With an overpowering majority which enabled them to assume and exercise all the functions of the coordinate branches of the government, in addition to their own, their history is written in a series of cruel, disgraceful and tyranical enactments, as detestible as any that ever made hateful the worst despotism of the dark ages.

During all this time we have had a President whose disposition has been to stand between the people and these dangerous demagogues, yet, it is a Commonwealth as Governor, has been lamentable fact, as we have seen, time and again, that he has been ut terly powerloss to avert any of the evils, which, by bold and unsernpulous usurpation of power to maintain and perpetuate party supremary, have been fastened upon us, and which are driving us with rapid strides owards an inevitable abyes of rulu.

The question then that must come home to every right minded man is this how can these abominations be checked, and a rule of right and justice be instituted in their place? The President, of himself, as we have repeatedly seen, has been powerless, and however desirable it may be fer the Democratic and Conservative masses to exert their powerful energies, in an effort worthy of their no ble cause, to secure the election of a pure patriot and able statesman like HORATIO SEYMOUR to the Presidency, yet be assured, fellow Democrats and Conservatives, that the success, now certain, of SEYMOUR, and the occupancy of the White, Mouse even by bim-great and good as he undoubtly is-will not in itself be sufficient The reform must begin with Congrees! Our Judicial Nomination.

We place among our candidates this week the name of C. A. MAYER. Req., of Eock Hrven, for President and for himself alone. We know him Judge of the 25th Judicial District. also as an oppressor of the poor, as We know that a large majority of our readers, like ourselves, would have as debasing, and despises the poor profered the nomination of the candidate presented by our own county, bethe summer sun and whose hard cause he was equally well qualified with either of his competitors, and an honest living. We know him too had earned the nomination by his inas the representative of the most ex-defatigable labors in behalf of the principles of our party. But after a long and severe contest, unprecedented in the annals of judicial nominations, it became evident that the good of the party demanded the contest to cease; and our candidate, as always hetofore, willing to forego personal considerations in order to bromote the good and harmony of the party, consented that his name should be withdrawn so as to enable the conference to present the party with a candidate in support of whom all might chee ully rally.

MR. MAYER, our nominee, is a gentleman of high moral and social standing ain his own county. He commenced the practice of law about fif teen years ago, with no resources but his way, step by step, to the head of his profession. För several years he has been the only recognized leader of the Clinton county bar, where he has been almost without a competitor, and at the same time has grappled in many a severe forencic struggle with the greatest legal minds of the State, and by maintaining himself with wonderful success in these contests, has demonstrated his thorough knowledge
