YER'S SARSAPARILLA, FOR

TYER'S SARSAPARILIA, FOR PURIFYING THE BOOD—The reputation this excellent medicine enjoys, is derived from its circe, many of which are truly marveilous. Involverate cases of Serofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Serofulous affections and disorders, which were aggravated by the serofulous contamination until they were painfully afficting, have been radically cured in such great sumbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Serofulous poison is one of the most destructive enomies of our race. Often, this unseen and unfeit tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable obcasion, rapidly decylopinto one or other of its hideous forms, either on the surface or among the vitals. In the inter, utilisercies may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or its shows its presence by eruptions on the skin, or foul ulcerations, on some part of the boby. Hence the occasional use of a bottle of this Sarsaparilla is advigable, even when no acting symtoms of disease appear. Persons afflected with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla, should be forned and hervous systems.
