JOHN D. WINGATE, Sec'y.

[Reported Expressly for the WATCAMAN] ADDRESS.

Delivered Before the C ntre Count Cumberland County.

The last few years have given birth to rested and our minds—suddenly called to contemp ate the importance of agriculture. Cultivators of the earth have been invited, pressed to take their place in the race which is now being run in the Words progress. They have been startled by the sound that has been made for them; and they begin to think made for them; and they begin to think the sums and they begin to think the sums of the sum of the sums of the sum of human happiness. Who possesses, advantages superior (5) years, with the sum of human happiness. Who possesses, advantages superior (5) years, with the sum of human happiness. Who possesses, advantages superior (5) years, with the sum of human happiness. Who possesses, advantages superior (5) years, with the sum of human happiness. Who possesses, advantages superior (5) years, with a tree possesses, advantages superior (5) years, with the sum of human happiness. Who possesses, advantages superior (5) years, with a tree possesses, advantages superior (6) years, with a tree possesses, advantages super that there is work to do beyond the pre-cincts of the farm. They begin to feel, too, that the spirit of the enlightened mind, which alone can give a right direction to the opperations of matter has been at work for them To those who have put their hands

and hearts to the work of promoting this great interest, there is a pleasing consolation and encouragement, too, in the reflection that they are upon the flowing tide of public favor; that those they benefit now look with confidence and pleasure upon the efforts they make, and that whilst the fluctuations of busistates - that illegal voting was allowed ness, the casualities of commerce, the states—that illegal voting was allowed where ever they had a majority of the election board, and, that scores of Democrats were discharged and sent in search of employment out of the County, immediately before the election, that perfitry was committed in different places to secure votes, that the ferrent manyer the kindly and especially that we should direct many forms and profit the moment, only occurring to the model, only occurring to the model, that whiles and conflicting elements of the body to that expensive interesting and delichtful subject in which you and profit the speculations of one class are the deaded for ebodings and directly different places to secure votes, that thy, the liveliest hope, that success uni crown the effort of the farmer His art is in will not soon forget, and showed world with an unanimity which no other

to human happ ness, and that the art at self is sadapted to human skid.

How shall we best promote this great object? Is accounted to him and skid.

The bloom to be seeks.
