent by fine or imprisonment, which can be inflicted, not morel for loss of life, but also for injury.

Two BAD CASES of piles cured by Dr Strickland's Pile Remedy. Mr. Glass, of Janesville, Wisconsin, writer for the bonefit of all who auffer with the wiles, that he has been troubled for eight years with an aggravated case of piles, and his brother was discharged from the army as incurable, (he being quite paralyzed with the piles.) Both these distressing cases were cured with one bottle of Dr. Strickland's Pile Remedy. The recommendation of these gentlemen, beside the daily testimonials received by Dr. Strickland, ought to convince those suffering, that the most aggravated chronic cases of piles are cured by Dr. Strickland's

Pile Remedy. It is sold by druggists everywhere. -- april 19 1865. ---We would invite the attention of the Press editor to the fact that another fight occurred among the "nigs;" on the hill, orth of the Cummings House, on Tuesday is entirely out of our line of business, be- afternoon last, arising from the fact of too great intimacy between the showmen and some of the colored females of that neighborhood, on Monday. The war of words was loud and long, and we were seriously afraid it might eventually come to blows. But it didn't. We would advise the immediate sending of an abolition missionary into that neighborhood. The colored brethern and sisters of that locality are fast degenerating into anarchy and discord, and are greatly in need of some christian instruction. Will not some of our ab-

olition friends see to this matter, and try

to make their colored brethren at least as

especiable and respected as the "poor,

down trodden slaves" of the South? Here is a good chance for the Press editor to ex-

ercise his benevolence, and show his good

will toward the unhappy children of Canaan. MARRIED.

MANHOOD: HOW LOST, HOW RESTORM ED.—Just Published, a new edition of Dr. Culverwell's Chiebrath Besay on the radical cure (without medicine) of Spermator; rhoes, or seminal weakness, Involuntary Seminal Losses, Importancy, Mental and Physical Incapacity, Impediments to marriage, etc.; also, Consumption, Brilzpey, and Firs; induced by self-indulgence or sexual extravagence.

The Price, in a sealed envelope, only six conts.

The celebrated author in this admirable essay clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically oured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by which every sufferer, no matter what his candition may be may cure himself cheaply, privately, and radically.
