SPEECH OF HON, BENJAMINH, HILL

Delivered in the city of Atlanta, Georgia, Tues day, July 16, 1867.

Ludies and Fellow Cutizens :

Pardon me while I say that, in presenting my views. I think of no living man, individ ually, to whom my remarks are to apply I have come to talk freely to you about the dangers of the country. Little minds ascribe little objects to those whose views they do not agree with, and he had attained an un-conviable reputation whose friends say "you mean him," when I am speaking of treach ery and showing the evil consequences of certain line of policy. I have no personal attacks to make on an enemy, even if I have uue. God knows if I could, with my own hands, I would gladly place a crown of im<sup>#</sup> perishable honor on the brow of my most bitter foe, if I could thereby rescue my country from the perils that environ it [Applause ] But if I have an enemy, and a vindistive spirit, and desired him to be come forever infamous, I could ask no more soape it ! of him than that he should support the bellish schemes of these who are now seeking to subvert the Constitution and destroy of liberty. He is digging a grave for himself which posterity will never water with a tear. Let him alone. I have come to dis-

It was waged by men influenced in the masses by patriotic emotion on both

sides, and it was not to destroy the Constinuch crime and folly. tion, but to assert on each side their differnt views On our side it was asserted that
