

The Democratic Watchman.

A Radical Plank in Limbo.

The Wailing of the Conspirators.

The Republican in its wailings yesterday morning, says "The most sanguine friends of the impeachment confess that it has failed." This is a confession that its former predictions have been false, and those of the Register correct; which is accounted for probably by the fact that we judged from the law and testimony in the case, while our neighbors wrote from the impulse of prejudice and partisan feeling.

We were inclined to believe from the time the evidence closed, that there would be found some Republican Senators with whom justice was greater than spoils, and greater than any considerations of party policy or necessity—some broad-minded statesmen among the time-serving politicians, some independent Senators who look beyond the petty excitements and party objects of the hour to the judgment of impartial history; men who would not sacrifice their sense of justice and self-respect to escape the Radical faction or to share in the profits of the revolutionary Radical game for the Presidential succession. Our Radical friends, on the contrary, believing conviction would tend to strengthen their party in the coming Presidential contest, by placing at their disposal the entire patronage of the Government, could not think for a moment that conscientious scruples would deter any Republican Senator from voting for conviction, when party success was at stake. But to their surprise and disgust they find that there are seven Republican politicians in the Senate, that have a sense of justice and honesty.

All their predictions having failed, they press throughout the country set up a wail and charge corruption against their own party that is astonishing to those who have had faith in the integrity of the best men of that party.

The Chief Justice—the presiding officer of the Court is assailed—not because he has been bribed by money—but because he has been bribed by influence Senator Van Winkle, of West Virginia. The Tribune says:

"The man who has done more than all others, unless in a pecuniary way, to secure this result, is Chief Justice Chase. He decided the vote of Mr. Van Winkle."

This is a double charge, one against Chief Justice Chase, and the other against Mr. Van Winkle. The people will decide as to the propriety of the Tribune making charges of bribery against such men as Mr. Chase, Senators Van Winkle, Fessenden, Trumbull, and others, either of whom are better men than can be found on the Tribune staff, and less likely to be bribed.

It is not for us to take up the cudgel for Senator Fessenden, or any of the other Republicans who voted against impeachment, but we must say if these men are dishonest, we are at a loss to know where to find any honest politicians in the Republican party. The charges of bribery and being bought up, so freely circulated by the Radical press against the seven who would not perjure themselves, adds still further proof to the assertions frequently made by the Democratic press, that the Radical party is the party of corruption, and its leaders are not to be trusted. That this is a fact, we now learn from their own lips, for if Fessenden, Trumbull, &c. can be bought up—the men among the few in that party who have a reputation for political honesty, what confidence can the people place in those would-be leaders of the party, who never had a reputation for honesty? Let the people ponder on this, and remember, that out of their own mouths are the Radicals convicted of bribery and corruption—Scranton Register.

No Tariff Plank.—The Radical convention at Chicago had not a word to say about a tariff. Not only was Pennsylvania a candidate for the Vice Presidency completely ignored, but the peculiar political hobby of Pennsylvania Republicans was not even mentioned. What are we to understand by this ominous silence? Has the party been converted to the doctrine of free trade? Was this thing done at the demand of the West? Was the influence of that section so great in the Convention as to secure both candidates and the platform? We desire to see what explanation will be given for this omission of a tariff plank in the platform. Heretofore it has been a distinctive feature in the creed of the Republican party. Is it to be abandoned, and if so, why?—Lancaster Intelligencer.

The Income Tax.—The Income Tax for a standing army in the South Revenue that army, and the tax will cease. What does the North, don't you think you have been burdened long enough with this odious tax, merely that the ignorant negro may be made a voting member of the Radical demagogue and add a few dollars to the income tax wrong from your hard earnings goes to bolster up this Radical outrage.

Two old New England ministers were riding just a gallop, when the older one asked the other, "Whose would you bet that tree-bore its proper fruit?" "Riding stone dir." was the immediate reply.

The double-faced or shuffling character of the Grant-Collins platform, on the public debt question, has thus early been exposed. On Monday Gen. Carey, of Ohio, an independent Republican, coupled an explanatory and declaratory resolution with the preamble of the Chicago convention platform, and offered it in the Rump House, as follows:

"WHEREAS, The national honor requires the payment of the public indebtedness to creditors at home and abroad, not only according to the letter but the spirit of the law under which it was contracted; therefore

"Resolved, That neither the letter nor the spirit of the law under which the 5-20s were issued, requires payment of the principal in coin and it will be in the utmost good faith if holders thereof be paid in the same money which has been paid to the soldiers who fought the battles of the war, and with which the Government settles the claims of the widows and orphans of our fallen heroes—the same that the laborers are required to receive as wages, and that which is a legal tender for all public and private debts, except custom duties and interest on public debt."

To have passed this resolution would have pleased the soldiers and working-men of the country and displeased the bond-holders, who to have rejected it would have offended the former and gratified the latter. The Radical leaders therefore did neither, but, like the tricksters and cowards that they are, they referred the proposition to the Committee of Ways and Means, by a vote of 74 to 27 by which committee it will be effectually smothered. Gen. Carey is not the man to give it up, however, but is determined to persevere until he succeeds in compelling the Radical leaders to define their true position, without doubt, quibble, or uncertainty, upon this most vital question.—Harrisburg Union.

ONE OF THE BOND HOLDERS LATEST DOGMA.—Saying that Mr. Pendleton fully understands that it will not do for him to be the Democratic candidate for President, and has already written a letter withdrawing, which parties in New York have seen! That is a good one! We have not seen the man that believed it, but we have seen one that heard some fool say that he believed it. We don't deny it—because it is too silly to need it. Mr. Pendleton has not the slightest power to prevent having his name put only presented, but forced to an issue, as a nominee for the Presidency. There are but two objections to him. One is that he is a Democrat, and every Democrat wants to have a Black Republican Democratic candidate. The other objection is that Mr. Pendleton represents the wants of nine-tenths of the voters, on the financial question—and our dear friends, the gold interest getting Bond holders, want not to give the people a chance to vote for a relief of our heavy taxation.

When Mr. Pendleton ceases to be the candidate of that unreasoning majority—those obstinate eleven jurors that will not yield to the twelfth, who ought, he thinks, to have his will we will know it, and proclaim it, without fail.—M. Y. Freeman's Journal.

NOT SIGNIFICANT.—The apparent unanimity of the nomination of General Grant says the New York World, is of no political significance. Clay was nominated by acclamation and with the same unanimity by the Whig convention in 1843, while the Democratic convention of the same year came together with as much doubt as to a candidate as may mark the opening proceedings of the convention this year. Yet when Polk was nominated the party was thoroughly and enthusiastically in accord, and the candidate was triumphantly elected. For a later instance, it was hardly possible for any convention to assemble with more unanimity before it than the Democratic convention of 1852.—But when Pierce was nominated against Scott the conqueror of Mexico there was "unanimity" enough to enable him to carry every State in the Union, excepting four.

DEBTS ABOUT THE ARMY EXPENSES.—The Radicals in Congress have made up their estimate for the army during the coming year at the not very diminutive figure of \$80,000,000. Yet it is a fact that the monthly expenses of the costly concern, as at present constituted, are over \$10,000,000. They desire to hood-wink the people until after the Presidential election, and then a deficiency bill will be passed appropriating one hundred millions additional for the army, which is being employed to regulate negro vote in the South. That is the only use it is on earth at present. Let the people understand this thing. The figures which we give are indisputably correct, and they teach a lesson which the overburdened tax payers would do well to heed.—Lancaster Intelligencer.

Grant and Collins are from adjoining Western States. The bondholders, the extreme Radicals and bloated monopolists of the East framed the platform to suit themselves, and then gave both the candidates to the West. The people of each section were ignored by the Convention, and their wishes disregarded. They will have something to say at the election.

Hooiland's Bitters.

HOOILAND'S GERMAN BITTERS, AND HOOILAND'S GERMAN TONIC.

The Great Remedy for all Diseases of the LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOILAND'S GERMAN BITTERS is composed of the pure juices (or, as they are medicinally termed, Extracts) of Roots, Herbs, and Bark, making a preparation, highly concentrated, and entirely free from alcoholic admixture of any kind.

HOOILAND'S GERMAN TONIC, is a combination of all the ingredients of the Bitters, with the purest quality of Santa Cruz Orange, &c., making one of the most pleasant and salutary remedies ever offered to the public.

Those who have no objection to the combination of the Bitters, as stated, will use HOOILAND'S GERMAN BITTERS.

They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, as indigestion, Dyspepsia, Nervous Debility, &c., is very apt to have its functions deranged. It is very apt to sympathize as it does with the Stomach, thus becoming affected, the result of which is that the patient suffers from several or more of the following diseases:

Constipation, Flatulence, Inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heart-burn, Disgust for Food, Fulness or Weight in the Stomach; Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Headache or Difficult Breathing; Flushing at the Heart, Choking or Suffocating Sensations, and a Lying Posture, Dizziness of Vision, Double Vision before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginations of Evil, and Great Depression of Spirit.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possess the merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well known remedies—

HOOILAND'S GERMAN BITTERS, AND HOOILAND'S GERMAN TONIC.

Prepared by DR. C. M. JACKSON, Twenty two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhea, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach or Intestines.

Resulting from any Cause whatever: prostration of the system, induced by Severe labor, hardships, Exposure, Fevers, &c. There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE, And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this Bitters or the Tonic, an elixir that will lengthen his life into their years, restore in a measure the energy and ardor of more youthful days, build up their shrunken frame, and give health and happiness to their remaining years.

NOTE.—It is a well-established fact that fully one-half of the female portion of our population are seelish in the enjoyment of good health, or, to use their own expression, "never feel well." They are long and tedious of all energy extremely nervous, and have no appetite. To this class of persons the Bitters, or the Tonic, is especially recommended.

WEAK AND DELICATE CHILDREN Are made strong by the use of either of these remedies. They will cure every case of rickets, without fail. Thousands of certificates have accumulated in the hands of the proprietor, but space will allow of the publication of but a few. These, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIAL.—Hon. Geo. W. Woodward, Chief Justice of the Supreme Court of Pa., writes: Philadelphia, March 18, 1867. "I find Hooiland's German Bitters is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours, truly (Geo. W. Woodward.)"

Hon. James Thompson, Judge of the Supreme Court of Pennsylvania, Philadelphia, April 28, 1865. "I consider Hooiland's German Bitters a valuable medicine in case of attacks of indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect James Thompson."

CAUTION.—Hooiland's German Remedies are counterfeited. See that the signature of C. M. JACKSON is on the wrapper of each bottle. All others are counterfeit. Reapers & Mowers.

THE WORLD'S REAPER AND MOWER.

Its compactness and symmetry will at once arrest every mechanical eye. The frame is of solid iron and is of a single piece. The journals, shafting and gearing are all secured in the most substantial manner and can never change their relative positions.

THE GEARINGS ARE ALL CUT OUT OF SOLID IRON, and run with the precision of clock-work—thus obviating the self-destruction common to all harvesting machines heretofore invented.

A neat cast iron case incloses the works and protects them from dirt, water, grass, rust and all other external causes of destruction.

Such gearing, in such a frame, and protected thus, can always be relied on to do the work required and last an ordinary lifetime.

Many other advantages possessed in this machine will be explained in our Annual Catalogue, which will soon be in the hands of all our local and traveling agents.

We build only the "World's" Reaper, differing only by weight, capacity and cost.

No. 1 (large size) cuts 4 feet and 4 inches in grass, and 7 feet in grain, and is hauled over coals \$200, as a mower and reaper combined \$250, as a mow-cut and self-rake attachment \$275.

No. 2 cuts in grass, 4 feet, and in grain a little less than 3 feet; costs \$175 and \$225. We are confident of offering you the cheapest machine in the market. Reapers but one-fourth more than a rough machine and will last four times as long!

R. BALE & CO., Canton, O. ISAAC HALEY, Bellefonte, agent for Centre, Mifflin and Clearfield Counties. Sub agents desired. We will have 2 Reapers on exhibition, in front of the Court House during Court week, one with self-rake and side delivery, where they may be seen until harvest.

12-20. For sale by J. P. ZIMMERMAN, Bush's Arcade, Bellefonte, Pa. OHIO HARVESTER.

In view of the fact that many farmers were disappointed in getting reapers last season, it would be to their interest to order an Ohio Harvester early. It undoubtedly is one of the leading machines in the market, as was proven last season, by the great demand for them, which was not more than half supplied.

It is a combined Mower and Reaper, and can be had with Dropper and Platform, or both.

HORSE RAKE. Pratt's Patent Horse Rakes, of which thousands have been sold, and given universal satisfaction, will also be sold by J. P. Zimmerman, agt.

DRILLS. The Celebrated Willoughby patent Gun Spring Grain Drill will also be sold by J. P. Zimmerman.

SEPARATORS. Farmers, look to your interests. The well known self regulating Grain Separator, Gibber's Patent, will also be for sale by J. P. Zimmerman.

It will thresh and clean the grain perfectly clean, ready for market, by one operation. For particulars, address

J. P. ZIMMERMAN, 13-153m Bellefonte, Pa.

HUBBARD MOWER AND SELF RAKING REAPER.

This celebrated machine is now offered to the far east of Centre county, it is a side delivery machine, will drop the grain in a neat sheaf or swath, and will do it as well as any machine in use. It runs very tight, one man and one pair of horses can cut one acre per hour. It is warranted in every particular. It has taken the first premium for six successive years at the Ohio State Fair, (no premium awarded last year.) It took the Grand Gold Medal at the great National Field trial held at Auburn, New York, in '66. Farmers wanting a first class harvester will do well to examine it before purchasing any other machine. It will be on exhibition at Bellefonte in front of the Court House during the April Court.
