Agricultural.

GEISER SEPERATOR OR COMBINED THRESHER, CLEANER AND BAGGER

has no equal. It is simple, easily managed, reliable, durable, compact and cleanly to work by, not as dusty as the common threshing machine. It is permanently fixed on two wheels for hauling and thresing, and one man can move or shift it about in a barn floor more easily than a common threshing machine. It is adapted to any common four-horse or two-horse tread power, and requires less hands and no more power than a common threshing machine and shaker; it actually runs lighter and enables you to thresh and clean your crop in one half the time, it will thresh and clean all kinds of grain thoroughly clean by one operation, *ready for market*, no matter how filthy. Give it a trial. It is *warranted* to give satisfaction, and I am willing to be responsible if it does not come up to all that is claimed for it. For the truth of the above statements, I would refer all persons to the undersigned, who have purchased and used them for some time.

THE WORLD-RENOWNED SINGER SEWING MACHINE.

There can be no greater evidence of its superiority over all others, than the simple fact that all of the *tailors*, without an exception, all of the *milliners*, without an exception, and all of the *manua makers* and *dress makers*, without an exception, in Centre county, are using it in preference to any other; this is a fact that cannot be disputed. There are also hundreds of private families and farmers in every township in this county who can and *will testify* to its unrivaled merits; in a word it is the only machine that will sew all kinds of goods, from the heaviest to the finest, and all kinds of thread. This I will warrant it to do, *or no sale*. The Singer has been lately improved so as to make it *almost noiseless*, and simple in the extreme, and the price reduced. It will stitch, quilt, hem, fell, braid, tuck, cord, gather and sew on the band at the same time; any child can operate it, and it is warranted not to get out of order. I give full and complete *practical* instructions on the machine to every purchaser. Call and see them.

KEELER'S LANCASTER GRAIN DRILL, AND STEEL TOOTH HORSE RAKE.

These two machines are so universally used in this county, that they need no explanation, further than to say that I keep them for sale.

The remainder of my stock consists of
BECKER'S PATENT MEAT CHOPPER,
Wolf's Patent Cornplanter, the best Fanning Mill in use, which is a perfect Separator and Chaffer, Corn Shellers, Churns, Plows, Cultivators, Monroe's Rotary Harrow, Farm Bells, Ice Cream Freezers, Washing Machines and Wringers, Hay Elevators, Cider Mills, Forks, Shovels, Hoes, and everything that pertains to farming or domestic machinery. Those desiring the most fruitful
SEEDS AND FERTILIZERS,
are requested to give me a call.

THE CELEBRATED TRIPLE GEAR HORSE POWER.

This power is all made of iron except the arms; it needs no recommendation, as its gradual introduction into all parts of this county establishes its great superiority over all others. It applies to either belt or geared machinery.

Extra parts of machinery for repairs are always kept on hand for the speedy repair of any machine purchased at my store.

HECONDORN'S PATENT SELF SHARPENER REVERSABLE SHEAR

These plows are warranted and given on trial, they are manufactured at Centre Hall foundry, and kept at my store, also a full stock of shears and extra parts. *Try* one and you will find it runs lighter, steadier, do better work and last longer than any other plow in use.

COMBINED CLOVER THRESHER, HULLER AND CLEANER.

This machine has an established reputation and is warranted to work in every particular, *or no sale.*

Further information, and pamphlets giving full description of the above machines will be cheerfully sent by mail, or otherwise upon application at my store.
