THINGS ABOUT TOWN & COUNTY.

Workmen have commenced on Dr Mitchell's new house, on Spring street. A patent Brick Machine is being put up at the Snow Shoe Intersection, a few miles above Milesburg. Capt. R. D. Cummings, "the popular host" of the Eagle Hotel, Philadelphia, was in town on Saturday last. The public pasture grounds along the Bald Eagle Valley, are covered with cattle. The Lutherans of Rebersburg had a festival and jubilee, which closed on Saturday last. Bush and McClain have changed their plan and intend erecting a four story hotel, at the depot in place of three as first proposed. Centre county, pays over nine thousand dollars annually, to assessors and collectors of the Internal, or rather Internal Revenue. From present appearance, the crops in this section, the coming season will be heavier than any that have blessed our farmers for years. Bellefonte can boast of purer water, better hotels, prettier women, worse boys, more enterprise and higher taxes, than any other town in Central Pennsylvania. The worst disappointed chaps in this section, are the fellows who intended to run our post office, under the Wade administration. Keeps a good Hotel—Jeff Ward, of the Ward House, Tyrone. A well supplied table, and clean rooms, those who are lucky enough to give him a call, always find. One or two of the families who removed from this county to Virginia, in March last, intend returning as soon as they can dispose of their property. The new church at Port Matilda, does not seem to be getting along very fast. Work on it looks to be about as far back as it was a couple of months ago. The Rev. B. McGinn, of Doylestown, Pa., will hold divine service in the St. John Episcopal Church, on Sunday, the 31st day of May. The public are cordially invited to attend. The public schools in this place closed on Friday last, not to be opened until the completion of the new school buildings. Excavation for the foundation of which commenced on last week. The workmen employed, in excavation the cellars for the new school buildings in this place, when some four feet below the surface, found a complete Stake and rided fence, in almost as perfect a state of preservation as when it was first erected. If about forty of the boys who make a habit of playing around the depot when the trains are in, would get a leg cut off, it might learn the rest a lesson that would prevent them going back for a few days. We have been informed that bids at 30 cents per yard, for laying the water pipes along Allegany Street were ignored, and the contract let for 35 cents. How is this? It needs a little explanation. We noticed one of our Physician riding out of town the other day, and not twenty yards behind him was the hearse following. The poor chap who sent for him, had no idea that he would be put through so fast as appearance indicated. It may be interesting for our readers away down in the "Sunny South," as well as those among the sterile hills of New England to know that our apple trees are just in bloom, our rye just shooting into head, and our corn just planted, on this, the 29th of May. Bressler, a kind of chronic office seeker, of Clinton county, was to certain of Johnsons conviction and removal, and of his own appointment as assessor of this congressional district, under the Wade administration, that he had all his arrangements made to step into Major Fosters shoes, and remove the assessors office from this place to Lock Haven on Monday week last. The office didn't happen to move however. A little child of Philip Gross, about four years of age, was drowned in the dam of Mann's saw factory on Tuesday evening last. The body was discovered at eleven o'clock at night, after a search of several hours, under the gate of the dam, which was partly raised. The little child was very bright and interesting, and the whole community will deeply mourn its loss. The afflicted family have our sincere sympathy in their terrible affliction.

A fire broke out on Tuesday morning about four o'clock in the store-room of W. H. Cook at Milesburg, destroying nearly all the goods inside. The room was saved but much damaged inside. Insurance on the stock of goods, 10,000 dollars, in different companies. If consistent George, the would be editor of the Press will attend to his own business in the future, dispense with bad whiskey, and not otherwise make a fool of himself. I have no doubt that when the commissioner's need his services to advertise our business they will call upon him. When they have business with us I have no doubt they will make it known without being instigated like him, by the promptings of the Devil—adieu.
