TERMS—$2 per year when paid in advance $2,50 when not paid in advance, and $3,00 when not paid before the expiration of the year.

## ANSWERS TO CORRESPONDENTS.

PAY.—New York city in 1865, had 128,975 legal voters, its population then was 726,386

FRIENDS.—We are much obliged for the list, and will try to give each subscriber sent us the worth of his money before the year is up,

LAPELS.—A cubit, the standard of Jewish measure, was 21 inches. A "Sabbath Day's Journey" according to Josephus, was three thousand five hundred feet.

VOTER.—In that matter you should judge for yourself. If you believe you are in no wise superior to a negro, why, we suppose you are not, and you had better vote for Geary. He is the representative of that Idea.

SOLDIERS.—We informed you correctly. You asked us at what time the last battle near Drainsville, was fought, and we answered you February 23, 1864. There was battles, *or rather skirmishes fought at the same place* April 1st 1863, and December 20th 1864, if it was to either of these you had reference, your inquiry was wrong

## THINGS ABOUT TOWN AND COUNTY.

REMOVED.—Messrs Orvis & Alexander, have removed their law office, to the parlors of the Conrad House

QUEER.—The grass in the court house yard and the abolitionists who believe Geary will be elected.

A NEW PAPER.—We have heard it rumored that a Johnson Republican paper is to be established in this place, on or before the 1st of August

BEGINNING AT HOME.—We understand that a lot owned by one of the members of the board of health in this place, was so *declared* as a nuisance, on Saturday last

MAD DOGS.—There is considerable anxiety in several sections of the county in reference to mad dogs Too much vigilance cannot be exercised in the matter, and all suspected dogs should be dispatched without delay.

AN IMPROVEMENT THAT WAS NEEDED.—The authorities of Benner township, have erected a splendid new bridge a cross Spring creek, at Roopsburg There was *no place in the county that stood more in need of one,*

ALMOST ESCAPED.—A man by name of *Reighard, confined in jail at this* place under the charge of robbery, almost affected his escape by digging through the jail wall, one day last week The stones and dirt were piled under and in his bed, and escaped the notice of the Sheriff until he had almost accomplished his purpose

WANTS REPAIRING.—If the Bellefonte & Philipsburg Turnpike Company, do not wish to have a large bill of damages to pay some of these days, they had better repair the old draw bridge a cross the canal at Millesburg, *or erect a new one in its* place *The one now used* has become so rickety, that it is really dangerous to cross

PAINFUL DEATH OF A HORSE.—On Tuesday last, in the neighborhood of Mechanicsville, this county, a man, whose name we do not remember, while using a plow, met with a severe loss by a most painful accident which happened to one of his horses It seems that in turning around, the horse, in some manner, became entangled in the harness and fell with his side upon the shear of the plow, cutting into his intestines and injuring him so seriously *that he would* have died in a short time, had his owner not put an end to his torture by shooting him The animal was a valuable one, and is a great loss to its owner.

CIRCULATE THE DOCUMENTS.—The disunionists have enough members of Congress to flood the country with poisonous political documents The only way in which their influence can be counteracted by Union men is by circulating good Democratic papers. We design making the WATCHMAN very efficient in this campaign. We are going into the work without gloves, and we respectfully request all active Democrats to make every effort to extend our circulation Those who work for us in this behalf will be working for the public good' Take hold, friends, immediately, and aid in the good work of overthrowing extravagance, corruption and treason.

SHALL WE CELEBRATE?—We mean the Fourth of July. Our exchanges indicate that the coming *anniversary* of Independence day will be generally celebrated in one or another fashion, whether by grand picnics, or the out-pouring of floods of eloquence to the great American god Buncomb, or the parade of the Mackeral Brigade. We do not hear that the question has been canvassed here, even in private circles. Shall we celebrate? and if so, how? Shall we have doings here to attract the whole country to this, the centre on the Fourth? Who will move in the matter, and establish a gingerbread stand on the Court House pavement?

PENSIONS.—A new pension bill has just passed the Senate It provides that $25 a month shall be paid to persons who have been permanently injured while in the military or naval service of the country and are incapacitated for labor in consequence; $20 a month to those who are not obliged to have continual care and attention; and $15 a month to those who have lost a leg, arm or hand. The bill expressly forbids the transfer, sale, mortgage or other disposition of pension claims to second parties. It also provides for payment of a pension to a minor child or children of a widow entitled to pension, if she is deemed unqualified to take to care of her children, in consequence of immoral conduct. This bill, which is supplementary to other pension laws, is yet to be acted on by the House

MISS MCCORMICK AND MISS THOMPSON.—These two young ladies, both teachers in our public schools here, having closed their labors for this term, have left town to seek some respite from the toils of the schoolroom among their friends and amid the congenialities of their respective homes. They go from among us bearing with them the respect and good wishes of this community and the consciousness of duty well performed. We believe their efforts here were productive of much good, and it gives us pleasure to bear testimony to the fact that they gave general satisfaction. We would suggest,—as it appears to be the fashion to go abroad for teachers for our higher grades,—that it would be well to retain, if possible, *the services of Miss McCormick and* Miss Thompson, as both are ladies of education and refinement, and it may be somewhat *difficult to secure teachers of equal* ability. It is certainly the duty of the directors to exercise discretion and judgment in the selection of teachers for the next term, and we hope they will endeavor to fill the positions *with the best talent.*

DRIVEN TO THE WALL.—The associate of the negro disunion organ, down town, seems to have about as much regard for the truth, as he had respect for his family a few nights since, when he acted as president of a nigger meeting. In last weeks issue of that paper, in reference to the manner in which the delegates from this county, to the late Geary soldiers convention at Pittsburg, were chosen, he says!

"The 'Soldiers Union' whose objects are those stated, was not called, or invited, or expected to send Delegates."

How much truth there is in this assertion we will *show*. In the papers of this place of April 6th a call will be found signed by some nine or ten soldiers, for a "Soldiers convention, to be held in the Court House on the evening of the 9th of April, for the purpose of organizing the "Centre County Soldiers Union." In the *Central Press of* of April 13, will be found the published proceedings of that meeting, by which it will be seen, *that the associate editor of* that paper was appointed chairman of the committee to draft a constitution, &c. Whether that Constitution was ever drafted we know or care not, but we do know that in the *Press* of May 11th the following call, *for a meeting of the organization*, was published, signed by the associate as *chairman*.

"*The proposed* organization of the 'Centre County Soldiers, Union,' is not abandoned as, *some have supposed It is suggested* that a *meeting* be had at the office of the Chairman of the Special Committee on Saturday evening May 19th to perfect the Constitution.' Also to take *into consideration the appointment of delegates* to the Soldiers Convention, to be held at Pittsburg, Tuesday, June 5th 1866. Centre County is entitled to five delegates. A re union of Soldiers on the Fourth of July is also proposed, *let us have a full* attendance and free consultation on the 19th. Gov. A. G Curtin has offered a subscription of one hundred Dollars towards a monument to the Soldier's of Centre County.

A. B. HUTCHISON,
*Chairman*

Here it will be seen that the meeting to appoint delegates *was called by one of the officers of the organization*, in his official capacity, *to a meeting of the Soldiers Union*, and yet this same officer, has the effrontery to assert through the journal which he assists to edit, that, the Soldiers Union "was not called, or invited, or expected to send Delegates' If it was not meeting of the "Soldiers Union," that he called, to "perfect the constitution and take into consideration the appointment of delegates to the Pittsburg convention," what was it a meeting of' Can he answer"

This is but a fair sample of the means to which petty abolition politicians will resort. But a specimen of the manner in which they will lie, in order to deceive the unsuspecting. If we had said nothing about the matter, A Boyd Hutchison and other abolitionists, would have claimed that the delegates from this county were chosen by the Soldiers Union: when we show what that Union is and what its intentions are, then for the sake of still further deceiving the honest soldiers of the county, they deny that it had anything to do with sending the Delegates.

*Let this matter of sending delegates*, be as it may, the design of the "soldiers union" has been made too palpable to deceive any one It is an abolition organization, from beginning to end, gotten up, by a few designing politicians for the purpose of deceiving, soldiers into the support of their negro-equality doctrines Although it numbers *less than thirty members*, yet being the only *pretended soldiers organization* in the county, people that do not understand its objects, may be led to believe that it is the representation of Centre county soldiers, and that its proceedings are endorsed by them *To show how much interest* is taken in it by the soldiers we will state that at the meeting, called by the *chairman* to appoint delegates to Pittsburg there were less members present than there was delegates appointed From this simple fact our readers can form their own conclusions, as to what its influence is, and how near these delegates represented the honest soldiery of our county. In conlusion we will simply remark for the benefit of the wench worshippers who edit and control the disunion organ, that the next time they attempt to prove the assertions of the WATCHMAN false, they had better build their foundation on something *else* than LIES

ANOTHER SOLDIERS' CONVENTION.—To the following, which we clip from the Philadelphia *Age*, we would call the attention of the soldiers from this section of the State.—Along with the soldiers of Berks, Cumberland, York, Perry, and other counties, the "boys in blue 'from old Centre can heartily strike hands in assisting to preserve the government from the machinations of abolition traitors. They will rally to the support of a white man's government, around Clymer and Johnson, as they did around the flag in the late war. They have no idea of believing that they suffered the hardships and privations of the battle for four long, *dreary years to destroy the Union, nor do they think for a moment that they suffered* that they have to, give negroes a vote, and place in perpetual power life-long disunionists. Members of the "castor-oil brigade" and of the John Brown army of reconstruction, will do and vote as abolitionism bids them and support Geary, but the *soldiers, those who bore the brunt of the battle*, will act as it becomes white men, and support the white man's candidate, Hiester Clymer. We hope our county will be represented in Harrisburg on the 28th. Let us have a *real* soldiers' convention:

"We learn that a number of honorably discharged soldiers from the counties of Berks, Cumberland, York, Perry, Lehigh, and Fayette, *recently held* a meeting and resolved to call a State convention of all soldiers who fought for the Union, who are opposed to negro suffrage, and who are in favor of President Johnson and Hiester Clymer. The proposed convention will be held some time in the month of July or beginning of August, but the exact time and place and all necessary arrangements will be agreed upon at a subsequent preliminary *meeting of "the boys in blue,"* to be held in Harrisburg on the 28th day of June, at 3 o'clock, P. M. It is desired that as much publicity as possible should be given to the notice of this preliminary meeting at Harrisburg on the 28th instant, and we have been requested to call the attention of the Democratic and Conservative press of the *State to this notice.*

BOYS, DON'T SWEAR.—Passing up street the other morning we noticed a little boy, probably not over six years of age, standing on the crossing swearing at the top of his voice, in the most profane manner. Poor little fellow, no doubt he thought he was acting "smart," or making himself look "big," by re-iterating the oaths he hears daily from the lips of men, about our streets. But how mistaken he was. Boys have no idea how *little it looks, to grown persons*, to see them trying to copy the bad habits of those older than themselves. An old man remarked to us the other day, that "when he heard a boy swearing, he concluded immediately, that he had too little sense to know better," and he "would never amount to much." "And the old man was right. Show us a boy that will swear, and we'll show you one that will learn to steal or get drunk or any other *mean act*, that grown up persons do. They are not to be trusted for one bad habit is as easily learned as an other. Boys remember this

ASSOCIATE JUDGE. *Mr. Editor*.—The citizens of Centre county will soon be called upon Convention to select a suitable candidate for Associate Judge. It is well in these days of moral and political vagrancy, that the selection be made with the greatest discretion. With the proper selection election is certain and justice will be fully vindicated.

It occurs to us that one of the best guarantees for the futue, is found in the history of the past The present incumbent,—HON. JOHN S. PRUNDFOOT of Milesburg, has proved himself to be an excellent, honorable Judge. During the exciting period *through which we have recently passed he* has in all the multiplied duties daily devolving upon him, given evidence of marked ability and the most sterling and unflinching integrity. He is in fact a true man and no consideration can swerve him from the path of duty.

*We respectfully suggest that his re-nomination* would be a well deserved compliment to the Judge, and his election as *certain as any human event. The people* would hail such a nomination and triumphantly elect him. We hope and trust the Convention will re-nominate him

BOGUS.

LEG BROKEN.—A man by the name of Bland, while helping to unlade a load of timber near the depot, on Wednesday, by the accidental falling of a stick, had his leg broken.

THE FOLLOWING machines have already been entered at the office of the Secretary of the Centre County Agricultural Society, for the great test trial to come off on the farm of H. N. McAllister, near this place:

—The New York *Times*, a "Republican" sheet, lately used the following language in regard to the Fenians: "If two or three thousand of these vagabonds get within the clutches of General Napier, let us beg of him not to spare them on our account *The more the merrier* They would be lying and stealing *here*, if they were not raiding *there*" Notwithstanding this is the usual estimate put upon the Irish people by *"Republican" leaders, they are anxious* enough, at election time, to secure the Irish vote. This infamous falsehood will be remembered and acted upon by every true Irishman who has a vote.

No. 4 Brokerhoff's Row, Allegany street Bellefonte, Pa.

I am also agent for the superior and cheap WILCOX & GIBBS SEWING MACHINE which should be seen by all desiring machines. May 11 '66-1y.

JOB PRINTING neatly and expeditious executed at thisoffice.

## Agricultural.

TO WHOM IT MAY CONCERN!

The farming community of Centre and adjoining counties are hereby respectfully informed, that all kinds of the *latest improved agricultural labor and time-saving machinery*, is always kept on hand at my Agricultural Store on Bishop street, Bellefonte, Pa. Call and examine the machines offered, and you will be convinced that it is to your interest to buy your machinery from a permanent establishment instead of taking the risk of being duped by traveling agents, whom you may never see again after they have pocketed your money.

I WARRANT ALL MACHINERY AS REPRESENTED

I will here mention some of the leading machines which I offer, commencing with

HUBBARDS COMBINED SELF-RAKING REAPER & MOWER

which cuts five and a half feet wide, ordinarily, and under favorable circumstances *six feet* in grain, and four feet eight inches in grass it rakes off itself at the side, leaving the grain out of the way of the machine for the next round, the driver controls the size of the bundles with his *foot or hand*. It dispenses entirely with a reel, and its necessary supports, thereby diminishing the weight and draught of the machine; the rake and reel being combined in one, makes less machinery, makes it simple and less liable to get out of order. It is the simplest and lightest draught machine in use, it had the only self rake that *will* make a *side delivery* and do good work in all kinds or conditions of grain; and it has no side draught or weight upon the horses' necks. As a Mower, there is none to compare with it; it has a steel finger-bar, and a spring steel draught bar, which adapts itself perfectly to the uneven surface of the ground; it has two *driving* wheels, which work jointly and independent of each other, which enables us to cut right and left, thereby securing the *power of the whole* machine, and obviating the necessity of placing the *strain* on I *wear* all upon one wheel. There are several machines offered to the public that have two carriage wheels but they are not *absolute double drive* wheel machines, and they will not wear but half the time of a double *drive* wheel machine, the bar can easily be folded for transportation. The driver can throw the bar over stumps, stones, &c., with a lever at his side without stopping his team, it can be set to cut any desired heighth of stubble, either in reaping or mowing, it has an eliptic spring seat. They will be furnished on trial and if they do not perform as represented, it shall be considered *no sale* They are well made of good material Give it a trial.

HUBBARD'S LIGHT INDEPENDENT MOWER,

has all the mowing advantages of the combined machine and warranted to please in every case, *or no sale*.

GEISER SEPERATOR, OR COMBINED THRESHER, CLEANER AND BAGGER

has no equal. It is simple, easily managed, reliable, durable, compact and cleanly to work by, not so dusty as the common threshing machine. It is permanently fixed on two wheels for hauling and thresing, and one man can move or shift it about in a barn floor more easily than a common threshing machine. It is adapted to any common four-horse or two-horse tread power, and requires less hands and go more power than a common threshing machine and shaker; it actually runs lighter and cleanses you to thresh and clean your crop in one half the time; it will thresh and clean all kinds of grain thoroughly clean by one operation, *ready for market*, no matter how filthy. Give it a trial. It is *warranted* to give satisfaction, and I am willing to be responsible if it does not come up to to all that is claimed for it. For the truth of the above statements, I would refer all persons to the undersigned, who have purchased and used them for some time

THE WORLD-RENOWNED SINGER SEWING MACHINE.

There can be no greater evidence of its superiority over all others, than the simple fact that all of the *tailors*, without an exception, all of the *milliners*, without an exception, and all of the *mantua-makers* and *dress-makers*, without an exception, in Centre county, are using it in preference to any other, this is a fact that cannot be disputed. There are also *hundreds of private* families and farmers in every township in this county who can and *will testify* to its unrivaled merits; in a word it is the only machine that will sew all kinds of goods, from the heaviest to the finest, and all kinds of thread. This I will warrant it to do, *or no sale*. The Singer has been lately improved so as to make it *almost noiseless*, and simple in the extreme, and the price reduced. It will stitch, quilt, hem, fell, braid, tuck, cord, gather and sew on the band at the same time; any child can operate it, and it is warranted not to get out of order. I give full and complete *printed* instructions on the machine to every purchaser Call and see them.

KEELER'S LANCASTER GRAIN DRILL, AND STEEL TOOTH HORSE RAKE

These two machines are so universally used in this county, that they need no explanation, further than to say that I keep them for sale.

The remainder of my stock consists of

BECKER'S PATENT MEAT CHOPPER,

Wolf's Patent Corn planter, the best Fanning Mill in use, which is a perfect Separator and Chaffer, Corn Shellers, Churns, Plows, Cultivators, Monroe's Rotary Harrow, Farm Bells, Ice Cream Freezers, Washing Machines and Wringers, Hay Elevators, Cider Mills, Forks, Shovels, Hoes, and everything that pertains to farming or domestic machinery. Those desiring the most fruitful

SEEDS AND FERTILIZERS,

are requested to give me a call.

THE CELEBRATED TRIPLE GEAR HORSE POWER.

This power is all made of iron except the arms; it needs no recommendation, as its gradual introduction into all parts of this county establishes its great superiority over all others.—It applies to either belt or geared machinery.

Extra parts of machinery for repairs are always kept on hand for the speedy repair of any machine purchased at my store.

HECONDORN'S PATENT SELF SHARPENER REVERSABLE SHEAR

These blows are warranted and given on trial, they are manufactured at Centre Hall foundry, and kept at my store, also a full stock of shears and extra parts. Try one and you will find it runs lighter, steadier, do better work and last longer than any other plow in use.

COMBINED CLOVER THRESHER, HULLER AND CLEANER.

This machine has an established reputation, and is warranted to work in every particular, *or no sale*.

Further information, and pamphlets giving full description of the above machines will be cheerfully sent by mail, or otherwise upon application at my store.
