THINGS ABOUT TOWN & COUNTY.

Several cases of dysentery, are reported in this place.

Hon. J. B. McAnelly of Clearfield will fill the place of president Judge at our next term of Court.

Let no Democrat forget that tomorrow (Saturday), is the day for holding the delegate elections.

There has been more damage done by lightning to trees, buildings in this section, the present summer than for years.

Mrs. Harriet Gray, wife of Saml F. Gray, Esq., of Patton township, had her arm broken by being thrown from a horse on the 2d inst.

A wagon belonging to some person we know not who, got washed to pieces by the cars in the vicinity of Thomas' mill, on Tuesday last. The horses and driver escaped unhurt.

A corps of engineers, who are engaged to survey the route of the Millin and Centre county R. R. was in town on Tuesday last, preparing to proceed with the work.

The Democrats of this place organized a Democratic Association, with Hon. T. Sluoger as President, M. J. H. Forster, Secretary and J. P. Gephart as Treasurer.

Corner stone of the Lutheran church, at Bonahoe will be laid on Sunday August 16. Several of the neighboring ministers will be present. The public in general are invited.

A little son of Mr. August Cox of this place, attempted to ride a blind horse to water on Sunday last, and was thrown from it and seriously if not dangerously injured about the head and face.

Quite a consternation was kicked up on Monday morning last, among the owners of dogs in this place, by finding about twenty of the "canines" lying about the streets, "dead-dead-dead" "pized to death."

Mr. Frank Hesse of Potter township has kept a pumpkin in a perfect state of preservation from the time of gathering them last fall to the present time. It is neither wilted nor speckled, and is as plump and sound as the day it was pulled.

It is said that the new Presbyterian church to be erected in this place is to have a six thousand dollar organ and a chime of bells. We wonder if this additional show and expense, will add one soul, to those it may be beneficial in saving.

WANTED.—A subscriber, to take the paper formerly sent to Capt. George D. Pifer, of this place, who has refused to receive it because we made no note of the fact that he had received the appointment of high-cook a lorum, of the "G. A. R." of this County.

There is a beastly scandal afoot in this town, the details of which are too disgusting to mention. We hope for the sake of humanity that there is no truth in the reports, but should there be there is need of tar and feathers or a hemp rope with a good weight at one end.

Arrangements are being made, by which our County fair to be held some time in September on the new fair grounds in this place, will be one of the largest and most interesting County fairs ever held in the State. We hope our farmers and mechanics will prepare for it.

LARGE CLOVER.—We have been presented with a stalk of clover measuring 5 feet and 8 inches after being cut off with a scythe. This beats any that we have ever yet recorded, or seen noticed in any of our cotemporaries. It was cut on the farm of Mr. J. L. Gray, of Half-moon township and brought here for our inspection. Can it be beat in any part of the country?

HIGH CORN.—Mr. George Yark of Penn Hall, writes us that he has a corn stalk in his field that measures eleven feet and eleven inches in length. He has named it "Seymour," and would like to know if any of our farmers can beat it.

Since the above was in type we have received a note from Ex-Sheriff Alexander saying: "I this morning measured a Grant and Colfax stalk of corn, in the lot of Geo. Hoover, of Unionville, that measure eleven feet, four inches and a half." Mr. Alexander will have to stretch "Grant and Colfax" a little. They are almost as far behind "Seymour" in the corn stalk business as in the political race.

We WIRE CORNER.—As some of our merchants took particular pains on last Saturday to induce farmers and others, that the market reports in this paper were not to be relied upon and that butter was worth but twenty-five cents in place of thirty as reported, we take particular pains now to "inform the public generally" that the WATCHMAN was right at that messers Hoffer & Bros who correct our reports, paid thirty cents per pound, as reported.

WATCH YOUR ROOST.—On Saturday night last, a branch of the "G. A. R." (Grand Army of the Republic) was organized in Bonahoe, and the same night three hen roosts and two spring houses were robbed. We would urge citizens residing in neighborhoods when this midnight organization exists to be on their guard, for there is not a man who would endorse the ends it aims to accomplish, and who would associate with the hummers, deserters, and cowards who form the great body of this dirty arrangement, but would steal an unbatched chicken or a rotten egg if he could find nothing more valuable to take.

FRIEND WATCHMAN.—Our usually quiet little village was startled last evening, by the report that XX. Parson Holmes, editor of the Herald, had been cowhided in his sanctum by a Yankee lady, of good standing in society, and above reproach. It seems that the lady in question heard during the day that her character had been assailed by the said X X Parson, and when called upon for an explanation he would give her no satisfaction whatever. She then proceeded to exercise the right of Judge and Jury, by inflicting such punishment as best satisfies an injured woman's revenge. We trust that a few lessons of this kind will teach him to mind his own business, and keep his tongue and crooked ankle out of other people's affairs.

[For the WATCHMAN.] BELLEFONTE ACADEMY.—It would be very strange if in a town like this, which has always enjoyed a reputation for intelligence and culture, it is now rapidly acquiring a name for enterprise and public spirit, a first class Academy could not be sustained. An experiment of one year under many disadvantages has demonstrated the fact that the families of the Borough are awake to the importance of maintaining such an institution, both for the benefit of their own children, and for the improvement of the town.

The school year recently closed has been a very prosperous one. Regan last fall with six pupils in the lecture room of the Presbyterian church, the school rapidly filled up so that it has fully paid the salary guaranteed to the Principal, besides a heavy bill of incidental expenses.

The success of the past year certainly warrants the Board of Trustees in taking prompt measures to enlarge the accommodations and secure the services of a Principal who expects to establish himself permanently in this community, and whose testimonials are of the highest character. The Trustees have recently filled up a number of vacancies in the Board, examined into the condition of the treasury and set on foot a thorough repair of the old Academy building, so as to make it suitable for the residence of the Principal and the accommodation of a number of boarding pupils. They expect to be in possession of the property in September next.

The situation of the Academy can not be suppressed for conspicuousity and beauty. Mr. J. C. Sideny, Architect of Philadelphia, the gentleman who designed the beautiful plan for the new Presbyterian church in this place, has furnished a plan for the improvement of the Academy within and without, and will furnish besides a design for the laying out of the grounds. If these plans are carried out, we shall have a handsome school property which will be a credit to the town, and no doubt a stimulus to its future growth. The building is at present much out of repair, and will require a much larger sum than the Board have on hand to put in good condition. The Trustees have less than two thousand dollars to expend at present, but they will do what they can with this. They trust to be able to satisfy the community that the institution is now a permanent thing, and worthy the patronage of the public, and their liberal contribution of property holders to its further improvement in a neighboring County-town known to the writer the building up of a classical school has been the means of giving the whole town a wonderful impetus in the way of improvement and growth, families from the county, with children to educate, are moving into the borough, and investing their money there. The same result will undoubtedly follow the building up of a good classical school in this town. Citizens should look at it in this light, and put a shoulder to the wheel. There are those who are ready to do the work, and watch over the interests of the institution, if the citizens will furnish the means for giving a respectable appearance to the property.

The Trustees have lately elected as Principal, the Rev. James P. Hughes, of Tipton, Iowa, formerly Principal of the Edgemoor school at Princeton, New Jersey, an institution of established reputation throughout the whole country. Mr. H. when he will remove to Bellefonte during the coming month, and be ready to open the next term about the first of September. We bespeak for him a cordial welcome, and the co-operation of all interested in the cause of liberal education. He has had many years successful experience in preparing young men for college, and instructing young ladies in the branches usually pursued in a first class boarding school.

The Board of Trustees at present constituted, consists of the following persons: Andrew Gregg, Joseph Green, James Arner, Harry Mear, H. N. Modler, Samuel Linn, G. W. Curtis, E. C. Humes, Edmund Blanchard, Charles McCafferty, Gen. James A. Beaver, Dr. E. W. Hale, John P. Harris, A. S. Valentine, Jacob V. Thomas, A. O. Furgat, R. B. Valentine, Adm. Rev. Samuel Van Treis, George M. Youm, Rev. Alfred Yeomans. The attention of the public is called to an advertisement of the Academy in another column.

On Tuesday morning last, while Boaz Lucas and another person were engaged in digging a well in Curtin township, Mr. Lucas, being at the bottom of the well, complained of "foul air," and requested to be hoisted up. When about fifteen or twenty feet from the bottom, he fell from the bucket, and broke his neck. It is not known whether he was overpowered by gas, or whether he fell from the bucket by accident.

Rishler's Saloon will be closed for one week, on account of the death of the proprietor's father.

Announcement.

We are authorized to announce the name of JOSEPH McCLOSKEY, of Curtin township, as a candidate for County Commissioner, subject to the decision of the Democratic County Convention.

Business Notices.

One of our "Bible" Hoves Doesn't imply that he is engaged in the silk business. Neither does it follow that when one is humbugged, he should conclude there's no more honor in the world. Now a great deal of annoyance and dissatisfaction has been caused of late years by illy contrived and miserably operating Cooking Stoves; but we are glad to learn that perfection characterizes every point in the "BARLEY SHEAF," the new Cook introduced by Stuart, Peterson & Co., Philadelphia. The trade in our section should make a note of this, and at the same time beware of imitations. The firm named are the only Manufacturers of the "Barley Sheaf." For sale by W. W. Wetzel, Milesburg, Pa.

Time's first footprints are wrinkles and gray hair and although nothing has been discovered to eradicate the former the latter may be easily obliterated by the use of King's Vegetable Ambrosia. We know that it will restore gray hair to its original color and remove from the scalp all itching irritation, whether caused by dandruff or humors, at the same time imparting to the hair that glossy and beautiful look so much desired.

Look on this picture, and then on that! Here you behold the infirm step, the pallid cheek, the wasting form, the untasted food, and a social atmosphere poisoned with the tales of aches, pains, Sleepless nights, and mental derangement. There, laughing health, sparkling eyes, Elastic steps, craving appetite, forgotten cares, Genial thought and ambitions resolves show the contrast and mark the picture.

BELLEFONTE ACADEMY.—The next term of this institution will open on WEDNESDAY, September 2nd, in the north wing of the Academy building, the room is being thoroughly repaired and furnished, and will be ready for use by the opening of the term.

The Board of Trustees take pleasure in announcing that they have engaged as Principal, the Rev. James P. Hughes, formerly of the Edgemoor school, Princeton, New Jersey, who is a graduate of Princeton College and Seminary, and has had fifteen years successful experience as an instructor. He has devoted himself to teaching as the business of his life.

The Trustees invite the patronage of the public in the full confidence that this school now offers unusual advantages for thorough and judicious instruction. The Principal with his family will reside in the Academy, and it is the intention to give personal accommodations for boarding pupils as they may be required.

The estimate upon the abilities of the Principal, both as a teacher and a disciplinarian, by those well qualified to judge, may be seen from the following testimonials selected from a number of like reports in an Edgemoor catalogue.

From Rev. P. D. GURLEY, D. D., Pastor of the New York Avenue Church, Washington, D. C. January, 19th 1860

I am well acquainted with the Rev. James P. Hughes, of the Edgemoor school, New Jersey, and have had two sons under his care. It is with unusual confidence that I recommend him to parents as a thorough and efficient teacher, exerting a happy influence on his pupils, and judicious in the administration of discipline.

From PROFESSOR (now President) CATTELL, of Lafayette College, July, 1860

I have known Mr. Hughes intimately for a number of years. He is one of the Assistant Instructors during a part of the time I was at Edgemoor, and having had ample opportunities of observing his character and qualifications, I am the more willing to express my high opinion of his thorough and effective teaching, and his unusually happy influence over his pupils. In his latter respect Mr. Hughes has, in my opinion, no superior, and but few equals.

From Rev. Alex. L. McCall, D. D. Professor in the Theological Seminary, Princeton June, 30th 1860.

I have great confidence in the Rev. James P. Hughes as a good teacher, both in his aptness to give instruction, and his tact in the administration of discipline. He has had two sons under his care, and from the most careful observation, I am free to recommend the school as one of safe and thorough instruction.

From Rev. CHARLES HONOR, D. D. Professor in the Theological Seminary, Princeton June 20th 1859

I have for several years been acquainted with the Rev. James P. Hughes, Principal of the Edgemoor school, Princeton N. J. I believe him to be a faithful and competent teacher, sincerely devoted to the instruction and welfare of his pupils.

For terms and further particulars application may be made either to the Principal or to Rev. ALFRED YEOMANS 13 31 4t President of the Board of Trustees
