THNIGS ABOUT TOWN. AND COUNTY. -The Methodist revival at Milesburg

still continues. ----If you want to be booked up, buy a Democratic Almanac.

--- The Democratic Almanac for 1867 cap ten times the price asked for it.

-Prof. D. M Wolfowill preach in the German Reformed church, of this place next Sunday morning.

PLENTY OF IT,-Up to this date, snow to the depth of twenty eight inches has fallen in this section of the country, since winter

COURT.-The regular term of the January Court will commence in this place on Monday next. But five important cases are on the list for trial.

Finz-A stable belonging to Mr. John D. Foot of Milheime, was burnt to the ground on Tuesday night last, quite a lot of hay and farming utensils was destroyed with it.

Coming 'In-new subscribers to the WATCHMAN; over three hundred have been booked within the past two weeks We have still room for more

In Town .-- Hon. F. Kurtz, member of the Assembly from this county was in town on Thursday last. Fred has made a good Representative, and we are glad to see him

BLOCKED Up .-- The roads in part of the county are so terribly drifted as to be entirely impassible. The country mails, for object which touches the horizon is the tirely impassible. The country mails, for several days during the later part of last week failed to reach town in consequence of the condition of the roads.

NEED'NT GROWL -- Some of our city cotemporaries are complaining no little over the fact that their taxes, average two dollars and fifty cents, on the hundred dollars.
They need not growl, if they will come to Bellefonte they will have the privilege paying over three dollars to the hundred.

BELLEFONTE TO HAVE A THEATER. - While taking a look, the other day, at the town hall in Bush's building, we noticed that he has fitted up a large stage, with every thing complete to suit a Theatrical company Could'nt the work be hurried up a little se on the boards," before the winter is over

RAIL ROAD RUMON .- It is rumored about town, that the Centre and Mifflin Rail Road in to be finished to connect with the Snow Shoe Rail Road, at this place, during the coming summer If the report is correct. fiellefonte, will loose considerable Penns valley trade. The Snow Shoe Company we octiove are urging the completion of the road, in order to lessen the distance, to their coal markets in the eastern cities

Hors Ir'LL FOLLOW "Suit"-Nearly all of our exchanges published in the larger towns throughout the State, note the fact of s reduction in the price of Gas, per 1000 cubic feet. We hope our Gas company in this place will follow the example. There is no reason why Gas, should be higher in liellefonte, than in other towns of the same size in other parts of the State In fact it should be cheaper for we are right in the Coal regions. Will our company show that it wishes to do the fair thing by consum-

TRUPERANCE MEETING -By reference to our advertising columns it will be seen that the ladies connected with the Independent Order of Good Templars, in Bellefonte, propose having a series of ovster suppers during court week. The object of this movement, we understand, is to raise money to purchage furniture for their new Hall, in And the traveler will find that where Nathe new building just crected by our enterprising citizen D. The Agricultural College — We have
before us, a 'copy of the memorial of the
committee of the Agricultural college to the
Sagate and House of Representatives, of
Peff neylvania; urging the endowment of
the College, and the assistance of the State
in establishing three experimental faims,
in connection with it it gives a brief
statement of the fianacotal condition of the
college, and shows what has and what can
be done—the importance its suscess is to
the agricultural interests of the State, and
the benefits all classes will derive from the
moreased advantages it will have of being
beneficial to our real producers, the farmers. We hope the representatives of the
goughe at Harrisburg, will look upon this
memorial, in a light, that men desirous of
caring for the interests of the farming comsunnity is the interest of every one, and
anything that tends to increase its advantages, to produce the necessaries of
the happy, or of superior quality, necessarily
benefits all classes of our citizens. The
Agricultural college with its experimental
farms will do this. And we must recollect
that this college is a State, not a county
institution. The farmers of every section
of the Commonwealth, have precisely the
same interest is its success, Chathave those
of our own county, where it is lossed. Its

The callege as it is now is an honor to our State, but without the combined influence of all friends of the industrial classes, it sansot possibly attain that eminence and usefulness, that it otherwise would.

SCENERY OF CHATER COUNTRY .- Aside

from the historic interest, which surrounds European scenery, we will venture to assert

that we have in our own county of Centre

INTERESTING TO FARMER'S AND OTHERS .-- WO were shown the other day, the model of a farm and Yard Gate, invented by E. L. Others in town who examined the model, agree with us in saying that the gate is certainly the cheapest, simplest and best yet pattented. Any one can make it, and any child can open or shut it. It vill cost less than an ord inary pair of bars, an will be just as lasting as it is cheap. ORRH SRIMNER & CO.—SIRS:—Notwithstanding my general prejudice against propyistary (or patent) medicinas, I was induced it buy two bottles of the American Life Drops, through the high recommendation of them by a friend, as always ouring Diphtheria, cough, colds, core throat, branchitis, &c. My son, sixteen pyars of age, was taken suddenly ill with diphtheria and could rearrolly speak or swallow, his breathing was to had. We were much alarged, but decided to try the Life Drops, before calling a hypeician. By using the Drops according to direction, he was soon relieved and the disease entirely broken up. I let a friend suffering with Rheumatian have one of the hottles. He says the Life Drops give immediate reliaf, and are the best medicing he ever used. A family saap-him, fiftering from Colds and Fleenated Sore Throat, sized some of his, and were cuyed in a short time. Since then I let my thought, a physician, have part of mice, and with which he cured a had eagl Diphtheria. A. B. ELBER, Tally yours.
