THAT'S NOTHING-One of our exchanges boasts of having green corn in their market already. We had green corn in the Bellofonte market almost a year ago and never thought it anything to erow over.

None too soon .--- New water pipes are being laid along parts of Howard streets. It is not before it is needed, for with the old, broken and bursted as it was, that par of town was a continual mud hole.

A TAST TOWN .- Bellefonte is getting to be quite a "fast place." Knock dowas and rows are of daily occurrence, and only on last Monday evening, the lot beside the reservoir was the scene of a regular prize fight -it was between two dogs.

Gows Tro BEDFORD .--- Quite a number our sitizens have gone to Bedford springs to spend a few weeks. As Bedford is a healthy location, both physically and politically, we have no doubt but they will be considerably benefitted by their trip.

Accordingly, she took a small quantity, FATAL ACOIDENT .---- We have been inmade it sweet with sugar, orumbled in bread formed that one of the workmen employed at the Howard bank was instantly killed on Friday last while taking ore out of one of the shafts. How the assident occurred we have not learned.

BAD ON FARMERS .--- The wet weather of the past week has delayed our farmers in gathering in their harvest until much of the grain is spoiled. Some that was out early,

are already engaged hereabout in buying up the discharge papers of returned sol-diers. This we suppose is with a view of securing land-grants. Our advise to soldiers is to hold on to their papers. The Bagislature of Pennsylvania for fielast two soldiers a homestead of 100 scres of land, only charging the expense of giving, and amounting to shout a dime an acre; and the Commissioner of the General Land Office, who is to prescribe "the regulations for giving proper affect to the provisions of the act," to enable persons in the U.'S. Military or Naval Service to taka sleps whilst absent on duty to secure for themselves homesteads on the public lands, they take an oath and appoint an agent. Upon these being filled by the wife or representative at the Land Office, "the same will take effect from date of filling, and if regular. in all rospects, the entry will have legal inception from that time, provided the 'fee (\$10) and Commissioners are paid." No

taxes are chargeable for five years, and no

liability for debts. The cultivation may be

To BE RAD NOW .---- A want has always been felt in this country of some system by which a record of families can be kept and handed down to coming generations. This want, it seems to us, is completely filled by the "Photograph Family Record" now being sold by agents in this county.

in this borough, besides the money that was subscribed in the country, for the celebration of the Fourth ; it is reported now then we have heard nothing of it. that but two hundred dollars of the whole amount remains in the hands of the treasuper. What became of the balance ? Will the committee report ?

BAILROAD TICKETS.-We understand the particular faith she professed to expound Pennsylvapis Bailroad Company are now we do not know, as her language was as nnissuing yearly tickets, payable in advance, intelligible to us, as would be the jabberings at reduced rates. This arrangement is of of a lot of monkeys. Some of our citizens, great advantage to people who travel much, however, seemed to take particular interest as, besides the saving in money, they are in her welfare, and, judging from the attensaved the trouble of buying a ticket for ev-, tion paid her, and the demoralized condiery trip. It will tend to relieve the pres- tion of the churches in this neighborhood, sure at the Ticket Office, in itself a desirable we should think it would be a pretty good consideration. Full particulars can doubt- point for a "missionary."

WET IS IT NOT LOOKED TO .- Along the entire length of the Bald Eagle Valley Railroad there is scarcely a mile of fencing. Cattle are pasturing in abundance along the track ; hogs, horses, and sheep are running loose along it. | There is no telegraph line o communicate dalays or accidents, and, excepting on the part of the employees of the road, there beens to be no effort made to avoid detectrophes. Whether the farmers and mechanics of old Centre are making preparations to be well represented at the Fair we cannot say, but do not know

why they shouldn't. HARDLY CORRECT .--- We see it slated by

the Clinton Democrat that there is a report in oirculation that Judge Linn intends to resign his position for the purpose of acsepting the appointment of State Reporter of the Decisions of the Supreme Court. Although we should not be sorry if such were that over eighten hundred dollars was raised the case, yet we have little reason to believe port.
