## The Ticket.

We run up to our mast head to-day. the ticket placed in nomination, by the county convention on Tuesday last-That it will give general satisfaction, to the Democracy and the people of the county every body believes. Since we have taken part in politics, we have never known a convention to pass off as harmoniously as did the one that placed in nomination the ticket we present today, nor have we ever seen unlucky candidates for the different positions, more rdetermined to do all in their power to secure an overwhelming majority, for successful competitors. To say that the ticket is the best that could be formed, would be casting a slur upon the many good men whose names were used in the convention, but were not choosen as candidates, but when we say that on the whole, a better or a stronger ticket could not have been ade, we are not saying a word to much Every man upon it is capable, ho straight forward.and deserving-faithful democrats and honest, honorable citi sens. They cannot fail to fill the different positions for which they have been chosen, with credit to themselves, their country, and the party that supports

we do not intend, as has heretofore been customary, to enter into the special laudation of each candidate. What can be said of one can be said of all. and the peculiar fitness of each one for the position to which he has been chosen. is admitted, by every one, even by th bitterest enemies our party has. Not only as candidates, are they qualified to fill the various offices for which they have been selected, but as citizens, they are without a stain upon their characters, or a blot upon-their positical rec-

#### Geary Comes out in favor of Negro Suf frage.

After months of equivocation, and lodging about, the abolition candidate for Governor, John W. GEARY, has en forced to come out on the negro suffrage question. At a political med ting, held on the 11th inst., at the Lochiel Iron Works, near Harrisburg, in a torming speech of about teniminutes length, in which he attempted to define

When the question of negro suffrage come up, it will probably in three or four years. I sall be ready to meet it, and I will say I who perseased to dry that eight of vole to the colored Max.

For his honesty in thus candidly acknowledging that he is in favor of negro oting, we are obliged to him. Although n the minds of those who were booked on the issues of the day, there never was don't wate GRARY'S position on the negro suffrage question, yet many honest en who have all along acted with the ibolition party, never dreamed that that party really intended, to force upon them a candidate for Governor, who favored any such pernicious doc-trine. But this acknowledgment of Gen Grany's will dispel all illusions that men may have upon that subject alt caves no opportunity for dishonest politionans, to decieve the mas es, by trying to hide the aims and objects of the abo lition party. It puts the issues of the campaign plainly before the people, so that none can be deceived, and leaves the people to choose between HIESTER CLYMER, an opponent of negro suffrage,

It is now no longer a question whether the abolition party would enfranchise the negroes of the country. Their plat form declares in favor of it, their speak ers advocate it, their papers attempt to show the people the benefit the country ntisens of Centre county would derive from it, and their candi other Union-loving estimates of Centre county would derive from it, and their candi-will be held at the COURT HOUSE, in the date, says "the is not prepared to deny the right of voting to the colored man What think you of this doctrine, white men? Are you ready to say by your votes, that this government made by the white men of the Revolution, shall be administered by men elected by the votes of Negroes? Are you willing that the laws which are to govern you, shall be made by negroes and men elected by the votes of negroes? Are you willing to say that your country is not a white mans' country, but a country of mulatoes mongrels and men not capable of self government? Are you willing to say that you have not the capacity to govern yourselves, and that you must call upo the negroes of the country to govern If you vote for GEARY you admis you?

and John W. GEARY, a supporter of it

these things.

There is no dodging, shirking or getting around the question now. The man who votes for, talks for, or works for GEARY's election, votes, talks and works for negro suffrage. The man who votes, andidate on the abolition ticket, from Congressman to Coroner, votes, talks and works for men, who would compel negro, sit in the jury box beside a negro, hold office with negroes, eat with megroes, sleep with negroes, marry with and associates of negroes, in every way that laws recognizing the equality of the

people
Are white men in no manner better than negroes, is the question to be decided at the polls on the 2d Tuesday, of October next The man who votes for GEARY says they are not He who vote votes for CLYMER, says they are.

## They Have Proved Themselves Disunion-

The honest people of the country are beginning to wake up to the wrongs which have been inflicted months South. and it is high time. We see no more cortain indication of our success than in this resolution which is everywhere taken place. When the stars and stripes fell from Fort Sumpter, smote down by a hostile band, the people of the North for a time ran frantic. They did not know at that time that the South had erds as Democrats.

To them, we point with pride as the standard bearers of our grand old party, in the campaign which has now opened. They are the representatives of a party whose aim is to advance the interest of tion on an important foreign missson, the rights of the white man, and whose and in the din of arms it was all hushed

#### A Bid for Irish Votes

Driven almost to desperation by daily esertions from his ranks, and seeing nothing in the future, but the most dis astrous defeat, the negro suffrage candidate for governor, JNO. W. GRARY, is and Irishmen, and in his frenzy is making a desperate effort to secure some support from the friends of that oppressed people. In his speech at York, as reported by Forney's Press, he says

"As the sworn and determined for of tyrant and oppression, in all its Protean shapes as oppression, in all its Protean shapes at es, I sympathized with Poland in her stru-for-deliverance—with Hungary in her c forts to be free and the same sympathies and principles lead me also to cherish the surcers and beartfelt hope that the day may not be vory re mote when Ireland, too, shall achieve her poli-

tical redemption." GEARY may have forgotten, but Irish nen have not, the infamous oath he took to ostracise them and theirs-when join ing Know-nothings, his memory may be short, in reference to the fact, that the party he represents, feted the representatives of Russia in grand style in the city of New York at the very time their government was committing the most brutal outrages upon the people that his party friends in Congress, voted down Mr. ANCONA'S resolution, enabling the Fenians to organize, in this country for the purpose of liberating Ireland.

These things he may have forgotter but no power on earth can prevent hiknowing, that to day, even at the mo ment he was uttering his hypocritical sympathies, for the oppressed of Europe -that in his own country -in a state con trolled by his own party, and under law enacted by his own political admirersthat Irish elergymen, are jotting in pris on, charged with the crime (') of preaching the Gospel without taking the outh escribed by Sumner, Stevens, Geary & Co. and that in the, same State-Misouri-sisters of charity are held under ar-Fest for TEACHING ORPHAN CHILDREN without taking the radical test outh !

If he is the "sworn and determined foe of oppression and tyrany " why he silent as to these acts of tyrany and oppression? Not a word of sympathy has he for the persecuted Catholics o Missouri, whose rights are being crushed benefith a blacker despotism than Engand wields over Ireland, or Russia ove Poland. Let him prove his profession by denouncing the oppressors of hish un in America, before he whines an more about the outrages committed up in them by other governments. His hyp seritical protensions are easily seen The veil that hides his real character is to thin

#### What Changed Curtin.

The fanatics and disunionists are in king no little fuss over the fact that talks or works for the election of any governor Curris has swung round and is now warmly applauding STEVENS and other abolition traitors. Cuarty some two months since when in this place them to deposit their ballots beside a was a warm friend of President Johnson. At that time he expected an ap pointment as Minister Piempotentiary, o Italy, and because he did not tget negroes, and become the companions that position, he now turns on the Preident, and like the whole pack of disapnointed office seekers, eases his disap faces could invent, or fasten upon the pointment by vilifying him. So great was his anxiety for the appointment, that he requested a Democratic friend of ours to ask us to say nothing through the WATCHMAN, in regard to his position as a friend of the President, for fear the radical papers would raise a howl about t, and the fanaties in the Senate refuse to confirm his appointment if made. He asserted positively that it "was only Sre VENS and that class of men who were keeping our country divided and in They are facts and we stand trouble prepared to proce them. So the radicals on thank JOHNSON for having CURTIN on their side. Had he got the position he wanted, he would be what they now on their side. Had he got the style, a "Copper-Johnson" politician

Such are the principles of ANDY CURTIS How to KEEP THINGS HIGH -The know at that time that the South had been goaded into desperation and then of the North, can thank aboltion coaxed into hostile measures by the very niggerism, for the exhorbitant prices men who pretended such supreme love and taxes they are compelled to pay. for the Union. This knowledge came Had they not wanted a change' in to the people by accident, and in their 1860, or voted for the 'God-and-mora'ity roast-beef and three dollar a day-party, they would now be paying old prices and be recieving gold and silver foi themselves, now they toil to keep nigger4 first and their families afterward-
