THINGS ABOUT TOWN & COUNTY.

We have crowded our local page this week with advertisements, in order to make room for more political matter on our other pages. The town has been quite busy the week, owing to the influx of visitors to the fair. The weather has been beautiful and everything conspired to make the occasion a success. The cool atmosphere of the night and a young moonlight appear to be that season of the year, which the poet writes: The moon, like days have gone, The stars, like years have flown. The club meeting on Saturday night was, in the absence of Mr. Gray, who was sick, addressed by W. H. Blair, Esq., effectively and interestingly. Another meeting will be held tomorrow night. Contrary to our anticipation, we did not get our new wall-to-wall carpet trim last week, and as a consequence visitors have not seen us looking our best. We have been delayed a little by the painters, but we looked well enough to justify our boast that we have the finest office in Pennsylvania. The railroad meeting held in the Republican hall in Pottsville, on Monday, the 29th inst., has been postponed indefinitely, on account of the unavoidable absence of the officers of the L. C. & S. C. railroad company. A notice will be given when the meeting will be held. Democrats of Belleville, be early at the polls on Tuesday morning. Get the vote in, and don't put it off till the last moment. Work for our honor, ticket, and let us add our own town to the list of Democratic boroughs in the State. All our nominees are respectable and good men, and should be earnestly supported. Frank M. Stremmer, formerly of this county, but more lately of Onaka, Nebraska, where he has been officiating as local editor of the Herald, has resigned his position on that paper to accept the city editorship of the Chicago Times, recently made vacant by the death of Mr. Wright. The largest potatoes yet brought to our notice are those presented to us last week by Mr. John Garbuck, of Marion township, Pennsylvania, of which made a tall half bushel. He calls them the "Long Pink Eye" potato, and says he has cultivated them for eleven years, and never knew one of them to rot. They are most magnificent, and abound in Hagerstown potatoes, which counted twenty-seven to the half bushel. Mr. Garbuck also left at our office a potato that weighed two and three quarters (2 3/4) pounds, which he calls the "California potato," the largest single potato we have ever seen. A woman by the name of Webster, the wife of a laborer in the employ of Mr. Thomas, was accidentally killed on the railroad track just below the depot at this place, on Friday last, about noon, by the Snow-hoe train. She was walking on the track, and was called to get out of the way, but apparently paid no attention to the warning. Whether she heard or not, or whether she was so alarmed and confused as not to know what she was doing, we do not know, but as it was not possible to stop the cars in time to save her, she was run over, the accident bearing off one of her arms and cutting off a leg. She only lived a few moments after the occurrence of the sad affair. The following letter will explain itself: UNIONVILLE, October 2nd, 1869. Mr. P. Gray Mearl, Esq., Dear Sir:—Mr. W. W. Brown, editor of one of your Republican papers has done me an honor by sending a sheet of his insignificant paper, in order (I suppose) to convert me to the Republican principles. I wish you to inform Mr. Brown, that I cannot be converted by chaff. I have handed his paper over to an intelligent Republican, in order to convert him to Democracy. Yours truly, J. M. MILLER.

The Fair.—The county fair which has been holding in this place since Tuesday last, and which closes this Friday afternoon, has been a decided success, at least in most of its departments, arrangements, and the crowd that has been in attendance. On Wednesday and Thursday there was a perfect jam of sight-seers and exhibitors from all parts of the county, as well as a goodly number from adjacent counties. In some of the departments there is a splendid display of articles on exhibition, while in two or three, and especially in the stock department, there is a lamentable want of competition. There are some fine cattle and valuable horses entered, but very few, and as for other live stock, sheep, hogs, poultry, &c., there is scarcely any. The ladies have done their part well, every nook and corner of the large hall fitted up expressly to exhibit such articles as they are expected to have particular charge over, is filled to overflowing with trinkets and tidies and nice little things. If the farmers and mechanics of the county would take as much interest in furnishing articles for exhibition as the ladies do, the Centre county fair would far exceed the ordinary State or district fairs. The annual address was delivered yesterday, at noon, by L. W. H. Blair, and was listened to attentively by a very large concourse of people. It was a plain, practical speech, and showed that the speaker is just as well qualified in the practical details of agriculture as in the intricate workings of politics, or the generous and honorable duties of a statesman. Wednesday brought a number of Look Haven folk to town, among them we noticed on the street Capt. R. S. Baker, A. H. Clark, County Superintendent of Clinton county, D. H. Rank, head of the Independent Order of Good Templars, and others. We are gratified to learn that the firming of the Tipton and Corfield road, Mr. Walters, who was so badly scalded last week by the accident at Snowy Ridge, is recovering rapidly. The match game of base ball played between the Belleville Club and the West Branch Club of Look Haven, was very interesting, and resulted in favor of the Belleville team.
