THINGS ABOUT TOWN & COUNTY

—Bayle & Miller have taken possession of the Runkle grocery stand, and are now doing business there

—A certain printing office, note it sole of the limits of this borough, is to have a new sign—one that will knock the spots out of anything in town Kurtz is the boy for a painter.

—We are informed that James Gramley, living in the neighborhood of Nittany Hall, was thrown from his horse one day this week, dislocating his shoulder and otherwise severely injuring him

In the election returns for this county, Mr. Hess is put down as having received 30 votes in Curtin township, whereas he received but 29. We make this correction at the suggestion of the Prothonotary.

—The Junior editor of the *National*, undertook to *back his corn* on Sunday last, in order to get on a new pair of boots. He cut a little too deep, however, and; we are reliably informed by a *gentleman of high character*, came near bleeding to death We understand he now carries it done up in a rag

On the 24 inst, a fight took place in the Intelligent town of Phillipsburg, in which one man had the misfortune to lose his nose, one of his ears and an eyebrow, besides being otherwise badly hurt Rather a dear price to pay for the privilege of indulging in a little rumpus.

—We are requested to notify the public that James C. Boyce, Esq., a lecturer employed by the Grand Lodge of Good Templars of Pennsylvania, will lecture on Temperance in the Hall of the Good Templars in this place, on Monday evening, Nov. 15th. Our temperance friends and the lovers of good morals generally are anxious to see a good turn out of our citizens Mr. Boyce is said to be more than ordinarily attractive as a lecturer,-and a feast of reason is anticipated. Mr. Boyce will also lecture at Aaronsburg on the 16th, at Milesburg on the 18th, and at Howard on the 19th.

—At Osceola, on the 1st instant, we understand that the English, Irish and Welsh miners, having become tired of practising GRANT'S motto, "Let us have Peace," concluded to make things lively by getting up a little bit of a breeze Consequently, they pitched into each other with clubs, stones, sticks, and other weapons, in the roughest kind of style, bruising heads, noses, limbs, *et cetera*, in a terrible manner We are informed that nine men were so badly hurt that they were not able to leave the scene of battle of their own volition, and had to be carried away for medical attendance What gave rise to the conflict, we do not know, but understand that it was a fight between the Union and anti-Union miners—a portion of them having formed a Union, we presume for the regulation of prices, and the others being opposed to such a proceeding

FUN AT THE FAIR GROUND.—Yesterday, Thursday afternoon, the first regular races at the Bellefonte Driving Park came off The purse offered was $125 for the first horse, to go in harness, best 3 in 5, to second horse, $50

The next was a scrub race, for a purse of $10 to first, and $5 to second.

The entries for this purse were Runkle's Dixie, Patchell's Patchell, Maj Wilson's Don.

SECOND.

Dixie	2.58

Dixie.	3 52

This ended the trotting, and a WHEELBARROW race for a purse of $13—$9 to first—$4 to second, was the next thing on the programme. The entries for the purse were D. G. Bush, Esq., Dr Stuart of Snow Shoe and Dr. Dobbins of Bellefonte. After considerable wheeling, laughing, fooling, and fun, it was decided that Dr. Stuart came nearest the stake and D. G. Bush, next. The programme ended with a sack race, between two darkies who entered themselves as b. g., Jim Powell and b. s., Jim Washington. Washington won slightly, and the afternoon sport ended.

—The burnt district on Bishop street is being rebuilt

—The barn of Samuel Condo, near Boalsburg, was destroyed by fire on Sunday last, together with his entire corn crop, and a lot of hay and wheat. A valuable mare worth about $200 00 was also consumed, as likewise two buggies, nearly new. There was a small insurance on the building, but none whatever on the stock. We do not know how the fire originated

—The progress of Bellefonte is onward if not upward. The latest enterprise is Dr R D Tipple's Gymnasium, which was opened last evening This is intended to give muscular development to the body, thus overcoming disease and deformity It properly conducted, an institution of this kind in our midst will no doubt be beneficial, and the reputation of Dr Tipple, we think, is sufficient guarantee that it will be conducted with discretion and propriety Pupils will be under the doctor's instructions and every sort of healthful exercise for the body will be provided Connected with the gymnasium, we see by the bills issued, is an "eating house," where warm meals will be served by an old clever friend, George P. Roman, the proprietor, who also has a bowling alley and a shooting gallery So that here is a combination offered for exercise for the body the stomach and the eye. Visit the attractions may be found at *La Belle Resort*, of the big spring. Call and see

PLEASANT RETURNS. Mrs Catherine Lady, consort of Mr Ward accidentally dislocated her knee while working in the yard connected with her boarding house Thursday week

The residence of an Indian doctor at Wauseon, can't be beaten. Some men from a distance offer A 1 at 1 5 at hand, however, it will pay you to go and see

A series of revival services are being held in the Methodist church under the direction of Rev G Gayer. A new church edifice is to be erected by this congregation in the spring

Wesson's dramatic troupe are performing at Bush House

The passenger coach attached to the Clearfield freight train, which has been running between Philipsburg and Clearfield for about two months, will hereafter be run through to Osceola It leaves Clearfield at 7 a m, Philipsburg at 9 30 and arrives at Osceola at 2 00 p m, Philipsburg at 2 30 p m, arriving at Clearfield at 5 45 p. m. A car for the accommodation of passengers has also been attached to the Moshannon coal train, leaving Osceola at 6 10 a m and returning at 7 45 a m, and leaves Osceola in connection with the mail north and returns to connect with the mail south

Mr A Jones is painting a new house There is a scaffold erected before it It fell the other day with two young men upon it, one named Charles Kuster and the other Robert Waters, precipitating them from a twenty-three feet height Happily, Kuster escaped without injury, but Waters struck on his head and shoulders, falling plump into a pail of paint His back was only slightly lamed, but his dry goods were utterly ruined

Mrs Lawrence's bakery caught fire from a stove pipe, which passed through the roof without any protector around it It was extinguished, however, with but little damage, only Mrs Lawrence will have a hole in her roof to fix

John Brown, "stable boss" at the Moshannon Mines, was shot on Thursday night of last week, about eight o'clock He was in a store, lying on the counter, and was shot in the side by some person from the outside A man was arrested, but proving an *alibi*, he was discharged It is thought that Brown will recover

A miner by the name of Joseph Curtis was run over by the cars on Saturday of last week. The train was a special one, and was conveying the wife of Brown to Moshannon, where he was lying wounded. "They were passing a curve, when Curtis was seen lying between the rails with his head resting against one of them, and the engineer whistled down breaks and reversed his engine, but it was too late. The wheels struck his head, crushing the back part of his skull, left shoulder and leg from the thigh to the knee, and breaking his right leg in two places. He lingered in this mangled condition until about six o'clock, when he expired. He was under the influence of liquor at the time of the accident. On Monday his remains were interred in the cemetery in this place.

Strange to mention, in connection with his burial is the fact that some of the funeral party became intoxicated and involved in an embroglio amongst themselves which culminated in a downright fight, during which one took occasion to disfigure the countenance of another by biting off the end of his nose."

—We notice our handsome, genial, and energetic friend, J. Miles Kepheart, on our streets once more. Miles is still connected with the wholesale hat house of Barnes, Brother & Herring in Philadelphia.

COURT PROCLAMATION

Whereas the Hon Charles A Mayer President of the court of Common Pleas, in the 25th Judicial District, consisting of the counties of Centre, Clinton and Clearfield, and the Honorable John Hosterman and the Honorable William Allison, Associate Judges In Centre county, having issued their precept bearing date the 4th day of February, A D 1868 to me directed for holding a court of Oyer and Terminer and General Jail Delivery and Quarter Sessions of the Peace in Bellefonte for the county of Centre and to commence on the 4th Monday of Nov'br next, being the 22d day of Nov'br, 1869, and to continue two weeks

Notice is therefore hereby given to the Coroner, Justice of the Peace, Aldermen and Constables of the said county of Centre, that they be then and there in their proper persons, at 10 o'clock in the forenoon of said day, with their records, inquisitions, examinations and their own remembrances, to do those things which to their office appertain to be done, and those who are bound in recognizances to prosecute against the prisoners that are or shall be in the Jail of Centre county, be then and there to prosecute against them as shall be just

Given under my hand, at Bellefonte the 1st day of August, in the year of our Lord, 1869, and in the ninety-third year of the Independence of the United States D Z KLINE,

PENNSYLVANIA, CENTRE (SEAL.) COUNTY SS

I, J P. THE DEXTER CLOTHES WASHER!

THE BEST WASHING MACHINE IN THE MARKET!

Having purchased the exclusive right to manufacture and sell this superior machine within the counties of Centre, Huntingdon, Clearfield, Union and Clinton, the proprietors would call the attention of the public and

ESPECIALLY THE LADIES,

to its many advantages

It performs the work better, making the clothes a bleached white, and in at least one-forth the time than can be done by hand, because steam and the rapid motion of hot water through the clothes, with the slight rubbing, performs the cleansing process, which could not be done by ever so much rubbing by hand on the common washboard

It does not injure the cloth; it saves it. A child from 12 to 14 years can work it; and operating it is a healthful exercise for the body. It is, beyond a doubt, the most complete labor saving machine for the household ever invented—simple, durable, effective, cheap, and therefore accessible to every family

And also SHERMAN'S PATENT CLOTHES WRINGER, the best in use

These machines are manufactured at the Bellefonte Planing Mill, and all inquiries should be addressed to
