We hope our newspaporial friends will nost him round. As a sleightof hand performen, we suppose he considers this trick a legitimate part of his business, but as Lafavette told Artemas Ward s father, we "can't see it in those lamps." Editors nine die. who show up the swindling scoundrel in his true colors will do a favor to their commu nities.

NIGGER AND ABOLITION "HOR-DOWN."-The nigger dances which came off at the ald school-house on the hill, back of the court-house, some two or three or four weeks ago, were attended by a number of white men, who danced with wenches as partners. This is a fact which did not come to our knowledge until recently. Last week the editor of the Central Press stated that these men were Democrats. We had curiosity enough to make some inquiries about the matter, and can now state, for the information of the public that the men who mingled in that festive scene were mostly returned soldiers; and, as the abolition papers have always contended that there were no Democrats in the army, of course were no Democrais in the army, of course these midulght revelers could not have be-longed to the copperhead fraternity. No, doubt, however, the poor fellows only ima-gined they were carrying out the teachings of such journals as the Central Press and Angis-African, and desimed it no greater dis-grace to dance with nigger women than to march in ranks with nigger addiers. The sfair, whatever may be said of the tast of the perfloipants in its gayeties, is only the legitimate and frmitful result of the am-healthy and unholy teachings and dootrines of abolitionism.
