

All Sorts of Paragraphs.

The Swiss laborers in Georgia give universal satisfaction. How to make a man of doubtful credit—take no note of him. Better he called a fool for doing right than to be a fool for doing wrong.

WHY DO WE SIGH?

Why do we sigh for vain earthly pleasures, That live but a moment—then sadly decay? Why do we sigh for bright golden treasures? So utterly useless when life fades away.

FABULOUS FORTUNES.

Why is it that so many persons persuade themselves that there are large estates in England coming to them by inheritance? Has any, owing allegiance to the Government of the United States, ever received property from England? Strange as it may seem, this notion of inheriting property prevails in more than half of our New England families.

Now and then family meetings are called for the purpose of 'taking steps' to recover the millions (note particularly, always millions!) left in England without heirs, and bequeathed to 'an unknown person of time.'

ONLY CHRISTIANS.—John Wesley once was troubled in regard to the disposition of the various sects, and the chances of each in reference to future happiness or punishment.

THE TRUTH AND THE FACT is that no such fortunes exist in England for any families here; and even if they did, no persons not owing allegiance to England could inherit them.

It is amusing to hear people, who could not prove their legitimate descent from their great grandfathers in a court of law, if it were to save them hanging, talk of inheriting property in England through their ancestors!

Why should estates in England, with out heirs, be a more common occurrence here than here? Is property often found here without heirs? We apprehend not.

THE SMALLEST MAN in the United States lives in Witterset, Wisconsin, and his name is Johnny McKibben. Gen. Tom Thumb and Commodore Nutt recently exhibited themselves there, when Tommy offered Johnny three thousand dollars a year to travel with his troupe.

Medicines & Restoratives.

AYER'S CATHARTIC PILLS. For all the purposes of a Laxative Medicine. Perhaps no one medicine is so universally required by everybody as a cathartic one was ever in any country and among all classes, as this mild but efficient purgative Pills. The obvious reason is, that it is so safe, reliable and far more effectual than any other.

Those who have tried it, know that it cures them; those who have not, know that it cures them; and those who are afflicted with other ailments, know that it does so.

Minute directions are given in the wrapper on the box, for the following complaints, which these Pills rapidly cure: For Dyspepsia or Indigestion, Flatulences, Laugher and Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Stools, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For Dysentery or Diarrhoea, but one mild dose is generally required. For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they could be continued until the system is changed to the healthy action of the system.

With such change those complaints disappear. For Dropsical Swellings, such as the face, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy. As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional use of these Pills, to the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous when no serious derangement exists, to take one or two Pills, which will feel decidedly better, than their cleansing and renovating effect on the digestive apparatus.

AYER'S HAIR VIGOR, FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.—A dressing which is at once agreeable, healthy, and effectual for preserving the hair. Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.

Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are decayed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application.

Instead of fouling the hair with starchy sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling out, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm.
