BABIES that die under two years of ags, die from dis ease caused from teething. I state this, mothers and nurses, that you may earsize a greater degree of care over your little ones during this time. It is a well-established fact at a great majority of those who die in the prime of life contracted the disease in childhood, which through the negligence of mother or nurse was allowed to pursue its course unchecked, and which anight have been arrested in its earlier terrache care rimple means. It is fur this pursue. which aright have been arreaded in its earlier stages by very simple means. It is for this purpose we offer you this valuable remedy, safe in hands of any one, and unre to relieve in almost every case. Upon one other point we wish to give you some valuable information, and which if observed will save you'much trouble and many an anxion sleepless flight It is ...

that sleep is "Nature's sweet Restorer," and sit is a fact beyond contradict in that an easy, quiet and nati ral sleep at regular intervals, and especially at night, is absolutely necessary to health. It is during repose that the system strengthens and fortifies itself about the exhaustive influence of waking hours. Infants and children require twice the sleep of of an adult, and unless they obtain it by some means they are irritable and restless, the system is more sensitive to cold or other secting causer, more expused to the "avages of disease, and easily prostrated thereby. For producing a quiet, natural and refreshing sleep, one from which the child will awake, feeling refreshed and gleeful. Many of the articles put in market are FOUND-

they are not exposed to dirt, water, rustor any other causes of destruction—an advantage which only need be named to be appreciated. Another peculiar feature of this machine is that the cog gearings are all cut out of solid metal, which is regarded by all unprejudiced minds as one of the most important improvement ever made on Resping and Mowing Machines. The experience of all this is that cut gearing not only runs easier and with less noise and friction than common cast gearing, but that it immuch attorner and more dirable.

Many other advantages powersed by this machine will be explained in our Annual Catalegue which will soon be in the hands of our local and traveling agents.
