DANFORTHS PETROLEUM

NON-EXPLOSIVE!

SOMETHING NEW UNDER THE SUN!

SAFE UNDER ALL CIRCUMSTANCES!

THE NEW LIGHT, THE PETROLEUM FLUID.

Manufactured by J. J. Palmer, under Letters Patent, supplies a necessity, as well as a household convenience. It has been in use more than a year, and is growing in favor wherever used. It makes the neatest, and in every respect the heat light. No offensive odor, no smoke, no grease to soil garments, no danger from explosion in lamps, does not injure, seak eyes, gives a softer light than Kerosene, can be used with or without turniney, can be burned in any lamp with the tuffing expense of changing burners.

IT IS CHEAPER THAN ANY LIGHT EX-CEPT DAYLIGHT

All whô use it will endorse what we say

Our patrons put our Fluid to various uses, and they give us marvelous accounts of its cf-feacy in cleaning tin, floors, clothes, removing grease or mildes, in relieving rheumatism and turing burns, etc.

The small Patent Brass Lamp, packed with cotton, is popular "run about light," and is a seed and convenient thing for a traveler to take in the pocket

This Fluit requires no more caution in its uses than kerosone. We advise no one to fill alamp while burning, if any of it spilled, a fame should not be brought noar it, for though it will not explode, we do recommend it as good to burn. If in case of carelessness or accident it should be set on fire, smother it with a cloth or hat. If a lamp does not work well, having on it our flurners, there must be a defect in the burner, and it should be soldered.

The wick does not require frequent cutting. When charred the blaze flickers, and then the coal may be removed by rubbing or cutting Chimneys seldom need washing. There never was a portable light that required so little work to keep it in order.

It does not increase the rate of Insurance where used or stored

As not considered dangerous by the Chleage Board of Underwriters

Received the first Premium at the Stark and Tuscarawra county, (O.) Fairs, last Fall.

Firemen can control a fire, but they cannot an explosion, therefore the Fluid is preferable on this account. IT CANNOT BE EXPLODED!

\$100 offered to any person who will produce legitimate explosion of its vapors

In use by over 10,000 Tamilies, 1,500 of which are in Cleveland and the vicinity, all of whom recommend it chetrfully

Pospectus of the Bellefonte "Democratic Watchman" for 1869.

With a record of thirteen years of dinquestioned service in the cause of Domocracy, for Caucassian supremacy, for strict obserance of Constitutional obligations, for State Rights, for Free Trade, and for Liberal Gov-

ernment, the BELLEFONTE "DEMOCRATIC WATCHMAN"

enters upon its fourteenth volume with re-newed vigor, with more life, and hope, and determination, than at any other period of its. history. When in the past many other Demo-cratic journals bent to the storm of fanaticism and bigotry, it battled on regardless of every-thing but duty. When many of the friends of State Rights eringed beneath the tornado of armed Federalism and Tory usurpation, it was true to the Democracy of Jefferson. When thousands of the leading advocates of Free Trade surrendered to the domination and exactions of the New England Tariff robbers and plunderers of the people, it held aloft the banner of justice When Abolitionism, and its kindred train of infamies, invaded the rights .of property and the popular institutions of sovereign States, it fought the good fight of

the States and People. The BELLEFORTE WATCHMAN has never sought for fame by courting infamy, nor for rewards not worthily carned. Its record is before its host of readers and friends in all quarters, and upon that record it enters the new year, seek

ing to advance to the FRONT RANK of State and National journalism, that it may be enabled to battle on for the cause of Justice, Equality, Right and Democracy, with an ear-nest desire to aid in the restoration of stricken

Liberty throughout the Confederacy. To accomplish the purpose in view, we point to its proud and well-known record of the past thirteen years, asking for it the kind offices and good will of

BRAVE, BOLD, UNCONQUERED DEMO-CRATS in all parts of the country, toward building up for it a commensurate and useful circulation Now is the hour for safe and bold counsels and careful preparations. Never before was there such need for organization and harmony and unanimity among the friends of Liberty and Democracy. If Democrats fail to hold firmly to the cause for which they have sacrificed so much, then Liberty is lost to them and their children, and the Despotism and Tyranny of Federalism is secure evermore, and a nongrehial government permanently succeeds the wise, liberal, plain and unostentatious sys-

tem which the patriot fathers reared for un-It is needless to say to the readers and friends of the DEMOCRATIC WATCHMAN, that it

TO STRIKE AT DESPOTISM, MONOPOLY, AND WRONG, and to defend and uphold the Constitution and the people against their enemies—to against all manner of robber Tariffs, and other frauds upon consumers; to uphold free trade and the rights of the many; to oppose the building up of all species of monopolies, and o db its duty fearless and fully in all things.
