to the INVALIDEN IRON IN THE BLOOD!

IROR IR THE BLOUD!

It is well known to the medical profession that Iron is the vital principle or life demont of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if from any cause whatever, the necessary quantity of iron is not taken into the circulation, or becomes reduced, the whole system suffers. The had blood will irritate the heart, will clog up the lungs, will stapify the brain, will obstruct the liver, and will send the disease producing elements to all parts of the system, and every one will suffer in whatever organ may be pre hisposed to disease.

The great value of The great value of

IRON AS A MEDICINE Is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This point, says Dr. Hayes, Massachusetts State Chemist, has been attained in the Peruvian Syrabon became the contract of t combination in & way before unknown.

THE PERUVIAN SYRUP Is a protected solution of the Proxotide of Iron. A new discovery in medicine that strikes at the root of disease by supplying the blood with its vital principles of Life Element—Blood; THE PEREVIAN SYRUP Cures Dyspepsia, Liver Complaint, Dropsy, Fer and Ague, Loss of Energy, Low Spirits.

THE PERUVIAN SYRUP infuses strength, vigor, and new life into the system, and builds up an 'Iron Constitution.' THE PERCYLÂN SYRUP

Cures Nervous Affections, Female. Complaints and diseases of the Kidneys and Bladder. THE PERUVIAN SYRUP Is a specific for all diseases originating in a bad state of the blood, or accompanied by Debil-ity or a Low State of the System.

MODIDINAL Ten peculiar taint or infection which we call Schorula lurk in the constitutions of multitudes of men. It either produces or is produced by an en-mahlod, vitiated state of the blood, wherein that fluid becomes incompetent to sustain the rital forces in their ital forces in their italy forces action, and italy to the ritaly forces the system to fall into disorder and

decay: The scrobinos contamination is va-riously caused by morpinal disease, low living, disordered disease, and stone all hy food, impure str, filth and fifty habits, tha depressing vices, and shope all, by the venereal antection. Whatever be in origin; it is hereditary in the constitution, seems to be the rod of Him who says, "I was seems to be the rod of Him who says, "I was visit the infantices of the fathers upon their children." The diseases it originates take various names, according to the organs at In the lungs, Scrofula produces nttacks. In the lungs, Serofula produces tubercles; and finally Consumption; in the glands, awellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indi-gestion, dyspepsia, and liver complaints; on the skin, cruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigora-tion of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

rior to any other remedy jet devised, is known by all who have given it a trial. That known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Timber Biands and Sares Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigostion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurit, of the blood. Minuto reports or individual cases may be-found in AYER'S AMERICAN
ALRANAC, which is furnished to the druggists
for gratuitous distribution, wherein may be
learned the directions for its use, and some
of the remarkable cures which it has made
when all other remedies had failed to sflord relief. There cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scroful a depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of hunan life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the mildic under the name of Average offer to the public under the name of Aven's Sansapanilla, although it is composed of ingredients, some of which exceed the best of Sarsoparilla in alternative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purgo out the four corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy sumulates the vital functions, and thus expels the distempers which hurk within the system or lurat out. offer to the public under the name of Aven's which lurk within the system or burst our on any part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of

its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more of feetual than any other which has ever been available to them. AYER'S CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, Incipient Con-sumption, and for the relief of Consumptive patients in advanced stages of the disease. This has been so long used and so universally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
