THINGS ABOUT TOWN& COUNTY.

-A camp meeting began near Mochanicsville, this county, yesterday.

-Some parts of this county have been visited by heavy frosts, slready this season.

-A church festival was held at the Baptist church in Milesburg, on Saturday night last, with a profitable result. -The long agitated camp meeting

in the Loop, "convenes" to-day. What a goodly number of rads might participate for their souls rejuvenation.

-The M. E. Church at Port Ma tilda will be dedicated on Sunday, the 29th inst. The dedicatory sermon will be preached by Bishop Scott.

-The Lutheran church at Pleasant Gap was dedicated to the service of Almighty God last Sunday. Rev. Mr. Hackenberg, of this place, is the pastor. hold a rail-road meeting at Millheim on the 27th inst. We hope they will turn out and show that they are in carnest about their rail-road

-A late Radical paper states that J. P. Gephart has made one of the best officers this county ever had." True as preaching, but where under heaven does the Radical organ find candor enough to acknowledge it ?

-The pic-nic of the St Patrick's Temperance Society, in Milligan's grove, on Wednesday last, was a decided success We understand they had a dolightful time and an excellent dinner, with an elegant terpsichorean accompaniment.

--- Democrats, don't forget the Club meeting to-morrow night. Let there be a full attendance, and there will conconsequently be a correspondingly good All the friends (f the Repeal of the Negro Act of the last Legislature, are cordially invited to be present

----- The Tyroloan Opera Troups, ar amateur association, composed of the young gentlemen and students of our town will give a literarf, musical and theatrical entertainment at Bush's Hall, on Monday evening next - We hope to see a full house

----- We are under obligations to our good natured friend, J. B. Butts, Esq., for a couple of as fine cels as ever squirmed in a pan Jerry is a clever fellow, and its a pity for him that he has get upon the wrong side of the fence, politically He'll find it won't part

-The sleeping girl who prophesied, just before she died, that after the colipse sortment of fancy goods designed both the sun wouldn't shine as bright as it | for use and ornament. There will also did before, went to the good place, we be provided a variety of refreshments hope, although she did tell a very great such as ice cream, cake and other things 'he... In this region it has been as hot as blazes, ever since the 7th instant, and interest of the occasion will be the voold yol seems to be making upstost time

from Tyrone, over the Bald Engle Valley R. R. on Sunday next, to the Wayne Tyrone at 6 o clock A M , and return at 8 P. M., stopping at all stations. It reaches here at 8 o'clock in the morning, going down, and at 6 in the evening returning

-The club meeting on Saturday evening last, was fairly attended, and some important business transacted., Mr. Stitzer addressed the club, congratulating the members upon the excellent county ticket selected, and encouraging the Democracy in their efforts to insure the success of Packer and Pershing Another meeting will be held to-morrow night, and every Saturday night until after the election

-We understand that that irre ressible seeker after strange gods and postage stamps, Geo. Kurtz, is at present perambulating the county in the benevolent role of peacemaker and general fixer up of things askow. He proposes to reconstruct the democratic ticket, drop off a republican nominee or two, and instruct the people generally concerning the best method of electing both tickets. He was fatuly in Pennsvalley setting up Coburn in the railroad role which he is expected to manage. Make hasty slowly, George.

-----Centre county has now only two revenue districts, instead of four. James H. Rankin, Esq., has received the appointment of Assistant Assessor of District No. 1. composed the following townships and boroughs: Liberty, Howard, Marion, Walker, Curtin Boggs, Spring, Benner, Snow Shoe, Burnside, Union, Huston, Worth, Taylor, Rush, and Bellefonte, Milesburg, Unionville, and Philipeburg.

A. J. Young, of Spring Mills, is the Assistant Assessor of the 2d district, embracing the townships of Haines, Miles, Penn. Gregg, Potter, Harris, Ferguson, Half Moon and Patton.

Application can be made to either of the above gentlemen for license, without regard to location.

BE REGISTERED --- Every Democrat should be registered. Let this duty be attended to at once We must not lose a sote this fall through our own neglect Until the Democrats obtain a majority in the Legislature sufficent to repeal the odious Registry Law, its troublesome requirements must be obeyed. This law was passed by the Black Republicans to dissuade Democratic workingmen and naturalized citizens from voting, on account of the trouble of being registered. Be registered at once, and beat them with their own weapons.

Give all possible assistance to the registering officers-assessors, and others They must do their duty under the law -do not grumble at them, but lay the blame where it properly belongs, on the Black Republican majority in the Legislature, who have openly violated the State Constitution for their own purposes. Answer all proper questions, and see that your Democratic neighbors are registered at once.

A CHURCH FAIR .- The ladies of St. John's Episcopal church of Bellefonte, propose holding a fair to assist in raising funds for the building and furnishing of their new church They have fixed upon Tuesday, Wednesday and Thursday of next week, as the time, in Garman's new building near the Court House, as the place when and where they will make their laudable effort They expect to offer for sale and at reasonable prices, a large and beautiful assuitable for the season. One feature of ting of one or two beautiful articles to -A special train of cars will be run some clergyman and other prominent individual of the place according to the favor of the community We bespeak Station Camp-Meeting It will leave on the behalf of the ladies the liberal patronage of all our readers

> ----- Apropos of boot pin-cushions, the following will be appreciated

We beheld the other day, As in hand of gent it lay, green heart that ever wins But, 'tis said, 'twas made for pin It was fine and nice to see, In hand of Professor D Who Hasty's donee's how

MORE PACKEE OATS -John Ruhl, of Miles township, brought to town the other day a stock of oats measuring just seven feet and two inches in length, and containing 231 fully developed grains. This beats Noah Musser's "Geary oats" just one inch in length and eight grains in the head. Mr. Ruhl is a staunch Democratic farmer, and has named this splendid stock of oats "Asa Packer."

A VISIT .--- A committee of nine gentlemen from Bellefonte. paid our town a visit last week, to examine the new Presbyterian Church. They are building a very fine church in Bellefonte, and wished to look at the interior arrangement and finish of the church here. They expressed themselves very much pleased and delighted with the edifice in all its detail, as well as with the general improvement of our town. - Clearfield Journal.

(Continued from last week's issue.) ANNUAL SCHOOL REPORT.

School Report of Centre County, for year ending June, 1869.

EDUCATIONAL WORK DOBE BY OTHER AGENCIES .- We have some very energetic directors who certainly accom-plish a great deal of good by their continued efforts in behalf of the schools. I think I am justifiable in seving that we can boast of having some of the best as well as the worst directors in the Stale ; the latter being supremely indifferent to everything pertaining to rchools

The different Academies in the coun ty render considerable aid by furnish ng teachers. "Normal classes are established in connection with the Boals urg and Penn Hall Academies, the Nittany Valley Institute, and the se-lect school at Unionville. The Pine Grove and Bellefonte Academies have been re-opened, and are in a flourishing condition. -The President, (Hon: Tho, H. Bur

rowes) and Faculty of the Pennsylvania Agricultural College have very gen erously offered to give instruction in the natural sciences, free of charge, to the teachers of Pennsylvania. We trust many of our teachers will emorace this liberal offer.

The first annual Convention of the Centre County Sabbath School Asso ciation" converted in Belletente on the 25th of May, and continued three days." The organization is to be permanent and we confidently expect much good to result from it. The report shows the number of Sabbath Schools in the ounty to be 80. Number of scholars, Number of teachers, 661. 4310

DENOMINATIONAL SCHOOLS. — The Catholics keep up two schools in the county, one at Snow Shoe, and one at Bellefonte. Besides these there are a number of select and private schools in . different parts of the county.

CIERGY -We do not get that help from this venerated class which we have a right to expect. They seem to concern themselves very little about the training of the young. An occa nonal sermon on the duties of parents would exert a good influence.

OBSTACLES IN THE WAY OF IMPROVE weve —1. Gratuitous labor of school lirectors, and too many by one half.

Unequal mode of taxation, The shortness of the school term.

4. Want of better salaries to teach

5. Want of proper grading of teachrs' salaries.

6 Lack of competent teachers. 7 Want of sufficient firmness in

eachers to classify their schools with equard to the wants of the pupils only.

Want of parental co-operation. 9. Want of proper local supervision. MEASURES CALCULATED TO PROMOTE INEROVENENT - These obstacles as reports show, are not confined to our county, but are common to the State Legislative action seems to be the only remedy for the first and second, and, perhaps, for the third. In some dis tricts the directorship is becoming a farce, and it is almost impossible to secure a quorum for the transaction of Hebry business. Were they paid for their ser John vices, and sworn to do their duty, their Elward efficiency would be much increased. Until the second named obstacle is removed, in such a way as to relieve the poorer districts, the third one must continue to exist. As it is at present, Sewton poverty must educate poverty, while wealth is eased of its burdens. In our richer districts we pay a tax of two mills for schools, while in the poorer ones we pay twenty six mills. JAL That a term of four months is two short to accomplish much good is self.

and HAND BAILING,

MAGEE-At Rebersburg, Centre county Pa., August 9th 1880, ELIXABERI M. MASSA, aged 35 years, 5 months and 5 days. Sister Magee way converted to God, and admitted to the Church of the Unfited Brethren in Christ, about seventeen years ago. She wa milcted with a complication of diseases, and for sixteen years was sick with rheums. tism, and for the last five years she has become subject to hemorrages from the lungs.

During her long struggle with disease, and often under the influence of intense suffering she was calm, submissive, and resigned; a now while the sweet fragrance of her holy life is yet fresh in the memories of the living, it eems to me but appropriate that her example should be recorded, not only as an instance o the power of Divino grace, but as a bright ligh in the path of those who yet remain as proba

tioners on earth. Doubtless, in the home left so desolate by the departure of one of the loveliest of th Savior's Disciples, the memory of Elizabeth M Magee will be ever green and precious.

Devoted to the service of the Lord and Mas ter, she followed him with single-hearted piety, having but one aim in all her life, and that, th glory of God and the good of her fellow-creatures. As a branch of the true vine she yielded the fruits of a living faith, and enjoyed even beyond expression the love of God in the

heart me of the sweetest hours I had during the last few years, I spont in this dear Sister's ompany. Never can I forget with what sweetness she expressed such words as these "I am Ao happy-Jesus, my dear Savior, is so pre-cious-1 am not alone, the Angels are with me -I am swimming in the love of God "

During some of her happiest hours, she composed a number of very beautiful hymns These hymns are as streams of piety flowing from her heavenly mind Some of these hymns are in print and will continue to speak or her of Jesus Oh' that they may not be read and sung in valu.

During her sickness she was visited by a great number of people, and some forty minis ters from different churches, and often she would tell them to be faithful servants of the Lord, and no doubt few, if any, stood in the presence of this child of (rod, but with holy RWO

Her look and work of Love, went right to the heart, and caused one to feel that Josus was not far away.

On the 11th of August the remains of this Sis ter were brought to the St. Poter's church, where the writer delivered an address on t Tun 4-6, 8, which was followed by a sarmon on 2 Cor 5, 1 by Rev. N G Engle The hymns of her own composition were, by he request sung upon the occasion. Rev. Febry of the Church of the U.B., was also present, and attended to the Liturgical services at the grave Thus passes from earth to heaven one who

was beloved, with such willingness, composure and trust, as to excite wonder and praise to tool for his saving grace. Precious in the sight of God is the desth of his saints RESERVED AUG 13, 69 WW S. PORK

"All interested in the extension of the Lewisburg, Centre and Spruce Creek Railroad are invited to meet in Millheim Friday, August, 27th, at 1 o'clock, p. m. The Committee, appointed at a moet-ing of the people, in Millheim, in May last, to confer with the "Pennsylvania or other Kailrond companies, on the subject of aid in the construction of our road," is prepared to make a favorable report.

The object of the meeting is, to take into consideration the aid promised by the Pennsylvania Railroad Company, and, if that is deemed satisfactory, to take steps for an immediate and active canvas for subscriptions."

For the first time in the long agitation of our Railroad question, have we th profer of aid from a substantial and roiable source

The construction of the road is now within our reach : it is for the people to say whother it shall be built. Latevery, whether it shall be built. say whother it shall be built. Latevery neighborhood, along the line, be fully represented.
