

Democratic Watchman

TERMS—\$2 per year when paid in advance \$2.50 when not paid in advance, and \$3.00 when not paid before the expiration of the year.

ADVERTISERS—We have authorized the following gentlemen to receive and receipt for subscriptions to the Democratic Watchman.

ANSWERS TO CORRESPONDENTS. D. J. Mark—Oblige for your kindness, the receipts were forwarded as requested.

SCORCHING—As yet, the circulation of the Watchman is now four times what it was when we first took charge of it.

POLITICAL—You will find what you wish to see in number XXXIX, of Madison and Hamilton's letters published in the Liberator.

J. J. W.—We do not know, but imagine that you may either be a consummate fool, or take us to be greater, that we have any idea of acknowledging we are.

HISTORY—The three English Royalists, the Duke of Hamilton, Lord Holland and Lord Capel, were executed on the 9th of March, 1649. Cromwell dissolved the Parliament on the 20th of April, 1653.

MANUFACTURE—You had better call round and take a look at our new watch, you will be pleased with the situation, and feel certain that you will find it a good place to make the investment you desire.

W. W. W.—Your lines have been received, but owing to the fact that the occurrence to which they refer is all a myth we shall hold them over the present. We too were deceived by the same report, about which you write.

DISSENT—About the only way we can argue, that would be near right, would be to hang every mother son of them as high as Haman. It is the only way peace can be restored and the sooner our party makes up its mind to blot out this detestable sect, by populating hell with its treacherous leaders the sooner will we see the dawn of the good old days of Democratic prosperity.

THINGS ABOUT TOWN AND COUNTRY. A grand ball is to come off at the Cummings House on the evening of the 7th inst.

ALMOST FINISHED—Dun's new building will be ready for occupancy in the course of a few weeks. The town hall will be inaugurated sometime in April.

READ THEM—According to the Act of Assembly, we publish to day, the local laws relating to this county, which were passed at the last session of the Legislature. Read them.

LOUSHER COURT—An adjourned court for the trial of several important cases which were held over at the late session of the regular court will convene in this place on Monday next.

About twenty thousand individuals who desire, a live and fearless, Democratic Journal, can be accommodated by leaving their names, address and two dollars, at the office of the WATCHMAN.

Floors—Nearly all of our exchanges are now having floors laid, and rivers and creeks in their vicinity. So far, we have had enough of ice in the water, in this section to colour it.

GOOD FOR PHILADELPHIA—A friend writing from Philadelphia, says that the election held at that place on the 15th inst., resulted in the success of the entire Democratic ticket by the largest majorities ever obtained in that town.

GOING TO BE BUTLER—The County Commissioners were in session during the early part of the week making arrangements for the letting of the building of the new jail to be erected in this place. It seems from this that the cage is to go up during the coming summer.

LETT—Rouse's theatrical company left this place on Monday last for Hollidaysburg, at which place it intends remaining but one week. Rouse deserves patronage, and we hope our friends up in "ye ancient" village have appreciation enough of what is good, to bestow a liberal share upon him.

CONTRACT LET—The contract for building the Rail Road from Philadelphia to Clearfield town has been let to the Collins Brothers. It is to be completed during the coming summer, and is in running order by the 1st of January 1868. It will not benefit Philadelphia much, as the business men of that place are well aware.

PASSING BORN HOUSES—A letter from Harrisburg informs us that the Hill & Co. further supplement to an act to incorporate the Millin and Centre County Rail Road Company, has passed both houses. This will be good news for the friends of the road, and we hope they will use every exertion, to have it speedily completed.

IN TOWN—Ex Governor Curtin, has been in town during the past week. We understand it is his intention to visit Rome, and other parts of Europe during the coming summer, and on his return to this country, locate permanently in this place. He looks considerably broken down, as if official position and disappointments, had sat heavy upon him.

NO WOMEN—We hear considerable complaints from persons who are compelled to travel high street in the vicinity of the Depot, on account of the mud, and the almost impossible condition, of what should be the sidewalk. It is as much wonder, for any person other than a strong man, would almost swamp in the mud, in attempting to pass.

WELL SHOD HAVE PASSED AWAY—Broad sweeping hoop skirts are giving way to their new competitors for public favor, and soon will be numbered among the things that were. The pyramidal configuration which the fair sex for years have presented has collapsed, and women now present something of that graceful form in the new skirt with which they are associated in our "ideal of beauty." The fashion for the street now is a close fitting dress with a short skirt, and in the drawing room a tiara.

"The thing of beauty" that once reigned in the world of fashion was first created by the fickle goddess to be "a joy forever," and it receives with the honors it has won and the fortunes it has made for the dealers in wholesale and wire, and women now present a number of our young ladies upon street, without, (as appearances would indicate) any skeletons, and may say they look as charming and bewitching as if they had a charmed ring to take up all of the sidewalk. Some say they think as very sensible arrangement, as it is more easily made their way through the crowd.
