

The Democratic Watchman.

BELLEFONTE, PA. Friday Morning, September 10, 1899.

THINGS ABOUT TOWN & COUNTY.

Amos's circus performed in this place on Tuesday last. There was not much of a crowd in town, and the performance is spoken of as nothing extra. We learn that a young girl in Phillipsburg swallowed concentrated lye in mistake for something else, from the effects of which she died. Two things may be learned from this—one is that it isn't best to make mistakes and the other is that concentrated lye is not healthful. Of late the heavens give forth rain. The dry spell is broken up, and the parched earth rejoices in copious showers. Let us thank the Good Being for his manifold mercies, and learn to appreciate the fact that God's ways are not our ways. We are indebted to somebody for a copy of the monthly magazine called Leisure Hours, containing a sketch of the life of Hor. Asa Packer. Also to the same hand for the late speech of Hon. Charles K. Buckalew, with other documents. We are pained to learn of the death of Mrs. Shugert, wife of Hon. S. T. Shugert, of this place, who expired on Wednesday, after a long and painful illness. Mrs. Shugert was universally respected in this town, and her death will be greatly regretted. ANOTHER WARNING TO PARENTS—On Monday of last week a little girl of Mr. Heimbach's, residing in Millheim, tried to cross the street in front of a buggy but fell, the buggy passing over her, and as good luck happened, escaped with but slight injury. ACCIDENT—On Thursday evening last, while Miss Carrie Gephart of Zion, this county, was passing through the barn-yard, she was kicked by a horse, cutting the face very severely. Dr. P. S. Fisher was called in who dressed the wound and the sufferer is now doing finely. BESSY—Our farmers getting in their grain, and Jas. P. Coburn and his radical friends trying to get Democrats to vote for him. Jim has lots of money now to treat "coopers," but they will treat him over the left on the second Tuesday of October next. The Republican complains that Deputy Sheriff Woodring refused admittance to a party of Radical visitors to the jail the other day. In this the Deputy certainly did wrong—he ought to have let them in and kept them there. It is, probably, where the whole party ought to have been long ago. By an advertisement in another place, it will be seen that proposals for widening the bridge over Spring Creek, by building an addition on the south side, will be received at the room of the Town Council, on Saturday, September 11th, (to-morrow) until 6 o'clock in the evening. Those interested will please take notice.

The next number of the WATCHMAN will be issued from its new office on High street, opposite the Bush House. We think this number somewhat happy, and with less attention to editorial duties than usual, in order to get moved into our new office in time for our next paper. When safely installed in our new quarters, we shall have the most convenient and comfortable office in the State.

Mr. David Lobb brought into our office the other day a half bushel of the nicest potatoes we have ever seen. They were so large that 32 of them headed the half bushel. They are the best Chilli potato, and are really magnificent. Mr. Lobb calls them "Packer" potatoes, and says that their full growth and splendid condition is indicative of the prosperity of the Democratic party of Pennsylvania, under the lead of Asa Packer. Mr. Lobb is a man of sense and an excellent farmer. He also brought us a ear of corn which was surrounded by nine smaller ones, all full of grain. This is also Packer corn, and shows how the party will bring around our candidate this fall.

A valuable horse belonging to Dr. Bush of Patton township, was stolen from a post that the Dr. had tied to, while calling to see a patient a short distance above this place, on Thursday evening last. The Dr. says he remained in the house but, about 40 minutes and upon returning, found horse, saddle, bridle and overcoat all gone, and nothing has been heard of any of them. Our neighbor of the Phillipsburg Journal graced his paper last week with a new head, which materially improves its appearance. Our neighbor of the Phillipsburg Journal graced his paper last week with a new head, which materially improves its appearance.

Items for the Ladies. We give some gossip upon the fall fashions this week for the benefit of our lady readers: FALL GOODS. Despite the stringency in the money market, and the tightness with which paper markets draws the purse strings, tugging away thereas though they were the reins of an excited almost ungovernable steed, there is every indication of a lively trade in fall goods during the season which will, in a few days, dawn upon us. The contents of many large and unwieldy boxes, bearing importation marks, have been transferred to the shelves of our large retail stores within the past week, while numerous other cases, stored in dingy basements, still remained to be unpacked. To these, more goods now on their way from a "Foreign shore," will be added by the time the season is fairly open. This preparation may be thought premature, yet a moment's reflection will show it to be otherwise, for our merchants may be likened unto the wise virgins, having their lamps trimmed and burning, awaiting the arrival of the bridegroom. The fall season is upon us, and though the almanac advises us of a heated term in September, which will consequently afford opportunities for wearing summer garments during the golden period of the year, we shall meet even in the early autumnal season "melancholy days," when the eye delights in color, and heavier clothing is required for comfort, particularly after nightfall. Many people seem to labor under an impression that fashions really change every month, but in this they are mistaken. In the shape and style of things, alterations to the eye of the quiet observer are but gradual, and in fact it is only at the advent of a fresh season that any very noticeable change in dress can be discerned. From week to week, and month to month, there are, however, constant modifications and new adaptations in the matter of fashion which, to the casual observer, often appear as something new, whereas they are things already known long since to the modiste. In mentioning a few of the fall goods, we would commence with

At the late meeting of the Democratic Club will be held at the Club Room, in Bush's Arcade, on to-morrow evening, which will be addressed by W. P. Furey, Esq., of the Carbon Democrat. Mr. F. has kindly consented to be here on that evening, provided the meeting will assemble early enough to enable him to get through in time to take the night train for Lock Haven. As Mr. Furey is a good speaker, and puts himself to some inconvenience to come here, we hope he will be greeted by a large and enthusiastic meeting. Turn out, Democrats, in full force, and make the club room ring for Packer and Pershing.

NARROW ESCAPE.—On Sunday of last week while Mr. Samuel Stover of Penn township, was looking at his corn and potatoes, he was attacked by a myxotic black snake some fifteen feet long. Mr. Stover said when in the act of stepping down to raise several potato stocks the monster coiled around his body and arms in the twinkling of an eye, perfectly disabling him. Mr. Stover still having presence of mind hit the dog, which was with him. Though faithful to his master's bidding drove the monster off. Mr. Stover attempted to follow, but fell exhausted to the ground and there is no doubt the dog saved his life. FELONS ON THE FINGER.—Many persons are liable to extreme suffering from felons on the finger. These afflictions are not only very painful, but not infrequently occasion permanent crippling of the member affected. The following simple concoction is recommended as a sure cure for the distressing ailment. Take common rock salt, such as is used for salting down pork and beef, dry it in an oven, then pound it fine and mix it with spirits of turpentine in equal parts. Put it on a rag, wrap around the thumb, and as it gets dry put on some more, and in 24 hours, we are assured, the felon will be dead. STATE AGRICULTURAL COLLEGE MEETING.—Delegates from the various agricultural societies of the State met at Bellefonte on Thursday last. The most perfect harmony prevailed, and business designed to promote the interests of the institution was transacted. The following selection of trustees to fill the vacancies was then made: Judge Watts, of Carlisle, re-elected for three years; General Harry White, re-elected for three years; Joseph C. Turner, vice George Bright, elected for three years; and A. Boyd Hamilton, Esq., late president of the State Agricultural Society, vice Hays Hamilton, for one year. The college opened on Tuesday of last week under the direction of Thomas H. Barrows, Esq., late Superintendent of Common Schools. ALTOONA PARK ASSOCIATION.—The First Annual Exhibition of the Altoona Park Association, at Altoona, Pa., will be held September 28th, 29th and 30th, and October 1st, 1899. The Premium List books up \$2,750. On stock the premiums range from \$5 to \$50 according to grade and quality. On manufactured articles, cereals and vegetables, the premiums are equal to those of the State Agricultural Society, while \$1,050 will be awarded to owners of best horses, including one premium of \$500 to the fastest trotter—mile heats—lost three in five. There is an excellent half mile course, forty feet wide, and of easy grade within the Park. There will be a grand Fireman's Parade and a trial of Steam Fire Engines, for a purse of \$25, on Thursday, September 30th. Also, slow time, and velocipede races, and a race between a fast horse and a steam velocipede. All entries, except horses entered for speed are free, and competition open to all parts of this and other States. Excursion tickets will be issued from all stations on the Pennsylvania Railroad, and all stock or articles shipped over the road named, on which full fare to Altoona has been paid, will be returned free of charge. Any further information desired, may be had by addressing E. B. McCrum, Secretary of the Association, at Altoona. PHILLIPSBURG ITEMS.—From the Journal last week, we glean the following: John McMullon, brakeman on the Clearfield freight, had his hand caught between two cars, while coupling, and severely injured, quite disabling him. A car loaded with lumber was accidentally run from the track and overturned in front of the freight house, one day last week. On Wednesday last, September 1st, a passenger car was attached to the Clearfield freight train, running between Phillipsburg and Clearfield. It leaves Clearfield at 7 o'clock in the morning, and arrives here at 9:10. Returning, it leaves Phillipsburg at 2:40, p. m., and arrives at Clearfield at 5:15 p. m. In the addition of this car to the regular passenger train, a want has been met that has long been felt. The safe of Munson, Jones & Co., at their Planing Mill, was broken into last night (Thursday) by burglars. They succeeded in blowing off the outer door, but were frightened away by the watchman, Matthias Plank, who heard the report of the explosion and hastened to the office in time to fire two shots after the thieves, but without effect. The contents were not disturbed. The burglars made pretty essential work of it as they were not showing that they were not inexperienced. The alarming prevalence of such burglaries should warn all to be vigilant. As we are just going to press we are unable to give a more extended account of the affair.
