Mr. H. T. HELPBOLD: Dear Sir.-In regard to the question saked Dur Sir.—In regard to the question saked me as to my opinion about Hachs, I would say that, I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of 4t I have not used or known to be used, in the various diseases where such medicate agent would be indicated. You are awars, as well the inyself, that it has been extensively employed in the wearious diseases of the bladder and fillings, and the reputation it has acquired in my follower is warranted by the facts.

I have seen and used, as before thinks, every form of Bucks—the powdered leaving the simple decection, dincture, fluid extracts—and I aim not organizatio of any preparation of that plants at all equal to your. Twolve year' experience ought, I think, to give me the right to Judge of its mortic, and without prejudice or partiality, I give yours procedure over all others. I do not fallow thing according to its bulk, if d-ald, other Huchus would out do gure, but I held to the dectrine that bulk and quality to sust make, up value—if they did, a copper cent month to worth more than a gold dollar.
