FOR AUDITOR,

W presume that no intelligent lead. for the acts of the Rump Congress as dual will pretend now to deny any other people in the world, for they that his party is squarely committed to are represented by eighteen of the very negro suffrage, and that every one who worst of those composing it. world should desire to have a black man OVER EVERY PORTION OF THE stand upon a political equality with them COUNTRY Judging the future by squarrily upon as by the Radical party, ly at the coming election, we have collected a few facts in regard to that ques-PARTY which is at issue with us, and degrading to our race, and so subversive of the principles of our government

On the 3d day of July last, Senator SUMNER introduced into the Senate of the United States, Senate bill No 124, entitled "a bill to enforce the several us to labor in Are you busy-striving provisions of the Constitution abolishing slavery, declaring the immunities of citizens, and guaranteeing a republican. form of government by SECURING on Tuesday next. Although there is no THE ELECTIVE FRANCHISE TO governor to elect, yet a more important COLORED CITIZENS." The first section reads as follows :

Bection reads as follows:

"He it enited by the Sengte and Honge of Representatives of the United States of America in Congress nesembled. That avery citizen of the United States wha may have been as BLAW 60 NT ME DESCENDANT OF A SLAVE, or BY NEADON OF FAR TO A SLAVE, or BY NEADON OF FAR TO A SLAVE, or BY NEADON OF FAR TO A SLAVE, OF THE foregoing profession, die HERERY DECLAR-

The other sections of the bill provide for the punishment of all persons who serve by this bill that the leaders of the of Southern negroes, of corporations party think otherwise , that a Congress that have been fed and fattened at the excan also override the Constitution and men-of the bonded aristocracy that ab-Bultimore recently and presided over by Mr MAYNARD, a Radical congressman from Tennessee, and to which letters HENRY WILSON, senators from Massachusetts, by John Sherman and Ben-JAMIN F. WADE, senators from Ohio, by RICHARD VATES, sension from Illinois SCHUYLER COLFAX, of Indiana, speake of the House of Representatives, and by other radical gentlemen,, endorses the bil! of Mr. SUMBER, quoted above as

. . "It is the duty of Congress, under the nation Experimentally of congress, under the nationa Experimental of protect the equal voting right of all loyal American cetteens, REGARDLESS 19 THER COMPLEXION, for the remon that to admit the right of a State to limit the franchise to one class, admits the right to first it to any extent, an abuse, effectually guarded against by the Constitution in requiring that the United States shall guarded to every State in the Union Republican form of Government."

This resolution and the convention which passed it were fully endorsed by the distinguished and leading Radical members of Congress above mentioned. If the great States which hold elections this Fall cast their votes in favor of Radicalism, the bill of Mr SUMNER will unquestionably become a law, re-pealing the provision of the Constitution of Pennsylvania which limits the right of suffrage to white citizens, and that repeal will be enforced by Federal power it will thus be seen that, notwithstanding all the pains taken by Mongrels in this section to convince the people that made it the most important and vital issue vote for SHUGERT and MCINTIRE.

Two weeks ago we gave to our readers a history of the Ambrotype establishment, which was at Falmouth Va, in the winter and spring of 1863 showing the motives which induced the editor of the Press to make the assault upon A. C. Geary, In reply J. G. Kurtz alleges that the estab lishment was not owned by Thomas or A. C. Geary, but by the man who operated it, Chas Noll, and that the said Charles Noll and that the said Charles By virtue of an order result in the Noll before he died, made a will be equeathed or plants Court of Centre county, there will be exported to Public Sale, on the promise on ing it to the said J. G. Kurtz. Where is that will? Why does not Kurtz publish it ? that walt? Why does not Kurtz publish it?
It is a mere, myth conjured up to cover
Kurtz's dishonesty Colonel Beaver rays the
establishment belonged to Thomas and A. C.
Geary, Now Jihn George here is a direct
19816 beloween, you and Col- Beaver. If
neither Thomas nor A. C. Geary owned that
equal beloween to the property of the proper stablishment as it is known to every one Henry this containing that they never person ally operated it, how And how could are order issued against those in possession of it, effect A. C. Geary*
Was this pretended order issued while Noll Was this pretended order issued while Noll was in possession of it or after the mythical Will wis reale by him? Was Kurtz running this machine at the time the order was issued suppressing it begause it was a gambling hell? We have heard it running that gambling was one of the sources of George's profits in the army, but wa have of George's profits in the army, but wa have the restore credited it, because we did to the same time and place, the following per would be his bell and Household and Farming times to municipate to manifest to the same by the baseled and Household and Farming with the made known presongs to the same by the baseled and Household and Farming will be made known presongs to the same time and place, the following per was in the same time and place, the following per was instanced by the baseled and Household and Farming times to the same time and place, the following per was instanced by the baseled and Household and Farming times to manife the same time and place, the following per was instanced by the baseled and Household and Farming times to manife the time and place, the following per was instanced by the baseled and Household and Farming times to manife the time and place, the following per was instanced by the baseled and Household and Farming times to manife the time and place the sound property to with the same time and place, the following per was in property to with the same time and place, the following per was in particular to the same time and place, the following per was in particular to the same time and place. not think him smart enough o succeed in the business of he undertook it. The two statements of Kurtz and Beaver, however look very much as though the ramor was founded on fact. Come John George, try your hand again at white swashing your military record, and rec if you will make as great a botch of it as you did this time.

In raply to the simple statement of facts which we made concentrating the connection of B.O. Deininger with D. A. Ruhl, and not think him smart enough a succeed in

of B O Deiningof with D. A. Ruhl and his frauds and forgeries they have produced an affidavit of Mr. Jacob Sanders, denying wholesale the truth of these statements, but without furnishing any particulars upon which he grounded such denial. Let us investigate this a little. We did allege and now repeat that Deininger was the particular friend and confidential adviger, of Ruhl Does Mr. Jacob Sanders, deny this ? If so how does he know that it is not true? protect, will you not vote to save all that is Does Mr. Jacob Sanders deny this ? If dear to you from that gulf of ruin into so how does he know that it is not true? which abolitionism is plunging us God Was he himself in the unlimited confidence knows, that they have nearly ruined the of both Rubl and Deminger! And by this country already Will you trust them fur-ther To do so would be criminal in the mans knows that they were not confidencountry already Will you trust them further To do so would be criminal in the extrema.

Young MEN,
You have life before you, will you choose the destruction of your Constitution and your glorious country? Will you suffer yourselves to be made exuals of black men? Will you destroy your labor? Will you mortgage your lives to the bondhelders of the country? Will you destroy every prespect you have of future prospectly? Will you have the future prospectly? Will you saw the country? Will you destroy every prespect you have of future prospectly? Will you saw the country? Rather rise while you have the power and speak through the ballot box like men, and when you speak let your voice; be, for Sharswood and the whole Democratic ticket—for the Constitution and Union of our fathers—for a white man's government—for equal taration—for your own and your countries interest.
