I have seen and used, as before stated, everyform of Bucks—the powdered leaves, the simpledecection, tincture. flaid extents,—and I am
not cognisant of any preparation of that plant
at all citual to yours. Twelve years' experience
ought, I think, to give me the right to judge of
its merits, and without projudice or partiality, I
give yours precedence over all others. I do notvalue a thing actording to its bulk, if I did,
other Buckse while dut-do yours, but I hold to
the doctrine that bulk and quantity denot makeup value—if they did, a capper cent would be;
worth more than a gold dollar.

I value your Bushu for its effect on patients, I have eared with it, and have seen cured with, it, more diseases of the bladder and kidneys than, I have over seen cured with any other Buchu, or any other proprietory compound of whatever

of over thirty years' experience, and a graduate of the Jefferson Medical College and of the University of Medicine and Surgery of Philwdel phia.

Dear Sir—In regard to the question askeo! me as to my opinion about Buchs, I would say that I have used and sold the article in various forms for libe past thirty years. I do not think there is any form or preparation of it I havenot used or known to be used, in the various diseases where such medicate agent would be indicated. You are aware, as well as myselfithat it has been extensively employed in the various diseases of the bladder and kidneys, and the reputation it has adjured in my judgement, is warranted by the facts.
