

Special Notices.

Address to the Nervous and Debilitated whose suffering have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable. Do you suffer from indigestion, or have you suffered from involuntary discharges, or are you suffering from a general debility, or do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Do your kidneys, frequently get out of order? Do your urine sometimes thick, milky, or sticky, or is it of an offensive odor? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, moping, tired of company, of life? Do you wish to be let alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? Do you pursue your business with the same energy? Are your spirits dull and flagging, given to fits of melancholy? If you do not lay it to your liver or dyspepsia, have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver complaint? Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become polite and disagreeable, they are always polite and pleasant in the company of ladies, and look upon their right in the face—none of your downcast look, or any other weakness about them. I do not mean those who keep the organs inflamed by running to excess. These will not only ruin their constitutions, but also those they do business with or for. How many men from badly-cured diseases, have brought about that state of weakness in the generative organs that has ruined the every system so much as to induce almost every other disease—idiotcy, lunacy, paralysis, spinal affections, and almost every other form of disease which has its origin in the liver and the rest of the trouble scarcely ever suspended, and have died for all but the right one. Diseases of these organs require the use of a diuretic HELMOLD'S FLUID EXTRACT BUCHU is the Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organic Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.
