WASHING MACHINES.

DOTY'S WASHING MACHINE.
 LATELY MUCH IMPROVED—AND THE NEW
UNIVERSAL CLOTHES WRINGER.

Improved over Rowell's Patent Double Coe-Wrinker and the Patent Best are now unquestionably far superior to any apparatus for washing clothes ever invented, and will save their coat twice a year, by saving labor and clothes.

Those who have used them give testimony as follows:
 "We like our machine much; could not be persuaded to be without it, and with the aid of Doty, we feel we are masters of the position."
 —R. J. Scott, Bishop of E. Church.
 "It is worth one dollar a week in any family."
 —P. Y. Tribune.

"In the laundry of my house there is a perpetual thanksgiving on Mondays for the invention."
 —Rev. Theodore M. Chamer.
 "Every week has given it a stronger hold upon the affections of the inmates of the laundry."
 —Y. Y. Observer.

"I heartily commend it to economists of time, money, and contentment."
 —Rev. Dr. B. Howe.

"I tried Doty—Your last improvement of your Washing Machine is a complete success. I assure you our Machine, after a year's use is thought more of to-day than ever, and would not be parted with under any circumstances."
 —Solon Robinson.

"Your Washing Machine has been in daily use in our laundry, and the housekeeper exclaims herself highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near as much as the old fashioned washboards. By using it one hindrance is dispensed with."
 —Wm. F. M. Sound, Superintendent of Infant Department of St. Catharine's Nursery, N. Y. City.

"After a constant use of the Universal Clothes Wringer for more than four years in our family I am authorized by the powers that be to give it the most unqualified praise, and to pronounce it an indispensable part of the machinery of householding. Our servants have always been willing to use it and always have liked it."
 —Henry Ward Beecher

"PRICES.—A FAIR OFFER"
 Send the retail price. Washer \$14. Extra Wringer \$20 and we will forward either or both machines free of freight to the place where no one is selling, and as sure as we will be liked, that we agree to refund the money if any one wishes to return the machine free of freight, after a month's trial, according to directions.

No husband, father or brother should permit the drudgery of washing with the hands. Fifty days in the week when the hand is so better, more expeditious, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer.

Customers with their own rights of sale make money by selling these. Agents have sold by dealers generally, to whom liberal discounts are made.

R. C. BROWNING, Gen. Agent,
 14-42 32 Cortland St., New York.

THE DEXTER CLOTHES WASH-ER
THE BEST WASHING MACHINE IN THE MARKET!

Having purchased the exclusive right to manufacture and sell this superior machine within the counties of Centre, Huntingdon, Clearfield, Union and Clinton, the proprietors would call the attention of the public and

SPECIALLY THE LADIES,
 to its many advantages.
 It performs the work better, making the clothes a bleached white, and in at least one-fourth the time than can be done by hand, because steam and the rapid motion of hot water through the clothes with the slight rubbing, performs the cleansing process, which could not be done by ever so much rubbing by hand on the common washboard.

It does not injure the cloth, it saves it. A child from 12 to 14 years can work it, and operating it is a beautiful exercise for the body. It is beyond a doubt, the most complete labor saving machine for the household ever invented—simple, durable, effective, cheap, and therefore accessible to every family.

And also **WETZLER'S PATENT CLOTHES WRINGER,** the best in use.

These machines are manufactured at the Bellefonte Planing Mill, and all inquiries should be addressed to
