

Lieutenant Wolf.

We ask the Democratic voters of the county and especially of Pennsylvania to rally to the support of Lieutenant Wolf, our candidate for Treasurer.

Joseph M'Closkey.

This gentleman, Democratic candidate for Commissioner, is charged by the Republican of this week with plotting to bring a Know Nothing.

LOOK OUT FOR SPURIOUS TICKETS! Every candidate on the negro suffrage ticket has the pockets of his friends stuffed with spurious tickets.

Don't Scratch!

Vote the ticket, the whole ticket, and nothing but the ticket. No man who votes for principles will scratch his ticket, although a personal friend may be a candidate on the other side.

JAMES P. CONRUS, boasts that his ancestors fell at the battle of Bunker Hill. According to R. Smith, who has scoured out from the records of the past the names of the victims of that significant contest and has them in chronological order, the only persons who fell there by the name of Conrus were Negroes!

During the war, JAMES P. CONRUS said publicly that only the poor men ought to go to the front, and the rich ought to remain at home, to take care of the poor men's families.

JAMES P. CONRUS, the "great lawyer," tried to buy the vote of a man in needy circumstances, in Aaronsburg, by sending him a bushel of wheat!

JAMES P. CONRUS has an agent making the rounds of the townships to buy votes for him. It will take all the money that CONRUS has and all his friends have got to buy enough to elect him.

To the Polls! To the Polls!

Remember, Democrats, that both the State and county elections take place on Tuesday next, the 12th inst., and be careful that you are up and doing something to swell the grand triumph of the Democracy.

Don't Scratch your Ticket!

When you go to the polls on Tuesday next, read your ticket over carefully, and see that the name of every Democratic candidate is on it.

We are glad to see the Abolitionist say that "it is a good thing to have no further trouble." We doubt, however, the wisdom of his leading editorial this week, and are of decidedly different opinion that it would have been better to have postponed the expression of such sentiments as are there contained until after the election.

Dear Brethren of the Democracy, we have much pleasure in Bishop Gray's will not give all your votes to the candidates of the Democratic party.

If the people of Pennsylvania desire to see the completion of their long-anticipated railroad from Lewisburg to Spring Creek, let them keep faith with James P. Conrus.

A letter received at this office from Clearfield, alludes to the speech of John W. Geary at that place, and styles him a "dualist."

VOTERS!

Remember, when you go to the polls to cast your votes, that it is the question of NEGRO SUFFRAGE that you are to decide.

EXAMINE your tickets! Look at your ticket before polling your vote, and be certain that none of the negro suffrage candidates have got their names struck upon it.

Remember, voters of Pennsylvania, that when traveling on the railroads you have no guarantee, in case of accident, that your lives are worth a fig.

JAMES P. CONRUS has an agent making the rounds of the townships to buy votes for him. It will take all the money that CONRUS has and all his friends have got to buy enough to elect him.

IRISHMEN!

The appeal to you in the Republican this week is the most specious sophistry that could be got up to influence your votes on Tuesday next.

JOHN MORAN.

I was called by the Republican because it says he refused to go to the army. If he did, he did nothing more than John A. Conrus, who not only refused to go into the army, but also did the same thing to go to the army.

Advice for Election Day.

The following advice from the "Herald of Freedom" in regard to the duties of Democrats on the day of the election is appropriate to every election day.

Keep a cool head and a steady hand. Do not let your nerves get out of control. Do not let your temper get the best of you.

Geary's Calamity Bill.

The Calamity Bill, signed by Gov. GEARY, allows only three thousand dollars to persons injured by accidents on railroads.

The Radical organ on Bishop street, puts the following question to the Radical party in this county, in its last issue.

How, we ask, in the name of all that is good, can a man who has sold his soul to the devil expect to win the support of the people?

That settlement will put W. A. Geary and his party in a bad position, and also, if they don't expect to win, what the devil they are making such a fuss about.

If you want to see negro voting in Pennsylvania in 1870, vote for JAMES P. CONRUS!

Perfectly Clear—A radical paper by a democratic county, flushed with the idea of making a point against the democracy, asks how it comes that while the State taxes have been reduced nearly 50 per cent, the taxes for county purposes have been doubled and tripled.

Real estate is not reduced in value by the payment of a State tax, but by the payment of a local tax.

The same tax is assessed, not on individuals, but on property, and upon each county, and this explains why high county taxes come to be increased in order that the County we live in may get her share.

The property holders of each county pay the taxes, and it makes no difference to them whether they pay it once, or whether they pay it twice.

They all know that the taxes were computed with what they were under democratic administrations, and in order to get relief we had to pay more.

Keep a cool head and a steady hand. Do not let your nerves get out of control. Do not let your temper get the best of you.

A PORTER INSTITUTION. The splendid success of the Iron City College has made its name a household word throughout the land.

The Fifteenth Amendment Can Not Be Repealed, if Once Adopted. John Scott admitted that he did not trust the "dualist" suffrage, that he feared it would bring a train of events with it.

After the polls are closed you may consider your day's work done and prepare for what will be certain to follow if all good and true men like you have done their duty.

The man who votes for Geary, Williams, and the radical candidates for the legislature, votes to fasten upon the State, Pennsylvania in contempt of her constitution, which expressly declares that only white freemen of the age of twenty-one years can exercise the right of suffrage within her borders.

Let no man who loves the purity of the ballot box, vote for JAMES P. CONRUS.

Radicalism wants niggers to vote. Don't do it, people of Centre county.
