THINGS ABOUT TOWN AND COUNTY.

No PAPER will be dissued from this office next week. According to our usual custom we will not publish next week, me order to give all hands a chance to enjoy the "fourth," and its incidental accompaniments.

A TRIUMPHAL AUCH -A magnificent frie umphal arch is being erected across Alleghany street, between the residence of Mrs. tieneral Irvin, and Burnside's store. It will be beautifully decerated; and will attract much admiration on the "Fourth."

STONE's LAGER .- We find the lager kept by Stone, at the Logan Saloan, not hard to take. On these hot days a glass of iced lager beer is refreshing, and Stone is the man that knows how to keep it good and fresh. Lovers of lager will give him a call.

HAY HARVEST .- During the last weak many of our farmers have been cutting and taking in their hay. A beavy rein on Modday last, however, put a temporary stop to all having operations. The hay crop will be a heavy one, if the farmers are lacky enough to get it all in securely.

THE CELEBRATION AT MILESBURG -Our Milesburg friends are intending to have a . "high old time" on the "fourth." Arrangetuents on the most extensive scale have been made to render their celebration a success, and we hope they may not be disappointed. An elegant dinner will be served while elegent speakers and a fine band of music have been secured. Col. James F. Weaver is Chief Marshal of the day, and we have no doubt that, under his supervision, the affair will go off spleudidly. The Milesburgers generally push anything through that they udeflake, and we have no idea that the present effort will prove a

Professor Woods - This gentleman whe, for some time, has been the Principal of the Academy at this place, close I his school on Monday last, for the summer vacation. Our community has been so well pleased with the acholarly abilities of Mr. Woods, that he has been urgently requested to remain, and W. has rouseneed to this arragement, and uceting of the soldier's of Milesburg and favor of persons of every rank, and the desired by the Academy on or about the Boggs township, to be held at the School to these afflicted. Bold by Druggists loth of September next. Mr. Woods not house in the borough of Milesburg, on the where. only pays attention to the minds of his pupils, is evidenced by the auxioty man iterated he care citizens for his retention.

A CURIOSITY. We were shown the other day, an ingenious piece of mechanism, called a gyroscope, manufactured by Mr. Milispangh, of this place, which, for accuracy of construction, we have never seen excelled. That we forely conditions with their places, intended to show the why and its wherefore of the heavenly bodies being-held in their places. It is a very unious instrument, and requires so much tactifude in its arrangement, as to be executingly difficult to gonstruct. Mr. Millsugh is a machinist and the short of the short of the sound of the country o paugh is a machinist, and, in the making of this little gyroscope, he has shown that be understands the principles of his trade thoroughly. It requires a nicety of touch and finish seldem found, and the man who accomplishes its construction successfully and puts it into practical operation, achieves quite a triumph. The curious minds in the community, by calling on Mr. Millspaugh, will find something to gratify them in the exhibition of the singular properties of the gyroscope.

THE "FOURTH."- Next Tuesday will be the "Fourth of July," and on that day we expect to see our town jam full of visitors -cltisens and soldiers. Great preparations have been made, and are still making, for he reception of a wast number of people,

it is intended for all, and provisions and delicacies will be on the ground in abundance. There will be room enough and to TERMS \$2 per year when paid in advance spare. The hearts of our citizens will be open to all, and it is the intention to make everybody feel at home and comfortable upon that day.

The Declaration of Independence will be ead, and an oration delivered by a gifted young orator, whose elequence is already known to the public; so that we may all expect a "feast of reason and flow of soul" American Independence.

In the evening a grand illumination will take place, together with a splendid display of fire works, it is said, of the most beautiful designs. Let all come to town on the ' Fourth" then, and they will not regret it .. RHEUMATISM AND NEURALGIA.—Nunucrous remedies for these complaints have
been brought before the public, and used with
varying success, as they generally contain some
curetive qualities. Int unfortunately for the
afflicted, they are of little efficiency. For often
they only modify diseases, and do little towards
perfecting a ratical cure. But the Great Internaf Remedy, Johnson's R. Compound, effectually banishes the diseases from the system. It is

CHICKERING'S PIANOS,

These Pianos have universally taken the fire premium over all others wherever they have been brought in competition. They have only to be seen and heard to be admired, ir their manufacturers have succeeded so fully in each bining in them those indispensable qualities of a good piano, viz., brilliamcy, power, depth, and

ORGAN LIKE RICHNESS OF TONE which is checlately indispersable to an instru ment for accompanying the voice. They are also celebrated for

STANDING IN TUNE. This quality is always desirable, but it is especially so to persons living in the country, where it is not convenient to get professional luners but seldom.
