

The Democratic Watchman.

In order to encourage youthful aspirants to literary fame, we shall devote this column entirely to their benefit, and publish in it such productions as have formerly been cast into the "waste basket." We have not time to make corrections, consequently will give them verbatim as submitted.

ADDRESS.

BY T. R. EMERSON.

Wie machts ihr liebe junge leut,
Wo schreibst du dar "Watchman's" zeit,
Ihr alte, seht ihr auch recht wohl,
Wahr alle grecken olseimol;
Ich seht recht gut, und bin bereit,
Ein klaner address fun der zeit
Zu schreiben, das sich lochen macht,
Bis knep und knoppluch yadich krocht.
Ihr wist wir gleichen oll zu laochen,
Abdich gleich ich gelt zu machen,
So muss ich wannlich spass versalen.
Das drest wo es net dute versalen.
Ein fardel oder elfbenstick,
Ist weis der frieden unht der kiof
Fer mir ein guder drink zu bringen,
Rieh all ein "Nie Yahr's" lete zu singen.
My wansh is net juat zu ein pahr,
Fer der ein klicklebs "Nie Yahr's";
Aber alle de mine address haren,
Und kenne blisel gelt versalen.
Zum paries in der schunen ketich,
Dort find mon auch almanacher zweick.
Das predicht ernstlich gute zu schaffen,
Fer Gott und seine eigne waffen.
Zum Lawyer Jar recht fradich schreit,

Nod recht schellen und haligen,
Ist er woll über ir augen zeigen,
Und wile de court auct was zu sehen,

Zum Dentist dar zahn ruppe dute,

Zum Merchant dar de leit so leib,

Grea Excitement at Potters Mills on
new years evening the citizens of Pot-
ters Mills were very much excited, as
they were all at their quiet homes and
enjoying their own pleasures and all
was quiet and peace around them they
hear a very strange sound of music
something so strange that they did not
know what it was and up they started to
see what it was and to their surprise
it was the Boatsburg brass band playing
some of the most melodious music that
mortal man ever heard, and this band
was between the hotel and mill when
they commenced to play and before any
one knew that they were coming to this
place, well the band drove up to the
hotel and played one tune, and it was
one of the best tunes we ever heard
played by any band, and when they
stopped playing they went into the hotel
and ordered their supper, and while
their supper was getting ready they were
warm they played two very excellent
pieces on the porch of the Hotel, then
after supper they played and sang songs
until about nine o'clock, and the house
was crowded with spectators and all en-
joying themselves very well and I think
the members of the band enjoyed them-
selves equally as well as the rest of the
people did, they are a very clever set of
fellows and conducted themselves
like a set of perfect gentlemen, and all
who were present expressed themselves
that they played some of the best music
that they ever heard, among the pieces
which the band played, was a piece called
for by the ladies entitled Home
Sweet Home, which was performed better
then we ever heard it and with all the
solemnity that it could, we as citizens of
Potters Mills would return our sincere
thanks to the Boatsburg band for their
music and their gentlemanly conduct to-
wards us, and to the citizens of centre
County we would say that if they need
the services of a band they will do, well
by calling on this band before going
elsewhere, as they have one of the finest
waggon of any band we have yet
seen and the clearest members, and the
best music and their charges are very
reasonable we have been told and we
know they will discharge their duties at
all times in such a manner that where-
ever they are, their music will give life
and vigor to all present it cannot be
otherwise with the kind of a leader that
they have for we do think he is the
cleverest among them all perhaps (this
is on account that we are better acquaint-
ed with him then any one of the rest, but
he is surely a perfect gentleman and a
clever fellow.

MENY CITIZENS
Potters Mills, Jan 6, 1868.

MIGHTY DRY.—Some time ago Hud-
ville, Alabama, was under a municipal
law, permitting only druggists to sell
intoxicating liquors, and them only by a
written order from a physician. It hap-
pened on a cold rainy day, that a fast
chap, whose name might have been
Johnson, a drummer for a New York
dry goods store, dropped into Hudville
and after stopping at the Hotel, wrote a
note for a bottle of whiskey. The boy
returned minus the whiskey, but with
the information that a physician's order
would bring it. It only required a mo-
ment to add "M D" to Johnson's name
attached to the note, and the whiskey
was forthcoming. The next day, in
conversation with Johnson, druggist
addressed him as "Doctor." "Beg par-
don," said Johnson, "but I am no doc-
tor." "But the M. D. to your name
yesterday?" "Only stood for *Mighty*
Dry," was the cool reply.

Saw Mills.

ISAAC HAUPT & CO., OF MILES.

Take pleasure in introducing to the lum-
ber ports of Centre and adjoining counties,
their new and Improved
CIRCULAR SAW MILL AND CARRIAGE
with friction feed works that surpasses any-
thing that has been before the public, in the
manner of feeding the log to the saw, the
sawyer can feed the carriage fast or slow,
just by the pressure of the hand. The great
advantage of friction feed is in the fact that
the sawyer can work his mill at pleasure
when coming in contact with a knot or any
hard substance, he can bring the log to the
saw very gently, thus rendering the saw
less liable to break or get out of order, there
is no possibility of the carriage starting un-
less started by the sawyer, as is the case
with other feed works, the logs often slipping
one into the other without any aid except the
shaking of the mill, and then cog wheels are
easily broken especially when they are put
in gear the one standing still and the other
running at a speed of five hundred revolutions
per minute. Many things might be said
of our gearing that are objectionable when
attached to a mill for feeding purposes,
but of friction feed there can be nothing said
against it, as it is the only way to bring the
log in contact with the saw successfully.
We warrant our mills to give
ENTIRE SATISFACTION IN EVERY
particular, and claim that we manufacture
the excellent Saw Mill Carriage. Our head
blocks are made of cast iron with 2 inch
acres, and half-inch pitch so that two
turns will make an inch board thus saving
labor, as most all head blocks are only
one-fourth inch pitch and requiring 5 turns
to make an inch board. All kinds of mill
gearing and machinery made to order, and
every thing made of the best material and
by good workmen.
