The Gold Conspiracy--General Grant

During the recent speculation in gold the New York Times published the following remarkable statement concerning the speculation and the President's brother-in-law.

They not only had gold with a will, but talked freely of the warrant which they had from Washington that the Government would not interfere with them.

Although this must have been known to be false, there were abundant rumors and suspicions insidiously spread around the street to create the belief or to induce the belief that the Administration would not interfere by far the sales of gold to the Treasury.

Medicines & Restoratives

AYER'S CATHARTIC PILLS. For all the purposes of a laxative medicine. Perhaps no one medicine is so universally required by everybody as a cathartic, not was ever any before so universally adopted into use, in every form of disease, as this mild but efficient purgative pill.

Those who have tried it, know that it cures their neighbors and friends, and all know that what it does once it does always--that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and constitutions, in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating prevents their being harsh and makes them pleasant to take, while being purely vegetable, no harm can arise from their use in any quantity.

They operate by their powerful influence on the intestinal vessels to purify the blood, and stimulate it into healthy action, remove the obstructions of the stomach, bowels, liver and other organs of the body, restoring their regular action, and thus preventing the formation of any other disease. Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure.

For Dyspepsia or Indigestion, they should be taken moderately to stimulate the stomach and restore its healthy tone and action. For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Lameness or Green Stools, Bilious Colic and Bilious Fevers, they should be taken in small doses for each case, to correct the disorder, and to remove the obstructions which cause it. For Dropsy of the Liver, but one mild dose is generally sufficient.

For Rheumatism, Gout, Gravel, Pain in the Side, Back and Limbs, they should be taken in small doses, until the system is thoroughly purified, and the disease is removed. For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the cathartic effect, and to remove the fluid which causes the swelling. For Suppression of the Urinary Organs, they should be taken in small doses, until the system is thoroughly purified, and the disease is removed.

As a Diarrhoeal Pill, take one or two pills, three or four times a day, until the system is thoroughly purified, and the disease is removed. An occasional dose stimulates the system, and opens the bowels into healthy action, and prevents the formation of any other disease. One who has tried it, will often find that what it does once it does always. It is a mild but efficient purgative, and its use is recommended by all the leading medical authorities.
