THINGS ABOUT TOWN & COUNTY.

NEW CHURCH BUILDING .- The Messrs. Cronemiller are erecting a new M. E. Church at Port Matilda, which will be opened about the first of June next.

ANKLE BROKEN .-- We hear it reported that Dr. Purdue, of Halfmoon, had his ankle broken sometime during the first of this week. Our information is not exactly positive, and we hope the report may, not be correct.

ACCIDENT .- A young man engaged in painting the Bellefonte and Snow Shoe Rail-Road depot in this place, fell from the cave of the building to the ground, one day last week, and was seriously injured. Under the care of Dr. Geo, L. Potter, he is in a fair way to recover.

Good for Lumpening. -The weather thus far this winter has been very fine for the lumbering opperations, which ern part of this county. Whoever has not done so, ought to visit the campa'in

PRESENTATION -The congregation of the St John's Episcopal church of this place, on New Year's morning presented their pastor, Rev. J. & Laverty, with a pocket-book containing one hundred and twenty-five dollars, and, a fine dressing gown Mr. Laverty, has endeared himself to all classes of the community, during his residence here, and all will be pleased to learn of this testimonial of the regard in which he is justly held by his own diares -

DANGEROUS SPORT --- We notice every day many boys engaged in sliding down the hills which are so numerous in and about this town, This is a rough, though pleasant and healthful sport, and we are glad to see the boys enjoying themselves, but we desire to warn them against sliding down the hill in front of the new jail, which requires them to cross Allegheny street at a great speed: Every time this is done, there is a serious risk of life and hmb, for to come in contact with a passing team or sled might destroy either or both Parents should see to it that children are not permitted to slide in this dangerous

BERIOUS ACCIDENT .- James Delinas, a on of John P. Dehaas, of Curtin town ship, this county, was badly hurt some time since, by the falling of a horse which he was riding. He was thrown violently forward, his head first striking in a hard gravel road with great force He was taken up insensible, and for a long time his life was despaired of We are happy to learn that he is in a fair way to recover, being now able to go shout the house. He was affended during his illness by Dr. E. S. Dorworth, of Howard, assisted by Dr Wm. P Rothrock of Beech Creek, to whose care and skill he is greatly indebted for his re-

THE BELLEFORTAINE RAILWAY -- WO had the pleasure recently to pass over this truly splendid road. It extends from Crestline, Ohio, to Indianapolis, Ind., and is the shortest route from the East to St. Louis, and all the great West and South-west, South of Chicago. Its cars are of the very best, and have all the late improvements calculated to make passengers comfortable and are kept perfectly neat and clean. It passes through a most delightful country, and the rails are so smoothly and perfectly laid that there is no unpleasant jolting of the cars throughout its whole length, of 207 miles. We advise all who make a trip Westward or to the South West to try this route, if they are going anywhere South of the latitude of Crestline, Ohio At Indianapolis connections are made to any part of the West.

THE NEW BANK. - The bank which went into operation in this place on the 6th inst, we are informed, has for its president Mr. Henry Brockerhoff, and not John P. Harris, as we stated last week. We clip the following notice from the State Guard heartily commending all it says in regard to the officers of the new banking establishment, who are both too well known in this county to need any endersement from us:

The great increase of business in Bellefonte and vicinity has created the necessity for more banking capital, and we are happy to learn that this has been the men of wealth there. · A new banking firm was organized on day last, under the title of Milliken Hower & Co, with a paid up cash capi-tal of seventy five thousand dollars Mr. President, and Mr. J Dünlop Shugert the Cashier. The bank thus started under the most favorable auspicious. We have that knowledge of the firm which enables us positively to say that those who compose its officers are men of most extensive experience as financiers, as well as gentlemen of firmly established reputations for personal probity.

In and Mr. J Dünlop Shugert sufficient compared with those manufactured by Franklin's successor in this branch of hay, a lot of obay, a lot of of hay, a lot of obay, as shoats, as lot of philosophy, Mr. James Spear, of Philadelphia, who is the inventor and firmufacturer or less of wheat in ground, a lot of the admirable store of which we are about to apsak.
