The Democratic Watchman.

LCONTINUED FROM BROOND PAGE. hundreds of transsolions of one dollar British war : esob, or liquidate debis amounting to From March 4th, 1789, to December 31st. bundreds of dollars. It is not absolutely necessary that there should be any inorease in our ourrendy to enable us by proper reform in the administration to pay off this debt in a very short time. pay on the believes considerable increase although I believes considerable increase is at this time mecossary for the purpose of giving activity to business, and restoring prosperity to the country.

WINDUP NATIONAL PANKS AND SUBSTITUTE GREENBACKS FOR THEIR CURRENCY.

As we have for the present abandoned | 1808 coin as a medium of exchange, and cannot speedily return to it without reducing the whole country to bankruptey, it is certain that no substitute has been 1808 it is certain that he substitute may been so popular with the people, or has an-swired its surpose so well as the green-back currendy. I will not now discuss the wisdom or policy of introducing this as they are. The establishment of the national banks was a great blunder, if the entire people, and her private on portion individuals, should be the beneficiaries thereof. Why these na-the Government at different specified pe not neen behended. A show the inquire David A. wells, Special Commissione tous and ruinous werking of this bank of Revoue, in his last annual report ing system, I will repeat what a gentle- MF. Wells is a momber of the Republi

own observation. An association of gentlemen raised \$300,000 in currency. They went to the office of the Greasury and exchanged their currency \$300,00 In six ner cent. currency \$300,00 In six ner cent. currency \$300,00 In six ner cent. currency \$300,00 in six per cent, gold bearing bonds. They then went into the office of the They then went into the onice of the Comptroller of the Currency, in the same building, organized a national bank, deposited their \$300,000 in bonds. and received for their bank \$270,000 in the national currency. They had let the Government have \$30,000 in currency more than they received for banking more than they received for banking purposes, and had on deposit \$300,000 In view of these facts, will some gentle man on the Radical side of the House in bonds, on which they receive as inin bonds, on which they feed with the terest from the Government \$18,000 here the from the people \$500,000-year in gold. This was pretty, good fi-nanciering for these bankers to receive \$18,000 per annum in gold on the \$30. 518,000 per annum in gold on the 500, 1000 in currency which they had thus loaned to the government. But this is pout he whole story. They had their pout he whole story. They had their not the whole story. They had their bank made a public depository. They soon discovered that there was scareely ever less than \$1,000,000 of Government money deposited within their vaults did not like to see this vast sum lie They therefore took \$1,000,000 of They idle five twenty bonds with it. In other words, they loaned \$1,000,000 of the Government's own money to the Govern ment, and deposited the bonds received in the vaults of their bank, on which they received from that same Govern-ment \$60,000 in gold per annum 55 in-terest Thus for the \$30,000 in currenov which they originally loaned the Government they were receiving in in-terest annually- in all, \$78,000 in gold. ations of your banking law This was certainly good financiering for these cute Yankees, but what kind of financeering is it for the Government and is it for the Government, and when do you suppose we can get out of debt ut-so be applied to the payment of the changed. The Government has issued no mathematician to see that in this way and the set of the principal of these bonds, and it requires no mathematician to see that in this way and the set of you suppose we can get out of debt ur ocived \$330,000,000 which is used in a re-may be inquisited ju five or six years, as security. We propose to compil the withdrawal of this bank currency from circulation, and to substitute theorem \$300,000,000 in legal lender greenbacks, with which we will pay off that smound in five-twenty bonds. We thus get rid of the payment of \$18,000,000 per an

lations thereon, in a few years, have a would give renewed energy and activity sufficient sum to hquidate the residue of to business, bring prosperity and joy to theusands who are now bowed down by the five-liventy bonds EXTRATAGANCE AND CORRUPTION OF THE BAUGAL PARTY

Sable giving the entire expenditures of the This would not be inflation. As Federal Government, exclusive of the country increases in population, wealth public debt, from the foundation of the and energrise, we will need more than Government to the class of the last this. In no commercial and prosperous country in the world is the supply of

\$ 500.546 demond that the people will insist of, and your ory of "covert repudiation" will not turn them from their purpose. 4,850.658 ANOTHER REASON WHY THE BONDS SHOULD

6 480 166 DE PAID NOW. "There is another reason, strong and irresistible, why we should commence paying off the bond debi now in the man 4.002 894 ner indicated, and complete it as speedily as possible. These bonds continually 6,504,338 85 an enterprising citizen makes one or 7,414 672 14 two hundred thousand dollars, instead
