BATTLE AND A There are many of your kind in this community, and no body respects them. "A barking dog never-bites," so the next time you want to scare any one, don't blow h about what you are going to-do.

THINGS ABOUT TOWN AND COUNTY.

SCALE-T .- The Measurs. Humes, we observe, are erecting a new pair of scales in place of the old ones in front of the saloon of Mr. Fred Smith.

Nous to Soon .- We notice that hands are at work laying pipes for the purpose of carrying water to Linn street. This is an rovement which the people of that local ity have long folt the need of.

TET IT .--- As having and harvest time is almost at hand, our farmers and others who work in the sun will doubtless need some temperate and pleasant drink. We would advise them to try Baum's Baspberry Syrup. It is healthy, temperate, and pleasant to the taste. If you don't want the syrup, he has anything else you may desire.

DR. BEATTIE .--- We have heretofore negledted to call attention to the card of Dr. Besttie, who has settled down and began the practice of medicine in this place. The Doctor comes to us highly recommended as a graduate of the Edinburg Medical Univereity, and withan experience, as a physician, extending over many years. We wish him the greatest success, both - pecuniarily and professionally.

NABROW RECAPE .--- On Thursday evening last, as a lady and gentlemen, whose names we have been unable to ascertain, were passing with a horse and buggy from this place to Milesburg, the horse took fright opposite the forge dam, and plunged over the bank, taking buggy and occupants with him into the water. With the greatest difficulty the indy and gentleman were resound, as the buggy was badly amnshed, and the horse drowned.

DERSEMANTING .--- Our lady friends, Miss Ellen Woods and Miss Maggie Pennington, have opened a mantus-making establishment in the large and pleasant room adjoining cess. " We have printed whole sheet handthe WATCHMAN office, where they make and fit all styles of dresses. Having a good sewing machine, and being themselves er- evident that they intend to compete with perionced in the art, they work vory expesubstantially. Ladies in need of dresses will find it to their advantage to give them a call.

BTRAWBEREIES .- We are indebted to Mirs-Shugert for a large dish of the most delicious strawberries. We thank her very much for her kind remembrance, and hope that she may live to raise strawberries for nany, many years to come.

THE "FOURTE" IN BELLEFONTE. Great preparations are now making for the celeration which tis to come of on the 4th of outdo all competitors. He is now remodel-July in this place. We sizerely hope it ing his entire house; and has added another may be a success, and to this end we want our friends to turn out en mane. Some sem to be of the opinion that the farmers will be too busy on that day to come to town, but we trust they will try and make it suit to attend the celebration. We would like to see at least six thousand people in town on that day, and we hope they will some from the mountains and the valleys with banners and flags. Extensive arrangements have been made by the Excoutive Committee for the reception of an immense crowd, and we are assured that ample accommodation will exist for all. Let us have certainly be a grand affair. We should like a grand gala-day to commemorate the birth to see every body and all their friends in of Liberty on this continent, and in honor of the gallant heroes who, eighty-nine years ago; declared this country & free and independent republic; and who, through eight years of toil and bardship; subtained the honor of the American fing, carrying it, finally, to victory and renown, and achieving for us the liberties we have so long enjoyed. Let the memory of the Fathers of

the Republic once more coment the hearts of their children in the bonds of fraternal love and union, and scill the angry waves of passion and prejudice that have for so many years swept over the land like a hur We have other cause, 100, for rejoicing on the coming anniversary. The great war

that for the last four years has desolated the country, and brought mourning and sorrow into all hearts, is ended. Peace, blessed Peace, has once more perched herself above our Temple of Liberty, and caused the whole land to rejoice with unspeakable joy. The borrid din of war is heard no more. Our soldiers are returning bome, with gisd bearis, from the field of strife. The sword will ere long be conver ted into the ploughshare and the spear into the pruning hook, and quietness and joy and hope of better days to come will once more reign in every household.

ricane. R.

For all this we should rejoice, as well for the sake of those at the South as for our own sake. 'It matters not now what caused the war or how it ended ; we rejoice over the return of peace, and bless the happy day that once again brought the sweet dove

to our shores. Let the people of Centre county turn out then, to the "Soldier's Banquet." Let them come in buggies, in wagons, in carringes. on horseback, and on foot. We peoplehere in Bellefonts expect to have a grand time, and want all our Triends to enjoy it with us.

Though we are still suffering from the effects of war-though our glorious old Union is severed in twain in spirit-though we do not enjoy the same liberty, prosperity and happiness, as a people, that was handed down to us by our patriotic fathers, yet we have cause to rejoice over the fact that murder and butchery and bloodshed bave ceased. Let us have a general turn out-a regular old fashioned jollification. . Belle fonte and Milcsburg are competitors for the honor of having the best celebration. We would like to see a great crowd at both places.

THE "FOURTH" IN MILESBURG .---- Out Milesburg friends are making great efforts to render the celebration in that places sucbills for them, and from the activity which is everywhere apparent among them, it is Bellefonte for the honor of having the larditionsly and neatly, and at the same time gest crowd and the best colebration. We hope they may have a good celebration, and a pleasant time. Centre county is large enough for two grand demonstrations, and we trust no unkind feelings will be engen

His arrangements for gooking have also been much improved, the business being now done by means of a cooking-range. Hot and cold and shower baths are now also attached to the hotel, with everything that can render guests comfortable, and make their sojourn pleasant and agreeable. Hitherto, Mr. Garman has been much crowded on public occasions, but he new flatters himself that he will have room enough and to spare, even in the most pressing emergencies.
