Reapers & Mowers.

THE WORLD'S REAPER AND MOWER. Its compactness and symmetry will at once arrest every mechanical eye. The frame is of solid iron and is of a single piece.

The journals, shafting and gearing are all secured in the most substantial manner and can never change their relative positions. THE GEARINGS ARE ALL CUT OUT OF SOLID IRON.

and run with the precision of clock-work—thus obviating the self-destruction common to all harvesting machines heretofore invented.

A neat cast iron case incloses the works and protects them from dirt, water, grass, rust and all other external causes of destruction.

Such gearing, in such a frame, and protected thus, can always be relied on to do the work required and last an ordinary lifetime.

Many other advantages possessed in this machine will be explained in our Annual Catalogue, which will soon be in the hands of all our local and traveling agents.

We build only two sizes of the World's Reaper, differing only by weight, capacity and cost.

No. 1 (large size) cuts 4 feet and 4 inches in grass, and 5 feet in grain, and as a mower costs \$200, as a mower and reaper combined \$250, as a mower and self-rake attachment \$275.

No. 2 cuts in grass, 4 feet, and in grain a little less than 5 feet; costs \$175 and \$225.

We are confident of offering you the cheapest machine in the market. It costs but one-fourth more than a rough machine and will last four times as long!

K. BALL & CO., Canton, O. ISAAC HAUP, Belleville, agent for Centre, Mifflin and Clearfield Counties. Sub agents wanted. We will have 2 Reapers on exhibition in front of the Court House during Court week, one with self-rake and side delivery, where they can be seen until harvest. 12-20.

REAPERS, RAKES, SEPARATORS, AND DRILLS.

For sale by J. P. ZIMMERMAN, Bush's Arcade, Belleville, Pa. OHIO HARVESTER.

In view of the fact that many farmers were disappointed in getting reapers last season, it would be to their interest to order an Ohio Harvester early. It undoubtedly is one of the leading machines in the market, as was proven last season, by the great demand for them, which was not more than half supplied.

It is a combined Mower and Reaper, and can be had with Dropper and Platform, or both.

HORSE RAKE.

Pratt's Patent Horse Rakes, of which thousands have been sold, and given universal satisfaction, will also be sold by J. P. Zimmerman, agt.

DRILLS.

The Celebrated Willoughby patent Gun Spring Grain Drill will also be sold by J. P. Zimmerman

SEPARATORS.

Farmers, look to your interests! The well known self regulating Grain Separator, Geisler's Patent, will also be sold by J. P. Zimmerman

It will thresh and clean the grain perfectly clean, ready for market, by one operation.

For particulars, address J. P. ZIMMERMAN, Belleville, Pa.

HUBBARD MOWER AND SELF RAKING REAPER.

This celebrated machine is now offered to the farmer of Centre county, it is a side delivery machine, will drop the grain in a neat sheaf or swath, and will do it as well as it can be done by hand. It runs very light, one man and one pair of horses can cut one acre per hour. It is warranted in every particular. It has taken the first premium for six successive years at the Ohio State fair, (no premium awarded last year). It took the grand Gold Medal at the great National Field trial held at Auburn, New York, in '66. Farmers wanting a first class harvester will do well to examine it before purchasing any other machine. It will be on exhibition at Belleville in front of the Court House during the April Court.

D. LEYDEN, Agent.

THE KIRBY

IT MOWS! IT REAPS! IT RAKES! Farmers look to your interests—buy a KIRBY COMBINED MOWER & REAPER with reel self-rake—very much improved—Those who already have the Kirby, Reaper, and want extras for the coming harvest will please hand in their orders at once
